The Enneagram Connection

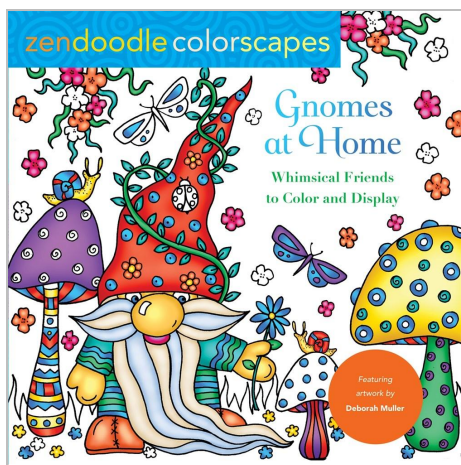

A Journal for Understanding Your Type and Unlocking the Secrets to Personal Growth

Keeley Shaw

Unlock the secrets of the enneagram to discover who you really are.

The enneagram is a psychological profiling tool that assigns each person a number 1-9 based on their answers to a series of questions. Your number is your “type,” and understanding it can help you better understand yourself, your relationships, and how to achieve your goals. It has broad popularity, especially among religious groups that shun astrology and other occult forms of personality typing. This guided journal begins with a simple enneagram quiz that reveals your number, then leads you through a series of prompts designed to help you understand how your type moves through the world, enabling you to improve every aspect of your life.

Keeley Shaw is an artist and enneagram devotee who began to share her work on Instagram (keeleyshawart) in 2019. From her home studio near Louisville, Kentucky, Keeley enjoys creating whimsical, colorful messages that promote self-growth. With a master’s in special education, she is also the author and illustrator of *Tully and Me*, a children’s book about autism and accepting differences. Her 4w5 enneagram recipe for creativity: iced coffee, Air Pods, and a moody playlist.
