Waiting for the Night Song

Julie Carrick Dalton

A beautiful, timely debut novel for fans of Barbara Kingsolver and Where the Crawdads Sing

Cadie Kessler has spent decades trying to cover up one truth. One moment. But deep down, didn’t she always know her secret would surface?

An urgent message from her long-estranged best friend, Daniela Garcia, brings Cadie, now a forestry researcher, back to her childhood home. There, Cadie and Daniela are forced to face a dark secret that ended both their idyllic childhood bond and the magical summer that takes up more space in Cadie’s memory then all her other years combined.

Now grown up, bound by long-held oaths, and faced with truths she does not wish to see, Cadie must decide what she is willing to sacrifice to protect the people and the forest she loves, as drought, foreclosures, and wildfire spark tensions between displaced migrant farm workers and locals.

A startling and timely debut, Waiting for the Night Song is a moving, brilliant novel about friendships forged in childhood magic and ruptured by the high price of secrets that leave you forever changed. It is a love song to the natural beauty around us, a call to fight for what we believe in, and a reminder that the truth will always rise.

Father of Lions

One Man's Remarkable Quest to Save Mosul's Zoo

Louise Callaghan

The Bookseller of Kabul meets The Zookeeper's Wife: an award-winning journalist puts a human face on life under ISIS, told through the prism of the Mosul zoo.

After two and a half years of Isis occupation, and months of fighting between the militants and government forces, the Mosul Zoo was one of the few outdoor attractions still standing in Iraq’s second city, its inhabitants kept alive by Abu Laith, a square-set 50-something mechanic and passionate animal lover.

As the animals began to starve under the siege by advancing Iraqi army forces, Abu Laith, the “Father of Lions” and his protégées and family risked their lives to keep the animals alive.

When liberation finally came, the city and the zoo were both on their last legs. It seemed as if all was lost, until a local former-government scientist, Hakam, saw a message on Facebook about a zoo nearby: a charity in Switzerland wanted to rescue the animals.

Comes the War

Ed Ruggero

Set against the heroism and heartbreak of WW II, former Army officer Ed Ruggero brilliantly captures the timeless stories of ordinary people swept up in extraordinary times

April 1944, the fifty-fifth month of the war in Europe. The entire island of Britain fairly buzzes with the coiled energy of a million men poised to leap the Channel to France, the first, riskiest step in the Allies’ long slog to the heart of Germany and the end of the war.

Lieutenant Eddie Harkins is tasked to investigate the murder of Helen Batcheller, an OSS analyst. Harkins is assigned a British driver, Corporal Pamela Lowell, to aid in his investigation. Lowell is smart, brave and resourceful; like Harkins, she is prone to speak her mind even when it doesn’t help her.

Soon a suspect is arrested and Harkins is ordered to stop digging. Suspicious, he continues his investigation only to find himself trapped in a web of Soviet secrets. As bombs fall, Harkins must solve the murder and reveal the spies before it is too late.

The thrilling start of an action-packed and timely WWII series by a former Army Officer for fans of compelling historical fiction

Set against the heroism and heartbreak of World War II, former Army officer Ed Ruggero brilliantly captures, with grace and authenticity, the evocative and timeless stories of ordinary people swept up in extraordinary times.

Sicily, 1943. Eddie Harkins, former Philadelphia beat cop turned Military Police lieutenant, reluctantly finds himself first at the scene of a murder at the US Army’s 11th Field Hospital. There the nurses contend with heat, dirt, short-handed staffs, the threat of German counterattack, an ever-present flood of horribly wounded GIs, and the threat of assault by one of their own—at least until someone shoots Dr. Myers Stephenson in the head.

With help from nurse Kathleen Donnelly, once a childhood friend and now perhaps something more, it soon becomes clear to Harkins that the unit is rotten to its core. As the battle lines push forward, Harkins is running out of time to find one killer before he can strike again.

THE EAGLE AND THE VIPER

Loren D. Estleman

It’s a time of improvised explosive devices, terrorist training camps, international assassins, and war on civilians. It’s Christmas Eve, 1800.

This much is history: On Christmas Eve, 1800, an “infernal machine” exploded in one of the busiest streets in Paris, France, destroying buildings and killing innocent civilians. It wasn’t the first attempt on the life of Napoleon Bonaparte, First Consul of the newly minted Republic of France.

This much is exclusive to our story: Upon the failure of the Christmas Eve plot, the conspiracy takes a new and more diabolical turn.

Posterity knows what became of Napoleon: He led France into a series of military adventures that ended in his defeat, followed by decades of peace. But this future hung on a precarious thread. One man can make history; another can change it. Part high-octane suspense, part dire warning, this novel reveals how close our world came—at the dawn of a promising new century—to total war.
