## Flash Fire

### *The Extraordinaries, Book Two*

TJ Klune

**The second book in TJ Klune's "uproariously funny" (Sophie Gonzalez) contemporary fantasy trilogy about a queer fanboy with ADHD and the heroes he loves**

*Flash Fire* is the explosive sequel to *The Extraordinaries* by *New York Times* and *USA Today* bestselling author TJ Klune!

Through bravery, charm, and an alarming amount of enthusiasm, Nick landed himself the superhero boyfriend of his dreams. Now instead of just writing stories about him, Nick actually gets to kiss him. On the mouth. A lot. But having a superhero boyfriend isn't everything Nick thought it would be—he's still struggling to make peace with his own lack of extraordinary powers.

When new Extraordinaries begin arriving in Nova City—siblings who can manipulate smoke and ice, a mysterious hero who can move objects with their mind, and a drag queen superhero with the best name and the most-sequined costume *anyone* has *ever* had—it's up to Nick and his friends Seth, Gibby, and Jazz, to determine who is virtuous and who is villainous.

New Extraordinaries aren't the only things coming to light. Long-held secrets and neglected truths are surfacing that challenge everything Nick knows about justice, family, and being extraordinary. Which is a lot to handle when Nick really just wants to finish his self-insert bakery AU fanfic.

Will it all come together in the end or will it all go down in flames?

## Wildbound

Elayne Audrey Becker

**The thrilling follow-up to Elayne Audrey Becker's debut YA epic fantasy, *Forestborn*, full of forest magic and a kingdom on the brink of war.**

With the assassination of Telyan's king, the time for peace has passed.

Determined to make up for his failure to procure the stardust, Helos finds work as a healer at Fendolyn's Keep, the military garrison to which Telyan's exiled royals—and half its civilians—have fled. Racing against the Fallow Throes' ticking clock, he endeavors to repair his relationship with Prince Finley and fight off the gathering shadows in his head, as the base around him prepares for war.

Half a continent away, Helos' sister Rora is doing everything she can to reawaken the land and end Eradain's slaughter of magical beings. Still reeling from the revelation that Eradain's violent monarch is her half-brother, she journeys to the kingdom determined to infiltrate his court in disguise—and finds the seeds of rebellion are already stirring.

With a magical illness running rampant and the continent arming for battle, the three realms' long-feared destruction seems inevitable. But the two shifters they believed would bring about Alemara's ruin may in fact hold the key to its survival.

**TO BE BORN OF THE FOREST IS A GIFT AND A CURSE.**

Rora is a shifter, as magical as all those born in the wilderness—and as feared. She uses her abilities to spy for the king, traveling under different guises and listening for signs of trouble.

When a magical illness surfaces across the kingdom, Rora uncovers a devastating truth: Finley, the young prince and her best friend, has caught it. His only hope is stardust, the rarest of magical elements, found deep in the wilderness where Rora grew up—and to which she swore never to return.

But for her only friend, Rora will face her past and brave the dark, magical wood, journeying with her brother and the obstinate, older prince who insists on coming. Together, they must survive sentient forests and creatures unknown, battling an ever-changing landscape while escaping human pursuers who want them dead. With illness gripping the kingdom and war on the horizon, Finley's is not the only life that hangs in the balance.
