Interview with My Grandma

An Interactive Journal to Investigate Our Family History

Courtney Littler

A guided journal for kids to ask, listen, learn, and record their family history through writing prompts and space to draw pictures, make lists, and more!

This unique journal in the style of a reporter's notebook encourages kids to embrace their inner detective! On one side of each page are thoughtful questions to ask your grandmother and space to write or draw her responses. Then when the interview is over, you can flip the notebook over and explore your own thoughts and ideas about Grandma with activities like making lists, drawing pictures, and recording the memories that make your relationship so special.

Interview questions include:

Q: What was your favorite book when you were my age?

Q: Who is your hero?

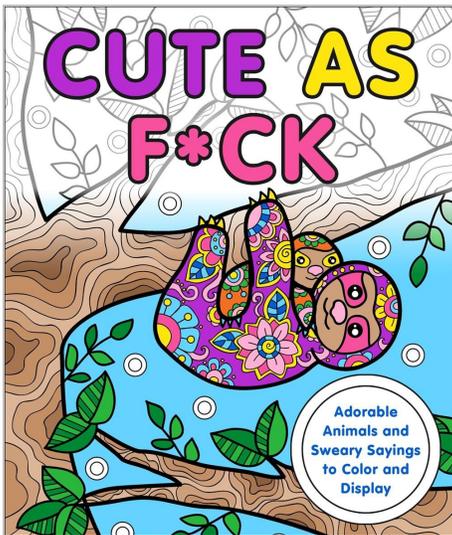

Q: What was it like when I was born?

Activities include:

- Draw a portrait of Grandma from memory.
- What are your top five favorite things to do with Grandma?

With over 100 conversation-starting prompts and plenty of space to spark creativity and curiosity, this journal will help grandmothers and grandchildren create memories to treasure.

COURTNEY LITTLER is a writer and editor based in New York. She earned her bachelor's degree in creative writing from the University of Southern California and her master's degree in English literature from King's College London. When she isn't reading, writing, snacking, or watching baseball, she is probably looking at pictures of blue whales or planning her next trip to Disneyland.

A lifetime of wisdom from a true American patriot

The country is more polarized than it has been for decades, but John McCain is the rare public figure who has earned the respect of colleagues and constituents on both sides of the aisle. Hugs from Obama

America needs a hug from Obama now more than ever, and this beautiful collection of photographs and quotations showcases President Obama's wit, grace, wisdom, and warmth. As you flip through these pages, you'll be transported back to an era when leadership and dignity went hand in hand. Alongside touching images of our 44th president embracing his fellow citizens are some of his most inspirational and timely quotes, such as, "There's not a liberal America and a conservative America – there's the United States of America" and "We're the ones we've been waiting for. We are the change that we seek."

My Little Ikigai Journal

A Journey into the Japanese Secret to Living a Long, Happy, Purpose-Filled Life

Amanda Kudo

A prescriptive and handy guide to the hot new lifestyle trend

Ikigai is a Japanese concept that means “a reason for being,” (the French call it “raison d’être.”) If you make three lists: your values, the things you like to do, and the things you are good at, there is a point at which the three overlap. This is your ikigai.

Everyone, according to Japanese culture, has an ikigai, and staying true to it in everything we do is the secret to a long, happy life. People of retirement age don’t put their feet up in Japan: they continue to pursue their ikigai, which leads to fulfillment and contentment.

This guided journal offers simple questions to help you determine your ikigai, helping you to achieve a purposeful, worthwhile, happy life.

PRAISE

“Essentially, ikigai is the reason you get up in the morning.” —*BBC.com*

“If hygge is the art of doing nothing, ikigai is the art of doing something—and doing it with supreme focus and joy.” —*New York Post*

“Finding your ‘ikigai’ (reason for being) or ‘passion’ will bring about great meaning and satisfaction to your life.” —*Forbes*

Truly Totally Trump

A Collection of Put-Downs, Insults, and Unforgettable Utterances from a President Who Tells It Like It Is

John Ford

A humorous look at President Trump's best insults and comebacks since taking office

Love him or hate him, our 45th president has changed the game on insults, quips, and news-worthy jabs in 140 characters or less. This book puts President Trump's most notable and no-nonsense comebacks, burns, and tweets on display for Trump supporters and dissenters alike.

"Why would Kim Jong-un insult me by calling me 'old,' when I would NEVER call him 'short and fat?' Oh well, I try so hard to be his friend - and maybe someday that will happen!"

—Twitter, November 11, 2017

"So much Fake News is being reported. They don't even try to get it right, or correct it when they are wrong. They promote the Fake Book of a mentally deranged author, who knowingly writes false information. The Mainstream Media is crazed that WE won the election!"

—Twitter, January 13, 2018.

"Crooked Hillary Clinton is the worst (and biggest) loser of all time. She just can't stop, which is so good for the Republican Party. Hillary, get on with your life and give it another try in three years!"

— Twitter, November 18, 2017

"Watched protests yesterday but was under the impression that we just had an election! Why didn't these people vote? Celebs hurt cause badly."

— Twitter, January 22, 2017
