Bullet It! Lists for Living

A Notebook for Charting Your Tasks, Hopes, and Dreams

Nicole Lara

Guided bullet organization and achievements made beautiful!

This new book by *Bullet It!* author/illustrator Nicole Lara gives bullet journalers beautifully illustrated, full-color pages and prompts for recording their “life lists.” The prompts include practical lists, like movies to watch, favorite books, Christmas present ideas, trips they’d like to take, and home decorating ideas, but also personal lists, like the people who make them laugh the most, the things they’re most grateful for, and where they see themselves in 10 years.

NICOLE LARA is a Dominican artist who has been creating beautiful ways to mix her passion for journaling and planning with her artistic skills. She studied architecture in college, but decided to pursue her artistic passions as a self-taught illustrator and doodler after graduating. With her clean line art and intricate doodles, she's inspired thousands of people to start using a notebook and pens to plan their lives and express their creativity.

You Can't Spell Truth Without Ruth

An Unauthorized Collection of Witty & Wise Quotes from the Queen of Supreme, Ruth Bader Ginsburg

Mary Zaia

Speaking the Ruth to America

Ruth Bader Ginsburg became a Supreme Court Justice in 1993, but her popularity has exploded over the last couple of years as she has been adopted as a modern feminist icon. An octogenarian and New York native who has proven that disagreeing does not make one disagreeable, Ginsburg is well-known for her pithy observations as well as her strongly argued dissents. Beloved by many – including her ideological opposition, former Supreme Court Justice Antonin Scalia, who was her dear friend – Ginsburg’s wisdom has never been more relevant or more important to American democracy.

Sample quotes:

“Women belong in all places where decisions are being made...it shouldn’t be that women are the exception.”

“Fight for the things you care about, but do it in a way that will lead others to join you.”

“People ask me sometimes...When will there be enough women on the Court? And I say, ‘When there are nine.’ People are shocked. But there’d been nine men, and nobody’s ever raised a question about that.”

“My mother told me two things constantly. One was to be a lady and the other was to be independent. For most girls growing up in the ‘40s, the most important degree was not your B.A. but your M.R.S.”

“We have the oldest written constitution still in force in the world, and it starts out with three words, ‘We, the people.’”
