True Storm

L.E. Sterling

The highly anticipated conclusion to a high-concept sci-fi series perfect for fans of Moira Young, Alexandra Bracken, or Marie Lu.

If you can't beat them, *change them*.

Lucy's twin sister, Margot, may be safely back with her—but all is not well in Plague-ravaged Dominion City. The Watchers have come out of hiding, spreading chaos and death throughout the city, and suddenly Lucy finds herself under pressure to choose her future: does it lie with her handsome new friend Alastair; her guardian, the enigmatic True Born leader Nolan Storm; or the man who makes her heart trip, her savage True Born bodyguard Jared Price? But while Lucy ponders her path, fate has other plans. Betrayal is a cruel lesson, and the Fox sisters can hardly believe who is behind the plot against them. To survive this deadly game of politics, Lucy is forced to agree to a marriage of convenience. But is the DNA of her will stronger than the forces opposing her? Can she turn the tide against the oncoming storm?

As they say in Dominion, can rogue genes ever have a happy ending?

L.E. Sterling had an early obsession with sci-fi, fantasy and romance to which she remained faithful even through an M.A. in Creative Writing and a PhD in English Literature - where she completed a thesis on magical representation. She is the author of cult hit Y/A novel *The Originals* (under pen name L.E. Vollick) and the urban fantasy *Pluto's Gate*. Originally hailing from Parry Sound, Ontario, L.E. spent most of her summers roaming across Canada in a van - inspiring her writing career.

Spies, Lies, and Allies: A Love Story

Lisa Brown Roberts

Signature humor and heart-pounding romance meet *Pride and Prejudice* in Lisa Brown Roberts's latest romantic comedy.

High school senior Laurel Kristoff doesn't want to spend her summer working for her father at his evil empire, but if she doesn't, he's yanking her future college tuition.

Once on the job, Laurel is thrown for a loop when she's assigned as personal assistant (AKA corporate spy) to an arrogant crop of college interns competing for her dad's approval, and the grand prize.

As her summer spins out of control, Laurel struggles to pacify the crazy guy running the internship, convince the interns she's not a spoiled daddy's girl, and track down the real corporate spy leaking secret company data on social media.

All while trying not to fall for the charms of one particular intern who's determined to win the competition...and her.

Lisa Brown Roberts still hasn't recovered from the teenage trauma of nearly tweezing off both eyebrows and having to pencil them in for an entire school year. This and other angst-filled memories inspire her to write YA books about navigating life's painful and funny dramas, and falling in love along the way. She lives in Colorado in a house full of books, boys, four-legged prima donnas, and lots of laughter.

Bring Me Their Hearts

Sara Wolf

A lush, unique new fantasy trilogy about a girl tasked with stealing the prince's heart...literally, from the *New York Times* bestselling author of the *Lovely Vicious* series.

Zera is a Heartless – the immortal, unaging soldier of a witch. Bound to the witch Nightsinger ever since she saved her from the bandits who murdered her family, Zera longs for freedom from the woods they hide in. With her heart in a jar under Nightsinger's control, she serves the witch unquestioningly.

Until Nightsinger asks Zera for a Prince's heart in exchange for her own, with one addendum; if she's discovered infiltrating the court, Nightsinger will destroy her heart rather than see her tortured by the witch-hating nobles.

Crown Prince Lucien d'Malvane hates the royal court as much as it loves him – every tutor too afraid to correct him and every girl jockeying for a place at his darkly handsome side. No one can challenge him – until the arrival of Lady Zera. She's inelegant, smart-mouthed, carefree, and out for his blood. The Prince's honor has him quickly aiming for her throat.

So begins a game of cat and mouse between a girl with nothing to lose and a boy who has it all.

Winner takes the loser's heart.

Literally.

PRAISE

"Sara Wolf's novel is like a genius combination of TWILIGHT and ELLA ENCHANTED, with a little bit of THE HUNGER GAMES, as well. Zera's wit and spunky personality make for a likable protagonist you'll be rooting for to the very end... Perfect for fans of Kiera Cass, Victoria Aveyard, and Sarah J. Maas, BRING ME THEIR HEARTS is the first book in a trilogy, and the cliffhanger ending will leave you begging for the second (and third) installment." - Emily Day, Day's YA

"Captivating and unique! Sara Wolf has created a world quite unlike one I've ever read in *Bring Me Their Hearts*. Readers will fall in love with Zera, the girl with no heart who some..."

Sara Wolf is a writer, Sox fan, wine girl, and author of the *Lovely Vicious* series. She lives in San Diego, California, where she burns instead of tans. When she isn't pouring her allotted life force into writing, she's reading, accidentally burning houses down whilst baking, or making faces at her highly appreciative cat. <http://sarawolfbooks.blogspot.com/>

Star-Crossed

Pintip Dunn

Literary, fast-paced, and endlessly romantic, this star-crossed-lovers tale of a princess and the boy chosen as fit to die for the king is perfect for fans of *Illuminae*.

In a world where nutrition can be transferred via a pill, and society is split into Eaters and Non-Eaters, seventeen-year-old princess Vela has a grave dilemma. Her father, the king, is dying, and only a transplant of organs from a healthy Non-Eater boy will save him.

Vela is tasked with choosing a boy fit to die for the king, which is impossible enough. But then Carr, the boy she's loved all her life, emerges as the best candidate in the Fittest Trials. And he's determined to win, because by doing so, he can save the life of his Non-Eater sister.

Refusing to accept losing the boy she loves, Vela bends the rules and cheats. But when someone begins to sabotage the Fittest Trials, Vela must reevaluate her own integrity—and learn the true sacrifice of becoming a ruler.

PRAISE

"With a prose as incandescent as a nebula, and a romance that blazes like the sun, *Star-Crossed* utterly consumed me from the very first page. Readers will savor this riveting, emotional tale of hope and supreme sacrifice. Forbidden fruit never tasted so bittersweet!" —Darcy Woods, award-winning author of *Summer of Supernovas*

Pintip Dunn is a *New York Times* bestselling author of YA fiction. She graduated from Harvard University and received her J.D. at Yale Law School. Pintip's debut novel, *FORGET TOMORROW*, won the RWA RITA® for Best First Book. *THE DARKEST LIE* was nominated for a Romantic Times Reviewers' Choice Award. Her other books include *REMEMBER YESTERDAY*, the novella *BEFORE TOMORROW*, *SEIZE TODAY*, and *GIRL ON THE VERGE*.

Black Bird of the Gallows

Meg Kassel

A dark psychological romance perfect for fans of Holly Black or Maggie Stiefvater, whose yet to be published sequel won the Golden Heart® for Best Young Adult Romance.

A simple but forgotten truth: Where harbingers of death appear, the morgues will soon be full. Harbingers settle in places where tragedy is about to strike, then feed on the energy of the dying. Then, they leave. Off to the next doomed place. No one wants a family of harbingers of death as neighbors, but that's exactly what seventeen-year-old Angie Dovage gets when Reece Fernandez moves in next door.

Angie knows the mysterious boy is more than he appears, but can't imagine that his presence heralds a massive tragedy that will soon devastate the region. She has more to worry about than Reece's inevitable departure, because where harbingers of death go, the Beekeepers follow. Their sting turns sane people crazy, kind people into killers. Where Beekeepers go, people die. Quite horribly, in fact. Their love of chaos makes a disaster that much harder to survive, and they are stinging at will, causing a sudden epidemic of violence in her quiet mining town.

Angie wants to protect everyone she cares about, but stopping the Beekeepers involves a choice that will claim her life or Reece's soul. She's about to learn the price of both.

Debut author Meg Kassel is a New Jersey native who graduated from Parson's School of Design and worked as a graphic designer before embracing her true passion. She lives in Maine with her family. A fan of '80s cartoons, Netflix, and ancient mythology, Meg has always been inspired by the fantastic and creepy. When she's not writing, Meg is reading and hanging out with her family. She is a two-time finalist and the 2016 winner of the RWA Golden Heart© contest in YA.

RETURN POLICY

We accept returns for credit of books purchased directly from us. Returns must be unmarked and in saleable condition. Returns must be shipped prepaid to the following address:

MPS RETURNS CENTER
14301 Litchfield Road
Orange, VA 22960

Each shipment of returns must be accompanied by an accurate packing list showing customer claim number, ISBN, and quantity (by title) of all books included in the shipment. Returns will be credited at the average discount received by the customer on purchases of that class of books from Macmillan during the first 11 months of the prior calendar year.

The deadline for returns of a title is 90 days after our official out-of-print date for that title. Our full returns policy for trade books is printed on the back of our invoices, as is our returns policy for other types of books. The policies are also available upon request.
