## Storybound

Emily McKay

### What if your ultimate “book boyfriend” was real?

Dezi has lived in nine towns in the past six years. She knows her mom feels bad about it, but she doesn't mind. Who wants friends, anyway?

All she's ever needed are her books. She's lived a thousand lives, had adventures she couldn't even begin to imagine. To Dezi, the places she discovered between the pages of a book are as real as the world she lives in.

When she walks into her favorite bookstore, the last thing she expects is to walk out onto the pages of the kingdom of Mithres...or that the book boyfriend she's loved more than life, Kane the Traveler, really exists. And he has no clue the fate that awaits him in book five...

Now that she knows the truth, she has a chance to save Kane. But if she changes the story, will she ever find her way home?

Emily McKay is life-long fan of books, pop-culture and anything geeky. She has a black belt in Tae Kwon Do and baking cookies. She lives in Austin, Texas with her husband, kids, two mildly-psychoic dogs, two very nervous cats, and nineteen chickens. When she's not baking or reading, she writes books full of heart and snark.

## Always a Bridesmaid

Cindi Madsen

**Wedding cakes never tasted sweeter in *USA Today* bestselling author Cindi Madsen's small-town rom-com full of laugh-out-loud moments.**

Violet's been a bridesmaid more times than she can count, but she's okay with that. She's the unconventional, hippie-artist type, and that doesn't usually pair well with being anyone's one-and-only. But when her current boyfriend hightails it out of town with her car instead of rescuing her from a hurricane, she decides it's finally time for Violet 2.0. She'll help her very pregnant sister run her bakery in the tiny town of Uncertainty, and swear off hot guys with too much charm for good.

Firefighter Ford Maguire loves his job on the search-and-rescue team, but lately he's been restless. Now that his two best friends are marrying each other, he wonders if it's time to give up the adrenaline-junkie life and settle down, too. When a 911 call brings him to the local town bakery and he meets the eccentric new baker-turned-accidental-arsonist, he's intrigued. When he discovers Violet is a forever bridesmaid, he enlists her help in his role as the bride's best man.

Violet isn't sure what came over her when she agreed to help Ford be a bridesdude. He's the exact type of charming she isn't looking for. But with each wedding task, she falls for him a little bit more. And worries he'll break her heart without breaking a sweat.

*USA Today* bestselling author Cindi Madsen sits at her computer every chance she gets, plotting, revising, and falling in love with her characters. She loves music, dancing, and wishes summer lasted all year long. She lives in Colorado (where summer is most definitely NOT all year long) with her husband and three children. Cindi is the author of more than fifteen novels for young adults, new adults, and adults. [www.cindimadsen.com](http://www.cindimadsen.com)

## Wild Cowboy Nights: a Foolproof Love collection

Katee Robert

From *New York Times* and *USA TODAY* bestselling author Katee Robert comes a series full of sexy cowboys, and memories you'll never forget.

Enjoy three stories in one with the sizzling hot Foolproof Love series!

**Foolproof Love:** Bull rider Adam Meyer put Devil's Falls in his rearview mirror years ago and hasn't stopped running since. Now he's back—temporarily, if he has any say about it. Restless, he finds himself kissing the sexiest girl in town...and agreeing to be the fake boyfriend in her little revenge scheme.

**Fool Me Once:** Aubry Kaiser doesn't like people—actually, that's not right. She loathes people. With her crippling anxiety, there's no way she can demo her favorite video game at a convention with five thousand other people. Maybe if she brings someone to act as a shield... But the only person available is the sexy cowboy she can't stand.

**A Fool For You:** It's been thirteen years since Hope Moore left Devil's Falls, land of sexy cowboys and bad memories. Back for the weekend, she has no intention of seeing the man she never got over...or the two of them getting down and dirty. It's just a belated goodbye, right? No harm, no foul. Until six weeks later, when her pregnancy test comes back positive...

*New York Times* and *USA TODAY* bestselling author Katee Robert learned to tell her stories at her grandpa's knee. RT Book Reviews named her title, *The Marriage Contract*, "a compulsively readable book with just the right amount of suspense and tension." When not writing sexy contemporary and romantic suspense, she spends her time playing imaginary games with her children, driving her husband batty with what-if questions, and planning for the inevitable zombie apocalypse.

## Asking for Trouble

Amy Andrews

**Who better to play wingman to a girl getting her groove back than a smoking-hot cowboy? Find out in the third book in the Credence, Colorado series.**

After two years in Credence trying to fade into the background, Della Munroe is sick of being invisible. She's ready to take back control. To live a little. Hell, she's ready to see what all this dating fuss is about. And if that means she has to download Tinder and date every guy in Colorado, then she's up for it.

After her first disastrous attempt, she decides navigating online dating would be better with a wingman, and there's no better person for it than Tucker Daniels. After all, he is a man. And he owns a bar, which practically makes him a relationship expert. He's also her older brother's best friend. Yes, she may have the teeniest tiniest inconvenient crush on him, but he's always had her back.

Tucker Daniels would rather eat broken glass than watch Della get her groove back with a bunch of douchebag dudes only out for one thing. Unfortunately, he's never been able to say no to her and, before he knows it, Tucker's not only vetting her dates—he's teaching her to drive, helping her move out, and puppy shopping with her.

But when Della wants him to tutor her in more intimate arts, he freaks out. Because this little sister is strictly off limits, and saying yes to Della is asking for a whole lot of trouble.

Amy is an award-winning, *USA Today* best-selling Aussie author who has written sixty plus contemporary romances in both the traditional and digital markets. She's sold two million books and been translated into over a dozen languages. amyandrews.com.au

## Her Aussie Roommate

Stefanie London

***The Holiday meets Property Brothers in this head over heels romantic comedy full of humor and heart, with a charming Aussie setting.***

Cora Cabot's life is falling apart—her parents are having a very messy, very public divorce, her fiancée has dumped her and it turns everything she thought about love is wrong. Best way to deal with it? Avoid commitment at all costs. When her Australian friend announces she's secured an internship in NYC, Cora has a brilliant idea: house swap! There's only one problem, her friend's house is currently undergoing renovations and there's an insanely sexy contractor living on-site. This is not good for Cora's need for peaceful reflection or her decisions to forget about men. But, on the upside, he looks great shirtless and he knows how to deal with the Australian wildlife.

This isn't the first time Trent Walters has rescued someone from a big, hairy spider. But the natural born charmer has bigger problems on his hands than creepy-crawlies—he's supposed to be renovating his sister's newly-purchased home on the outskirts of Patterson's Bluff. But instead he's too busy showing the sexy American everything she needs to know to 'survive' an Aussie summer. Cora has made it clear she's given up on commitment, but a temporary fling is exactly Trent's cup of tea. Why would he want more, when the last woman he proposed to pawned her ring and left the country?

Growing up in Australia, Stefanie London came from a family of women who loved to read. After sneaking several literature subjects into her "very practical" Business degree, she got a job in Communications. When writing emails didn't fulfill her creative urges, she turned to fiction and was finally able to write the stories that kept her mind busy at night. Now she lives with her very own hero in Canada and dreams of traveling the world. <http://stefanie-london.com>.

## The Blood King

Abigail Owen

**A modern-day *Game of Thrones* meets JR Ward's *Black Dagger Brotherhood* in the second sizzling romance from paranormal author Abigail Owen.**

Ladon Ormarr fought long and hard to take his throne. As the “Blood King,” Ladon’s ruthless reputation might quell challenges within the blue dragon clan, but not impending war with the old kings who rule the other clans. What he needs is a miracle. Or a phoenix. And Skylar Amon has dropped right into his lap.

More accurately, barged into his mountain.

Skylar is brash, deliberately offensive, and despises dragon shifters. Her first and only priority is to protect her sisters from the rotting red dragon king out to steal their souls...which means she's going to have to marry the frustrating, temptingly dangerous Ladon. An alliance she'll tolerate—temporarily. No one said she has to stick around when it's all over.

What she doesn't expect is an inconvenient, intense physical connection and growing respect for a man she should hate. The very man who claims to only want her for what she brings his throne. Until Skylar is taken...and Ladon realizes he'd burn down the world to bring her home.

Paranormal romance author Abigail Owen grew up consuming books and exploring the world through her writing. No matter the genre, she loves to write feisty heroines, sexy heroes who deserve them, and a cast of lovable characters to surround them. Several of Abigail's books have won, placed, or finished in multiple contests. Abigail loves every part of the publishing journey and considers herself lucky to be living out her dream every day. ## Wrong Brother, Best Man

Avery Flynn

**Bestselling author Avery Flynn will have you laughing out loud with this fun, steamy take on the wedding genre!**

I can't believe I have to go home to Nebraska for my sister's wedding. I'm gonna need a wingman and a whole lot of vodka for this level of family interaction. At least my bestie agreed he'd man up and help. Too bad he had to catch a different flight than me. Then, his plane got delayed. And finally—because bad things always happen in threes—instead of my best friend, his evil twin walks out of the airport.

If you looked up doesn't-deserve-to-be-that-confident, way-too-hot-for-his-own-good billionaire in the dictionary, you'd find a picture of Grady Holt. He's awful. Horrible. The worst—even if his butt looks phenomenal in those jeans. Ten times worse? I told my family I was bringing my *boyfriend* with me...

Now I have to spend the week pretending to be madly in love with the big jerk. Ugh, and share a bedroom. It's only gonna be a week. I can last that long without killing him or blowing my cover. Maybe. A whisper of a prayer. Oh God, this week just might kill me or I might kill him—either way, this is not going to end well.

Avery Flynn is a *USA Today* and *Wall Street Journal* bestselling romance author. She has three slightly wild children, loves a hockey-addicted husband, and is desperately hoping someone invents the coffee IV drip. She loves to write about smart-ass alpha heroes who are as good with a quip as they are with their \*ahem\* other God-given talents. Her heroines are feisty, fierce, and fantastic. At Entangled Publishing, we believe authors who write great books should receive a majority of the profits. We also believe authors interested in the lucrative indie publishing model shouldn't have to sacrifice quality editing, commercial covers, or the power of a New York-style marketing machine. That's where we come in. Founded by industry-savvy authors, Entangled Publishing utilizes a bold new business model to bridge the gap between traditional and indie publishing, giving our authors the best of both worlds. We implement the agency model across all departments at Entangled, which means everyone from the copy editor to the marketing director has a financial stake in your book. In other words, we don't make money unless you make money.
