A dangerous High Savant will do anything to control the nine realms.
A mysterious and deadly Mar race will steal children into the sea.
And a handsome guide with far too many secrets will make me fall in love.

In the Penalty Box

Lynn Rush & Kelly Anne Blount

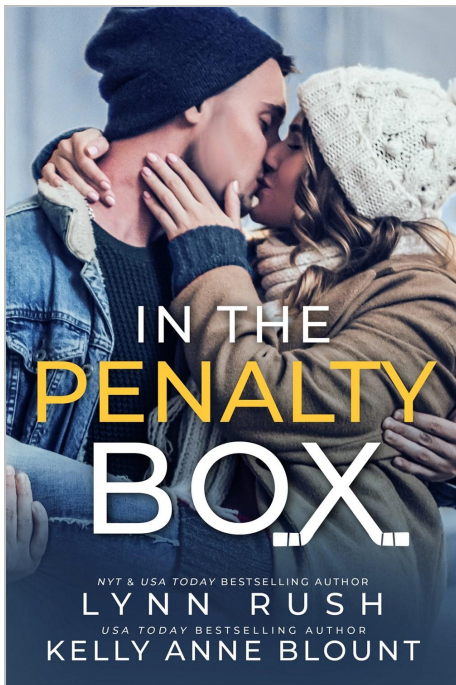

The Cutting Edge meets *Friday Night Lights* in a sizzling new hockey romance from bestselling authors Kelly Anne Blount and Lynn Rush.

Willow Covington has conquered every obstacle thrown at her to become one of the best figure skaters in the nation, until a devastating injury shatters her Olympic dreams. Instead of hanging up her skates, she switches to hockey; blocking shots and slapping the puck around takes her love of the ice to a whole new level, and suddenly she has a new goal—earning a hockey scholarship to Boston College. If only the team, especially the super talented (and, okay, hot) Brodie Windom, wasn't so frigid toward her...

Hockey sensation Brodie Windom has one goal for his senior year: to win the state tournament, which would secure a spot on the famed Boston College hockey team. His eyes are on the prize and there's no room for distractions—until figure skater Willow Covington joins the team and throws him off his game...

The Abduction

Vanessa Barneveld

An exciting new voice in paranormal romance, Vanessa Barneveld's *The Abduction* is a supernatural thrill ride.

It's Cassidy Chambers's senior year, and she's never felt more helpless. Her mom is MIA, Dad can't deal, and a strange exhaustion is causing her to fall asleep in class. It's like she's falling apart.

And then there's Hayden, the cute new boy in school—who weirdly can't seem to keep his eyes off her.

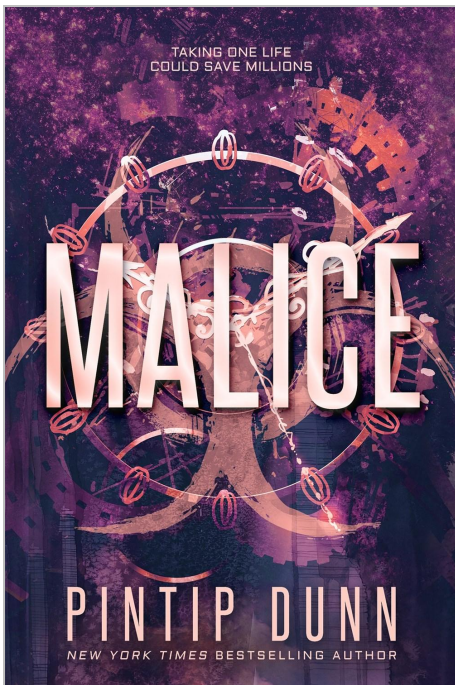

But when Hayden approaches her, claiming the two of them have been routinely abducted by aliens since childhood, that's when things hit a whole new level of strange. Because she'd remember something like that.

Right?

Slowly, Cassidy starts to realize there are blocks of time she can't account for. And when she begins having horrible nightmares—which match Hayden's stories—she realizes she might have to put her trust in Hayden to have any hope of uncovering the truth.

But it turns out the abductions are just the beginning...and it isn't only their freedom on the line. It's their lives.

Vanessa Barneveld is also the author of *This Is Your Afterlife*; *Live Fast, Die Young*; and *The Tweetest Thing*. She is a three-time finalist in the RWA Golden Heart Award. She lives in a nineteenth-century house in inner-city Sydney, Australia, with a twenty-first-century husband, two eccentric cats, and one ghost—all of whom provide inspiration for her spirited novels. Pintip Dunn

***Dead Zone* meets *Sixth Sense* when a girl learns that a boy in her class will one day launch World War III. Can she kill his still-innocent self today in order to save millions of lives tomorrow?**

Could you kill an innocent life today to save millions in the future?

Seventeen-year-old Alice has spent her entire life in the shadows of her charismatic twin brother. And she's utterly content to stay there, as not taking risks means that she doesn't get hurt. Until the day a strange voice appears in her mind, demanding that she approach Bandit, the cute Thai boy in her physics class—and kiss him. Never mind that she's never spoken a word to him before.

Compelled by the excruciating pain in her head, Alice reluctantly obeys. But submitting to the voice sets off a series of bizarre demands, tasks that don't seem to follow any rhyme or reason. Determined to figure out who the voice is and what it wants, Alice hurtles into a dangerous investigation into the tangled link between the future and the present.

What she discovers shakes her to the core. Twenty years from now, a boy from her class will launch World War III, and it is up to Alice to stop him. Problem is, she doesn't know his identity. And even if she can figure out who he is, will she be able to take the biggest gamble of all: killing his still-innocent self today in order to save millions of lives in the future?

Just Between Us

Kassy Tayler

Topical, controversial, and with a unique, compelling voice, Kassy Tayler's story of a boy taking the stand to testify for having an affair with his teacher will have everyone talking.

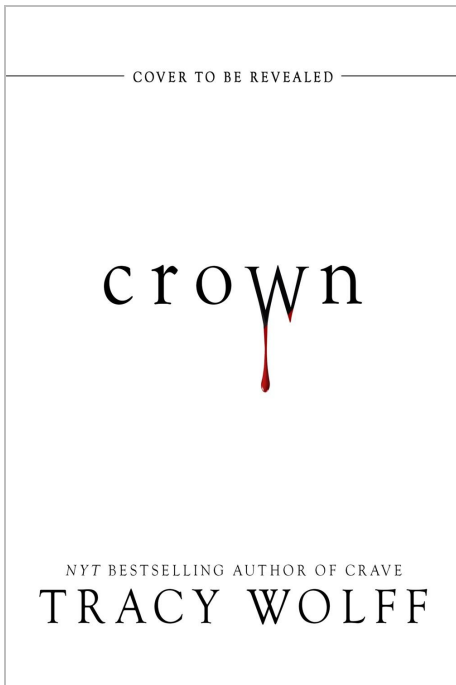

Camden Fitzgerald has spent his entire life trying to live up to his father's expectations, but he always falls short. At least junior-year English is interesting, especially since he thinks he might want to be a writer instead of a professional football player, and because the new English teacher is totally hot.

Don't look at her, don't look at her, don't look at her. I haven't seen her since she got arrested. I try not to look and I don't want anyone in the courtroom to know I'm looking. Instead I look down at the silk tie I got for homecoming but let my eyes dart back up and hope that my hair hides where I'm looking. She looks a lot older than I remember. She's only twenty-eight but now she looks forty.

Mrs. Anderson thinks he's wonderful just the way he is...but when a line is crossed, there's no going back. Is Camden in way over his head?

She's staring at me. Like she's trying to tell me something. But we got caught doing it. There's no way I can lie my way out of that. Her douchebag of a husband sits behind her. Asshole. If he hadn't been such a jerk, hitting her and always telling her what a loser she is, then she wouldn't have needed me. No matter how many ways they spin it, I was not the victim. I knew exactly what I was doing. I take a deep breath and remember the first time I met Mrs. Anderson... Monica. It's time for me to tell my side of the story.

Kassy Tayler has always been a writer. Since the beginning of her memories, her biggest desire has been to put words to paper. Now she is living her dream and has several published novels to her credit in multiple genres. She's been married for several years to the man of her dreams and they have raised two exceptional sons. Tayler lives within the shadow of Pilot Mountain in North Carolina where she helps with animal rescue through her local humane society. <http://kassytayler.com>

New York Times and *USA Today* bestselling author Tracy Wolff wrote her first short story—something with a rainbow and a prince—in second grade. By ten, she'd read everything in the young adult and classics sections of her local bookstore. Helen Hardt

Fans of the 50 Shades trilogy won't be able to wait to return to the Follow Me erotic romance series by #1 *NY Times* bestselling author Helen Hardt.

The more famous Skye becomes in her new career as an Instagram influencer, the less she feels capable of influencing anyone. Braden's refusal to level with her about his past doesn't help, either. Still, she can't resist him in the darkness of the bedroom, and she finds solace in losing the last shreds of her control. Will Braden take her as far as she yearns to go?

#1 *New York Times*, #1 *USA Today*, and #1 *Wall Street Journal* bestselling author Helen Hardt's passion for the written word began with the books her mother read to her at bedtime. Great And Precious Things

Rebecca Yarros

Fresh off the success of Yarros's *The Last Letter*, this is a gripping and heart-wrenching stand-alone novel that explores issues of family, humanity, and faith.

Three brothers went to war. Two came home.

Seven years after burying his little brother, Sullivan, Camden Daniels returns to Alba, Colorado, and the father who still blames him for Sullivan's death on the days he can remember who Camden is. On the days he can't, the town remembers plenty, and even a decade of military service can't erase the reputation Camden earned in Alba.

Willow Bradley grew up tagging along with the Daniels boys, until she lost her heart to the wrong one. When Camden returns unexpectedly, her carefully buried feelings reawaken in the heart their town believes should still belong to Sullivan.

But early-onset Alzheimer's is robbing Camden's father of time, and Cam finds himself fighting another war, this time against his other living brother. As Camden struggles to battle for his father's wishes, the town takes sides, challenging family loyalties and the past they thought they knew. And giving in to his feelings for Willow could destroy what little support Cam has in town and cost his father what choices he has left.

Great and Precious Things is about free will, from the labels we're given in our youth, to the power we claim in defining ourselves, and how far we're willing to go on behalf of those who lose it.

PRAISE

Rebecca Yarros is a hopeless romantic and a lover of all things coffee and chocolate. She is the author of the award-winning *Flight & Glory* series, *The Renegades*, and *The Last Letter*. She loves military heroes, and has been blissfully married to her Apache pilot for seventeen years.

The Things We Leave Unfinished

Rebecca Yarros

A new heart-wrenching novel from bestselling author Rebecca Yarros that examines the risks we take for love, the scars too deep to heal, and the endings we can't bring ourselves to see coming.

Twenty-eight-year-old Georgia Stanton has to start over. Having survived a brutal marriage, she gave almost everything—the New York house, the friends, and her pride—to her ex, simply to speed along the brutal and public divorce. She may have been raised by arguably one of the greatest writers of the twentieth century, Scarlett Stanton, but it turns out that love in the real world is nothing like her grandmother's novels.

After moving home to her tiny Colorado town in search of peace and quiet, she discovers her mother had found Scarlett's final, unpublished manuscript amid a box of old letters, and sent it to her eager publisher. Her very *unfinished* manuscript. The catch? The publisher can only finish and publish the manuscript if Georgia agrees.

As Georgia reads her grandmother's words in both the manuscript and the box of letters, she starts to realize why Scarlett never finished the book—it's based on her real-life World War II romance with Jameson, an American pilot volunteering in the Eagle Squadron of the RAF, and the ending isn't the happy one her readers had come to expect.

The more Georgia falls into the letters, the more she understands the dynamic woman who raised her. But is Scarlett's tragedy keeping Georgia's own shattered heart from healing? From trusting a happily ever after in her own life?

Rebecca Yarros is a hopeless romantic and a lover of all things coffee and chocolate. She is the author of the award-winning Flight & Glory series, The Renegades, and *The Last Letter*. “The poet is a liar who always speaks the truth.” -Jean Cocteau

Some call him friend or boss.
Some call him husband or dad.
Some call him son, even a favorite son.

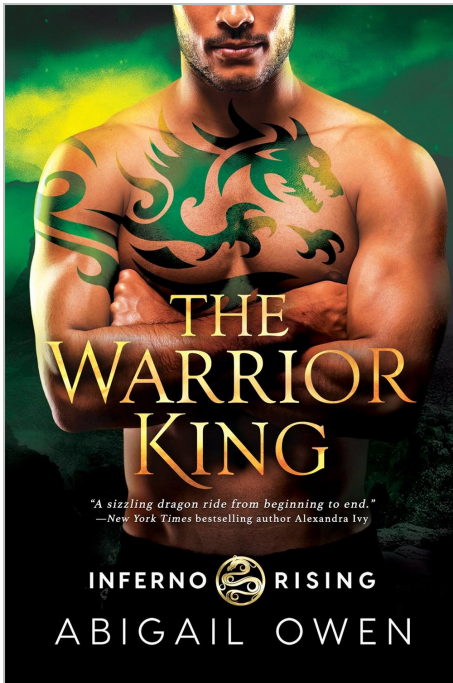

But the only title that matters to him is the one the media has given him: The Poet.

A name he earned from the written words he leaves behind after he kills that are as dark and mysterious as the reason he chooses his victims.

One word, two, three, a story in a poem, a secret that only Detective Samantha Jazz can solve. Because he’s writing this story for her.

She just doesn’t know it yet.

New York Times and *USA Today* bestselling author Lisa Renee Jones is the author of the highly acclaimed Inside Out series, as well as the Tall, Dark and Deadly series and The Secret Life of Amy Bensen series. Back in the Burbs

Avery Flynn

A brand-new, laugh-out-loud rom-com from USA Today bestselling author Avery Flynn, asking the age-old question: Can a single woman ever find love and live life to the fullest in the 'burbs?

Welcome to Huckleberry Hills, where the grass must be clipped to two and a half inches, all the front doors are painted soft sage or blue chiffon, and the neighbors always want to know what's going on behind everyone else's six-foot privacy fence—and thanks to an anonymous neighborhood app filled with all the latest gossip, everyone does...

What happens when your too-sexy-for-his-own-good contractor from hell ends up being your next door neighbor and his dog decides that you're his person and that breaking into your house is part of the hound dog code? Sure, I consider dognapping until Mr. Have Hammer Won't Show Up fixes my gutted kitchen, but I'm not that evil of a person. It's not my fault Schmoopy keeps sneaking into my house and sleeping at the foot of my bed. It's just too bad that the sweet love muffin's owner is such a total ass. The cold, hard fact is I need to have the renovations finished in one month or forfeit the house I won in a contest. That's why I keep finding reasons to help out in the renovation, not because I want to keep looking at his fine ass in those well-worn jeans. And the kiss? Obviously, a side effect of all the paint fumes because he's the worst, just the absolute worst—something he proves all too well when I find out that if I lose the house, he wins it. There's no way his uber talented hands or sweet kisses are going to make me forgive him for that.

Avery Flynn is a *USA Today* and *Wall Street Journal* bestselling romance author. She has three slightly-wild children, loves a hockey-addicted husband and is desperately hoping someone invents the coffee IV drip. She was a reader before she was a writer and hopes to always be both.

Wishing for a Cowboy

Victoria James

NYT bestseller Victoria James is back with another heartwarming read. What happens when a woman shows up on his doorstep with a cowboy's baby all grown up?

Full-time bartender, part-time cowboy, Aiden Rivers has been running his family's town landmark, River's Saloon since he was of legal age. But growing up in Wishing River, Montana, also meant he could help run the family ranch. He's put his rough years behind him and vowed to never fall in love and lose his head over a woman again; he's still holding onto the emotional and physical scar from a bad decision over a decade ago. He's content with life...until a beautiful stranger shows up on his doorstep one winter's night with a twelve-year-old boy who looks exactly like him...

Janie Adams needs a lifeline. She's used to taking care of herself and her nephew, Andrew, but between her veterinary school bills and the cost of raising a kid, she's out of luck and money. When she texts her sister for help, her sister tells her to ask Aiden Rivers for money-since he's the baby's father. Janie has no choice and makes the drive to Montana, hoping that Aiden Rivers is more responsible than her sister. Aiden opens his home and ranch to both of them and for the first time in a long time, Janie thinks she and Andrew might have a chance at their dreams coming true. Janie knows the feelings between them are mutual but Aiden is holding back and when her sister comes back to town claiming she wants a second chance, their bond and the little family they're building is tested....

Pine Creek Courtship

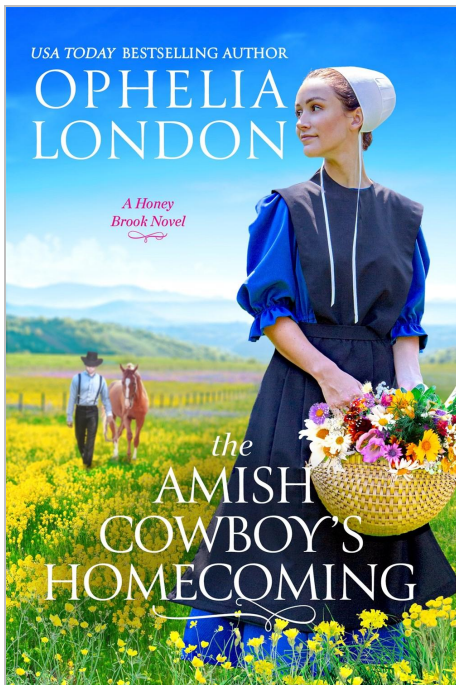

Amity Hope

An exciting new voice in Amish romance, Amity Hope brings a new take to the fake relationship with her sweet Amish courtship tale.

Sadie Zook is determined to take over her family's maple syrup business and raise her younger siblings after their father's death. Aunt Esther isn't convinced Sadie is up to the task, so she's arranged for Sadie to marry Pine Creek's most notorious bachelor. He's disrespectful. He's *old*. And he's not the right fit for Sadie at *all*.

Definitely NOT Pine Creek's most notorious bachelor, Levi Bontrager has loved his friend Sadie for as long as he can remember. But after accidentally spreading a rumor about her years ago, their friendship has never been the same. When he overhears Esther's plans, he steps in, claiming that Sadie is not free to wed anyone else because he's courting her. Reluctant to marry a man she could never love, Sadie goes along with Levi's scheme. Levi knows that this might be his one chance to win back Sadie's trust. And, if he's lucky, he just might win her love.

Amity lives in beautiful northern Minnesota with her two sons, two cats and their Rottweiler. She has a degree in elementary education and worked in that field for ten years before deciding to write. If she's not writing, or spending time with her boys, she's most likely reading.

The Amish Cowboy's Homecoming

Ophelia London

What happens when a feisty female horse whisperer butts heads with a traditional male wrangler within the quiet Amish community of Honey Brook?

Grace Zook has always held a fascination and love for horses, ever since she was a child growing up in her quaint Amish village of Honey Brook, Pennsylvania. Now, as an adult, she's become a master at training and finally has the opportunity to train a purebred Morgan, thanks to a rich Englisher with a horse-breeding business. Everything depends on her success if she wants to finally start her own training service and contribute to her family's well-being in a significant way. But Grace's father has different plans...

When John Zook asks widower Isaac King to come to his farm to break and train a VIP stallion for a client, Isaac jumps at the chance to finally make a name for himself and to provide in a significant way for his six-year-old daughter. But not only is Honey Brook a new Amish community with different rules and traditions than his home in Silver Springs, he immediately butts heads with John's hardheaded, though religiously pious daughter, Grace, who has drastically different ideas about how to handle a horse. Yet somehow, he can't seem to get Grace out of his mind. His success and future with his daughter depends on this job, though, and the last thing Isaac needs is to fall for the boss's daughter.

USA Today bestselling author Ophelia London was born and raised among the redwood trees in beautiful northern California. Once she was fully educated, she decided to settle in Florida, but her car broke down in Texas and she's lived in Dallas ever since. Ophelia is the author of many sweet romances for adults and teens. Highland Warrior

Heather McCollum

Waging war with a highlander never felt so good in this second installment of the Sons of Sinclair historical romance series.

Joshua Sinclair, second brother of the mighty Sinclair clan of Northern Scotland, has been raised by his father to love war above all else. Frustrated with the way his older brother, the new chief, is bringing peace to the land, he strikes out on his own as a mercenary on Orkney Island and spends months helping a powerful Norse chief beat back threats to his rule.

Kristin Muir, the daughter of a fallen Viking chief, is determined to help her exiled people survive and grow in number on the northern isle. As a young widow in her broken clan, she must find a man to help her start the next generation of warriors by getting her with child. When she watches the massive Sinclair warrior defeat four thieves bent on taking his life, she chooses him.

Joshua doesn't question his good fortune when the beautiful warrior woman brings him back to a cottage sitting on the windswept land. Stormbound for days, they come together in explosive passion. But he's furious when she disappears as soon as the storm dies out. When he arrives back at the Norse Chief's castle to find Kristin a prisoner, being forced to wed the man who killed her father and stole their clan castle, his strategies put Kristin's people and her very life at risk. Joshua begins to question the need for war and the basis of his entire life.

Heather McCollum is an award winning, historical paranormal romance writer. She earned her B.A. in Biology and was a 2009 Golden Heart Finalist. When she is not creating vibrant characters & magical adventures on the page, she is roaring her own battle cry in the war against ovarian cancer.
