The Lost Girl & Can You Keep a Secret?

R. L. Stine

If Michael doesn't find out soon, he could find himself confronting a new and terrifying mystery—how to stay alive on Fear Street.

In *Can You Keep a Secret?*, Eddie and Emma are high school sweethearts looking for some luck. When they discover a bag of money in the woods and their friends get involved, there's only one way this disagreement can end—with death.

The Memory of Things

A Novel

Gae Polisner

The powerful story of two teenagers finding friendship, comfort, and first love in the days following 9/11 as their fractured city tries to put itself back together

On the morning of September 11, 2001, sixteen-year-old Kyle Donohue watches the first twin tower come down from the window of Stuyvesant High School. Moments later, terrified and fleeing home to safety across the Brooklyn Bridge, he stumbles across a girl perched in the shadows. She is covered in ash and wearing a pair of costume wings. With his mother and sister in California and unable to reach his father, a New York City detective likely on his way to the disaster, Kyle makes the split-second decision to bring the girl home. What follows is their story, told in alternating points of view, as Kyle tries to unravel the mystery of the girl so he can return her to her family. But what if the girl has forgotten everything, even her own name? And what if the more Kyle gets to know her, the less he wants her to go home? *The Memory of Things* tells a stunning story of friendship and first love and of carrying on with our day-to-day living in the midst of world-changing tragedy and unforgettable pain—it tells a story of hope.

PRAISE

The Possibility of Somewhere

Julia Day

An emotional and poignant young adult romance debut!

Ash Gupta is having an amazing senior year, hanging out with his tight circle of friends and cranking out the grades his wealthy, immigrant Asian-Indian parents expect. A model student in every way, Ash is on track to earn every school honor there is... except one. It looks as if valedictorian will go to the anti-social, foul-mouthed girl who has been a thorn in his side throughout high school, and that's just not a part of Ash's—or his parents'—plan.

Eden Moore's biggest goal is to escape the poverty that haunts her family. When she's not babysitting a special needs boy, managing the high school website, or attending classes, she's studying her ass off. Her perfect GPA should be enough to win her the class valedictorian title, and with it, an endorsement for the full-ride Peyton Scholarship. Eden's sure this is her chance to get out of her dead-end town and her trailer-park life for good, until she discovers that the arrogant, rich Ash also wants the title and the scholarship that will come along with it—for the *prestige*.

To both of their surprise, when Eden and Ash are forced to work together on a school project, sparks fly. As they spend more time together, antagonism changes to romance. They start a secret relationship, even though they're on opposite sides of nearly every social hierarchy their friends and families can imagine—race, class, social status.

Can they put all that behind them and start something real?

JULIA DAY lives in North Carolina, halfway between the beaches and the mountains. She has two twenty-something daughters and one geeky old husband. When she's not writing software or stories, Julia enjoys traveling with her family, watching dance reality shows on TV, and dreaming about which restaurant ought to get her business that night. *The Possibility of Somewhere* is her debut YA contemporary romance.

The Boy Who Killed Grant Parker

A Novel

Kat Spears

From the critically-acclaimed author of *Sway* and *Breakaway*, comes a high stakes contemporary story of a city teen who moves to a small town and finds himself head to head with the local bully.

Luke Grayson's life might as well be over when he's forced to live in rural Tennessee with his Baptist pastor father. His reputation as a troublemaker has followed him there, and as an outsider, Luke is automatically under suspicion by everyone from the principal at his new school to the local police chief. His social life is no better. The new kid in town is an easy target for Grant Parker, the local golden boy with a violent streak who has the entire community of Ashland under his thumb.

But things go topsy-turvy when a freak accident removes Grant from the top of the social pyramid, replacing him with Luke. This fish out of water has suddenly gone from social outcast to hero in a matter of twenty-four hours. For the students who have lived in fear of Grant all their lives, this is a welcome change. But Luke's newfound fame comes with a price. Nobody knows the truth about what really happened to Grant Parker except for Luke, and the longer he keeps living the lie, the more like Grant Parker he becomes.

PRAISE

"A painfully honest and powerful depiction of the changing nature of friendships in the face of hardship and an exploration of what it means 'to be human and alive.'" —*Booklist* (Starred Review) on *Breakaway*

"A compelling debut told with swagger and real depth." —*Kirkus* (Starred Review) on *Sway*

"There's not a single canned emotion to be found; each boy's pain is visceral and true to his character. Readers will be hard-pressed to find a more realistic portrait of friends finding themselves while losing one another. A rare study of growing pains that gives equal weight to humor and hardship." —*Kirkus Reviews* (Starred Review) on *Breakaway*

War Dogs: Tales of Canine Heroism, History, and Love

Tales of Canine Heroism, History, and Love

Rebecca Frankel

A compelling look at the important role that dogs have played in America's most recent military conflicts, replete with touching stories of individual dogs and their handlers/soldiers.

In *War Dogs*, Rebecca Frankel offers a riveting mix of on-the-ground reporting her own hands-on experiences in the military working dog world, and a look at the science of dogs' special abilities—from their amazing noses and powerful jaws to their enormous sensitivity to the emotions of their human companions. Her narrative gives us insight into the world of dogs in combat and the touching aspect of the relationship between soldiers and their dogs.

Frankel explores the long, rich history of dogs in the US military, from the spirit-lifting mascots of the Civil War to the dogs still leading patrols hunting for IEDs today. Frankel not only interviewed handlers who deployed with dogs in wars from Vietnam to Iraq, but top military commanders, K-9 program managers, combat-trained therapists who brought dogs into war zones as part of a preemptive measure to stave off PTSD, and veterinary technicians stationed in Bagram. She makes a passionate case for maintaining a robust war-dog force.

In this special edition adapted specifically for a younger audience, Rebecca Frankel gives further insight into her work as a journalist and how it led her to explore the world of dogs and their handlers. With a compelling cast of humans and animals, this moving book is a must read for all dog lovers.

PRAISE

Breakaway

A Novel

Kat Spears

From Kat Spears, author of *Sway*, comes a new novel that asks the question: when a group of four best friends begins to drift apart, what will it take to bring them back together?

When Jason Marshall's younger sister passes away, he knows he can count on his three best friends and soccer teammates—Mario, Jordie, and Chick—to be there for him. With a grief-crippled mother and a father who's not in the picture, he needs them more than ever. But when Mario starts hanging out with a rough group of friends and Jordie finally lands the girl of his dreams, Jason is left to fend for himself while maintaining a strained relationship with troubled and quiet Chick.

Then Jason meets Raine, a girl he thinks is out of his league but who sees him for everything he wants to be, and he finds himself pulled between building a healthy and stable relationship with a girl he might be falling in love with, grieving for his sister, and trying to hold onto the friendships he has always relied on.

When the Moon Was Ours

Anna-Marie McLemore

From the author of *The Weight of Feathers* comes a young adult novel about a girl hiding the truth, a boy with secrets from his past, and four sisters who could ruin them both.

Anna-Marie McLemore's debut novel *The Weight of Feathers* was greeted with rave reviews, a YALSA Morris Award nomination, and spots on multiple "Best YA Novels" lists. Now, McLemore delivers a second stunning and utterly romantic novel, again tinged with magic.

To everyone who knows them, best friends Miel and Sam are as strange as they are inseparable. Roses grow out of Miel's wrist, and rumors say that she spilled out of a water tower when she was five. Sam is known for the moons he paints and hangs in the trees and for how little anyone knows about his life before he and his mother moved to town. But as odd as everyone considers Miel and Sam, even they stay away from the Bonner girls, four beautiful sisters rumored to be witches. Now they want the roses that grow from Miel's skin, convinced that their scent can make anyone fall in love. And they're willing to use every secret Miel has fought to protect to make sure she gives them up.

Atmospheric, dynamic, and packed with gorgeous prose, *When the Moon was Ours* is another winner from this talented author.

PRAISE

How to Keep a Boy from Kissing You

Tara Eglington

When Aurora is cast in her high school's production of *Much Ado about Nothing*, she must avoid having her first kiss with Hayden, her co-star, next door neighbor, and the bane of her existence.

Sweet sixteen and never been kissed—and that's the way Aurora Skye wants it to be. She's too busy finding guys for her two best friends, counseling her sensitive New Age dad (the NAD), and dealing with the unexpected return of her long-absent mom.

But always in the background there's Hayden Paris, the boy next door, the bane of Aurora's existence. Smart, funny, and always around to see her at her worst, he 'gets' her like no-one else... and that's what makes him so infuriating.

When Aurora and Hayden are coerced into the lead roles in the school production of *Much Ado About Nothing*, things can only get worse. How is Aurora going to save her first kiss for the secret admirer who wooed her with poetry and a spectacular bunch of flowers on Valentine's Day if she doesn't know who he is and she's obligated to lock lips with Hayden in the play's final dramatic clinch?

From talented debut YA author Tara Eglington, this is a page-turning, funny and delicious romp of a book.

College Application – check

Date the wrong guy and ruin everything you've spent your whole life working for – check

Ultra-high-achiever Viviana Rabinovich-Lowe has always had a plan—and no room to be anything less than perfect. But her quest for perfection comes to a screeching halt when her boyfriend leaks racy pictures of her to the entire school. Making matters worse, her parents are getting divorced and now her perfect family is falling apart. For the first time, Viv feels like a complete and utter failure.

Then she gets a job working at the community pool, where she meets a new group of friends who know nothing about her past. That includes Evan, a gorgeous guy who makes her want to do something she never thought she'd do again: trust. For the first time in her life, Viv realizes she can finally be whoever she wants. But who is that? While she tries to figure it out, she learns something they never covered in her AP courses: that it's okay to be less than perfect, because it's our imperfections that make us who we are.

The Infinity of You & Me

J. Q. Coyle

What if every life-altering choice you made could split your world into infinite worlds?

Almost fifteen, Alicia is smart and funny with a deep connection to the poet Sylvia Plath, but she's ultimately failing at life. With a laundry list of diagnoses, she hallucinates different worlds—strange, decaying, otherworldly yet undeniably real worlds that are completely unlike her own with her single mom and one true friend. In one particularly vivid hallucination, Alicia is drawn to a boy her own age named Jax who's trapped in a dying universe. Days later, her long-lost father shows up at her birthday party, telling her that the hallucinations aren't hallucinations, but real worlds; she and Jax are bound by a strange past and intertwining present. This leads her on a journey to find out who she is while trying to save the people and worlds she loves. J.Q. Coyle's *The Infinity of You & Me* is a wild ride through unruly hearts and vivid worlds guaranteed to captivate.

Corrupted*A Rosato & DiNunzio Novel*

Lisa Scottoline

From the *New York Times* bestselling author comes the much-anticipated third book in the Rosato & DiNunzio thriller series.

Bennie Rosato, the founder of the Rosato & DiNunzio law firm, hides her big heart beneath her tough-as-nails exterior and she doesn't like to fail. Now, a case from her past shows her how differently things might have turned out. Thirteen years ago, Bennie Rosato took on Jason Lefkavick, a twelve-year-old boy who was sent to a juvenile detention center after fighting a class bully. Bennie couldn't free Jason, and to this day it's the case that haunts her. Jason has grown up in and out of juvenile prison, and his adulthood hasn't been any easier. Bennie no longer represents those accused of murder, but when Jason is indicted for killing the same bully he fought with as a kid, she sees no choice but to represent him. She doesn't know whether or not to believe his claims of innocence, but she knows she owes him for past failures—of the law, of the juvenile justice system, and of herself. Forced to relive the darkest period of her life, Bennie will do everything in her power to get the truth and justice.

Modern Dog Parenting

Raising Your Dog or Puppy to Be a Loving Member of Your Family

Sarah Hodgson

A fun and accessible manual for all dog parents who want to train their dog with a focus on parenting rather than dominating.

Tails are wagging with anticipation. Why? Because dogs (and the people who love them) are tired of the school of dominant, top-dog training. They are looking for a new kind of pack leader: someone funny, enthusiastic, intuitive, approachable, and, above all, effective. And they've found her. Sarah Hodgson rejects dominance-based training and gets astonishing results with a blend of wit, compassion, energy and proven skills. She communicates instructions clearly, directs behavior compassionately, and rewards success lavishly. Her students—both two- and four-legged—feel valued, confident, connected, and smart. She's the dog mommy everyone wishes they had.

Dogs are very similar to humans in many ways. By several behavioral measures, a dog's mental abilities are equivalent to those of a 2 to 3½ year old human child. Dogs are able to learn between 165 to 250 words, count up to 5, and understand basic arithmetic. They can form abstract concepts and categorize complex color photographs. Dogs can imitate human behaviors; domestic dogs are unusually skilled at reading human social and communicative behavior. They also have a sense of fairness.

Doesn't it make sense to treat these sensitive, intelligent creatures a bit more like children? Kids—and dogs—raised with kindness and respect grow up happy. And happy is good. *Modern Dog Parenting* will show readers that yes, you can love your dog and live with him too.

PRAISE

"A wonderful primer for new dog or puppy owners. The book will also help current dog owners appreciate and understand their dog better and interact most favorably with their furry friend. Think *Dogs 101* and you're right on track with what this book will mean to those who strive for a better relationship with their dog and want to create a friend for life. I give it two paws up!"—Dr. Nicholas H. Dodman, Director of the Animal Behavior Clinic at the Cummings School of Veterinary Medicine and author of *Pets on the Couch*

A 30-year dog training veteran, Sarah Hodgson is an Associate Certified Dog Behavior Consultant with the IAABC, and her positive training methods are endorsed by the American Veterinarian Medical Association, the American Humane Society, the American Society for the Prevention of Cruelty to Animals, and the American Veterinary Society of Animal Behavior among others. She is a Huffington Post blogger and author of twelve dog training books. WhenDogsTalk.com.

The Heart Healers

The Misfits, Mavericks, and Rebels Who Created the Greatest Medical Breakthrough of Our Lives

James Forrester, M.D.

"A stunning survey of cardiology's 'Golden Age' and the 'misfits' who made it so... It's a book of marvels." —Publishers Weekly, Starred Review

At one time, heart disease was a death sentence because no one believed that operations on the heart were possible, but on Sept. 7, 1895, Ludwig Rehn successfully sutured the heart of a living man who had received a knife wound to the chest and the world of medicine was turned on its head. In *The Heart Healers*, world renowned cardiologist Dr. James Forrester tells the story of the medical mavericks who defied the wisdom of the day to begin conquering heart disease: In 1929, Dr. Werner Forssman inserted a cardiac catheter in his own arm and forced the x-ray technician on duty to take a photo as he successfully threaded it down the vein into his own heart...and lived. On D-Day, June 6, 1944, another momentous event occurred far from the Normandy beaches: Dr. Dwight Harken sutured the shrapnel-injured heart of a young soldier, saving his life and the term "cardiac surgeon" born. This is just part of the story that James Forrester chronicles in *The Heart Healers*, a history of science as compelling as any thriller, peopled with visionaries who took risks with their own lives and the lives of others to heal the most elemental of human organs—the heart.

How Can I Get Better?

An Action Plan for Treating Resistant Lyme and Chronic Disease

Richard I. Horowitz, M.D.

From one of the country's foremost doctors and now *New York Times* bestselling author comes a step-by-step plan for diagnosing, treating and healing Lyme and other chronic diseases.

Since its release in the fall of 2013, Dr. Horowitz's groundbreaking text on Lyme and chronic disease *Why Can't I Get Better?* has been an extraordinary success, with more than 20,000 copies sold across formats to date and a media platform that is increasing every day. Now, in this new handbook, Dr. Horowitz takes the incredible research and patient stories behind his comprehensive first text and focuses it into a direct, actionable step-by-step plan for implementing his 16 MSIDS Diagnostic Map in the treatment of Lyme and Multiple Systemic Infectious Disease Syndrome. This new handbook will also dovetail nicely with an app Dr. Horowitz is developing and which will release at the same time. The ongoing debate over Lyme disease as a chronic illness has made it difficult for sufferers to find appropriate care, as they are often misdiagnosed with Chronic Fatigue Syndrome, Fibromyalgia, Multiple Sclerosis, an auto-immune disorder, or, even worse, a psychiatric condition; this specific and accessible new text will guide doctors and patients alike through the process of treating Lyme.

In a field where the number of cases is growing each year, reaching epidemic proportions, and answers remain elusive, Horowitz has made extraordinary progress. This book is an all-in-one source for patients of Lyme and other chronic illnesses to identify their own symptoms and work with their doctors for the best possible treatment outcome.

PRAISE

"Horowitz is one of the most prominent 'Lyme literate' physicians...patients wait for months to see him, and several told me that he had essentially cured them of a disease that nobody else seemed able to treat."—*The New Yorker* on *Why Can't I Get Better*

"This synopsis not only provides a treasure trove of information about Lyme disease to patients and health care providers, it also offers a glimmer of hope for anyone suffering from chronic illness."—*Publishers Weekly* on *Why Can't I Get Better*

RICHARD I. HOROWITZ is a board-certified MD specializing in Internal Medicine. He and his wife, Lee, founded the Hudson Valley Healing Arts Center in Hyde Park, New York, which has treated over 12,000 patients for tick-borne diseases over the past twenty-six years. Dr. Horowitz is known for his pioneering work with Lyme disease and is recognized to be one of the country's foremost experts on chronic illness.

Bliss

A Novel

Shay Mitchell and Michaela Blaney

A fun, sexy novel about following your bliss into wonderful and terrible places, written by ABC Family star Shay Mitchell and her best friend.

Sophia Marcus, 21, has mapped out every aspect of her glamorous life as a Hollywood actor on her vision board. But her life right now in Toronto is anything but exciting. Attending fruitless auditions during the day and working at a club at night, Sophia is starting to feel like she's going nowhere...slowly.

Demi Michaels, Sophia's best friend, didn't go to college. Short of ideas for her own future, she puts her energy into building the perfect relationship with an older man. And when that relationship crashes and burns, Demi is left to pick up the pieces.

Sophia's friend (and Demi's frenemy) Leandra Hunting doesn't give a crap about hard work or a loving relationship. She has other plans for her future. After college graduation, Leandra sets out to travel the world in the yachts, planes and limos of ridiculously wealthy men. Will any of them be able to show her what love really means—if she can take off her Chanel sunglasses long enough to see it?

Set in the exotic, intoxicating worlds of Hollywood, Thailand, and London, *Bliss* paints a relatable portrait of life in your early twenties with equal parts optimism and fear, hope and disappointment, expectation and reality. It's the Age of Uncertainty, but, if you're lucky enough to have one truly great friend, you can survive just about anything.

Fear of Dying

A Novel

Erica Jong

The iconic, bestselling author delivers her first book in ten years—and the sequel to the groundbreaking novel, *Fear of Flying*.

Four decades ago, Erica Jong revolutionized the way we look at love, marriage, and sex. Her world-wide bestseller, *Fear of Flying*, opened the doors for writers from Jennifer Weiner to Lena Dunham. Now she does it again by giving us powerful, new perspective on the next phase of women's lives. Full of the sly humor, deep wisdom, and poignancy we know from her poetry, fiction, and essays, she delivers the novel women everywhere have been waiting for...

FEAR OF DYING

As the afternoon of life looms over Vanessa Wonderman, she watches her parents age, attends doctor appointments with her pregnant daughter, and sits by the hospital bed of her husband, Asher, fifteen years her senior. With her best years as an actress behind her, she's discovering that beginnings are easy, but endings can be hard.

Could her fountain of youth fantasies be fulfilled on zipless.com? A site inspired by the writings of her best friend, Isadora Wing, it promises “no strings attached” encounters—and Vanessa is so restless that she's willing to try anything.

Fear of Dying is a daring and delightful look at what it really takes to be human and female in the 21st century. Wildly funny and searingly honest, it is a story for everyone who has ever been shaken and changed by love.

PRAISE

“How Erica is able to deal with all these sensitive issues and still make the book funny is amazing. I loved reading it.” —Woody Allen

“Flashy, flip, and hilarious as well as smart and wise...Jong is a beacon for several generations of readers, and her first novel in more than a decade will garner much excitement.” —*Booklist* (starred review)

ERICA JONG is a poet, novelist, and essayist, best known for her eight *New York Times* bestselling novels, including *Fear of Flying* (which has sold twenty-six million copies in more than forty languages) and *Fear of Fifty*. Warp

A Novel

Lev Grossman

From #1 *NYT* bestselling author Lev Grossman, this is the reissue of his debut novel *Warp* with a new foreword written by Lev. It's a fascinating post-college coming-of-age story.

Hollis lives in an area not too far from where he graduated from college. His friends do, too. They all sleep late, talk about jobs they might get, girls they might date, money their parents might send them. In other words, their lives are seemingly on hold. Everything is going to happen. But despite the day-to-day boredom, Hollis has something to bolster him: Another reality is constantly running through his head, and it's one that leads him to the conclusion that maybe, just maybe, it's time to get serious.

Greatly exceeding typical tales of post-graduation angst, #1 *New York Times* bestselling author Lev Grossman has written a lucid and immediate novel of what and where a twenty-something's mind is when it isn't even made up yet.

PRAISE

"This gripping novel draws on the conventions of contemporary and classic fantasy novels in order to upend them . . . an unexpectedly moving coming-of-age story." —*The New Yorker*

"The best urban fantasy in years." —*A.V. Club*

"The *Magicians* is to *Harry Potter* as a shot of Irish whiskey is to a glass of weak tea. . . . Hogwarts was never like this." —George R.R. Martin

"Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy." —Joe Hill

LEV GROSSMAN, the award-winning and #1 *NYT* bestselling author of the *Magicians* trilogy, was born in 1969, and attended Harvard and Yale. He has been the *Time* Magazine book critic since 2002 and he lives in Brooklyn, New York, with his family.

The Beltway Bible

A Totally Serious A-Z Guide To Our No-Good, Corrupt, Incompetent, Terrible, Depressing, and Sometimes Hilarious Government

Eliot Nelson

Every American's owner's manual for Washington D.C., our functionally dysfunctional seat of government.

How is legislation crafted? How do you lose an election? What do “bundler,” “quorum call” and “omnibus” mean? Why do some of the White House's most important meetings occur at an outpost of Caribou Coffee? Why should you want to have a Jumbo Slice at 3:00 AM on any given early morning, if you are an ambitious staffer on The Hill? What, exactly, is a “skintern?” Eliot Nelson, one of Washington's funniest and most admired young journalists, knows how the sausage factory works and his new book, *The Beltway Bible*, is every American's must-have owner's manual to the high and low points of our esteemed government. Arranged from A-Z, *The Beltway Bible* will look at politics and government from an insider's perch breaking the bureaucracy into easily-digested entries on fundamental subjects like how legislation is formed, the scope of the president's power and an overview of primary federal agencies. Eliot also looks at those less-well-known power structures in D.C. that trade in buffoonery and shenanigans: the internal pecking order of White House aides, the high school cafeteria power struggles inside the president's cabinet and the petty congressional arguments over how highway on-ramps are named. *The Beltway Bible* makes our complex government accessible in a way that will please everyone from Jon Stewart to John Doe. Eliot Nelson's *The Beltway Bible* is tailor-made for Election 2016.

PRAISE

“[My] favorite bit of writing almost every day.” —MSNBC's Chris Hayes

“Nelson's newsletter...is among the most biting, trenchant, and ultimately truthful humor being written.” —*Washingtonian Magazine*

“One of the hidden jewels of political writing--especially political writing that tries to be funny; it actually succeeds.” —Mark Leibovich of *The New York Times* and author of *This Town*

“There are a lot of places to get political commentary online, but few of them are this reliably, consistently, and bitingly hilarious.” —*The Daily Dot*

ELIOT NELSON is a political reporter and editor at *The Huffington Post*'s Washington, D.C. bureau where he covers campaigns, Congress, and the intersection of culture and politics. He is the author of *HuffPost Hill*, a daily humorous political tip sheet with over 250,000 subscribers both inside and outside the Beltway. Born and raised in New York City, he lives in Washington, D.C.

ST. MARTIN'S GRIFFIN

SEPTEMBER 2016

RFK Jr.

Robert F. Kennedy, Jr. and the Dark Side of the Dream

Jerry Oppenheimer

From *New York Times* bestselling author Jerry Oppenheimer comes a sensational biography of the son of the legendary Senator and troubled standard bearer of America's most fabled political dynasty.

Robert F. Kennedy Jr. inherited his assassinated father's piercing blue eyes and Brahmin style, earning a reputation as the nation's foremost environmental activist and lawyer—the “toxic avenger”—battling corporate polluters. But in this, the most revelatory portrait ever of a Kennedy, Oppenheimer places Bobby Jr., leader of the third generation of America's royal family, under a journalistic microscope, exploring his compulsions and addictions - from his use of drugs to his philandering that he himself blamed on what he termed his “lust demons,” and tells the shocking behind-the-scenes story of the curious events leading to the tragic May 2012 suicide of his second of his three wives, mother of four of his six children. If his late cousin JFK Jr. was once dubbed “Prince Charming,” RFK Jr. might have earned the sobriquet, “The Big Bad Wolf.”

Based on scores of exclusive, candid on-the-record interviews, public and private records, and correspondence, Jerry Oppenheimer paints a balanced, objective, but often shocking portrait of this virtually unaccounted for scion of the Kennedy dynasty. Like his slain father, the iconic senator and presidential hopeful, RFK Jr. was destined for political greatness. Why it never happened is revealed in this first-ever biography of him.

PRAISE

“A bombshell unauthorized biography tells the haunting past that kept Kennedy from following in his father's footsteps.” —*New York Daily News*

“Jerry Oppenheimer delves into Bobby's upbringing — or lack thereof — to understand why the scion of our greatest political family has never accomplished much. Oppenheimer contrasts Bobby's upbringing to that of John F. Kennedy Jr.” —*The New York Post*

“A harrowing tell-all biography of one of the political dynasty's most controversial members . . . highly readable.” —*Toronto Star*

JERRY OPPENHEIMER is the *New York Times* bestselling author of *Crazy Rich: Power, Scandal, and Tragedy Inside the Johnson & Johnson Dynasty*, as well as unauthorized biographies of Hillary and Bill Clinton, Anna Wintour, Rock Hudson, Martha Stewart, Barbara Walters, Ethel Kennedy, Jerry Seinfeld, and the Hilton family. He has also worked in several different capacities as a journalist, including as an investigative reporter and a producer of television news programs and documentaries.

Keegan Allen

A rich visual and literary tour of the international star's personal experiences, observations, travels, passions and aspirations

Keegan Allen is the international breakout star of ABC Family's hit television series, *Pretty Little Liars*. A gifted photographer and writer—and a dazzling film, television, and stage actor now counting millions of fans across the globe—Keegan Allen brings tremendous talent and energy to his first publishing project. Keegan tells a unique story with his photographs. On one hand, the book is a beautifully candid view into the glamour and timelessness of Hollywood, a mysterious yet wildly alluring place. On the other hand, it is a blissfully unassuming portrait of ordinary life—the unknown young woman gazing dreamily from the balcony of her hotel room, or the old woman who walks the same street every morning in her pink bathrobe, just to stop and talk to a passerby.

Through his own stunning photography and captivating prose and poetry, *life.love.beauty* chronicles the author's life growing up just off the Sunset Strip, coming into his own as a young aspiring actor, looking for love and understanding, negotiating the seductions and disappointments of Hollywood, landing a plum role in a hit television series, encountering and embracing his fans, traveling the globe to promote his work, and striving to stay connected to his closest friends and loved ones.

A truly gifted photographer and writer since childhood, Keegan Allen's self-described "passion project" will be a tremendously thoughtful, poignant photographic journal of his life thus far. Keegan has several upcoming starring roles, including the fifth season of *Pretty Little Liars*, and two feature films directed by James Franco.

Endzone

The Rise, Fall, and Return of Michigan Football

John U. Bacon

The rise and fall of Michigan football by *New York Times* bestselling author, John U. Bacon.

An instant *New York Times* bestseller, *Endzone* tells the story of how college football's most successful, richest and respected program almost lost all three in less than a decade—and entirely of its own doing. It is a story of hubris, greed, and betrayal—a tale more suited to Wall Street than the world's top public university.

Author John U. Bacon takes you inside the offices, the board rooms and the locker rooms of the University of Michigan to see what happened, and why—with countless eye-opening, head-shaking scenes of conflict and conquest.

But *Endzone* is also an inspiring story of redemption and revival. When those who loved Michigan football the most recognized it was being attacked from within, they rallied to reclaim the values that made it great for over a century—values that went deeper than dollars. The list of heroes includes players, students, lettermen, fans, and faculty—and the leaders who had the courage to listen to them.

Their unprecedented uprising produced a new athletic director, and a new coach—the hottest in the land—who vindicated the fans' faith when he turned down more money and fame to return to the place he loved most: Michigan. Complete with new material on the incredible 2015 season, *Endzone* is a gripping look inside a major college football program.

PRAISE

“No person is more qualified to tell the story of the milestones and missteps in Michigan’s football programs than John Bacon, who has the sources, relationships and storytelling mastery to pull back the curtain at an institution where the curtain is thick. *Endzone* provides a fascinating view into a powerful and successful program that, for a while, lost its way.” —Joe Schad, ESPN College Football Insider

“John Bacon has fast become the preeminent documentarian of all things Michigan football and this is just the latest in a long line of must-read material.” —Rich Eisen, Lead Host, NFL Network, author, *Total Access*

JOHN U. BACON has written for *The Wall Street Journal*, *Time* magazine, *The New York Times*, and *ESPN Magazine*, among other publications, earning national honors. He is the author of seven books on sports and business, including the *New York Times* bestsellers, *Three and Out* and *Fourth and Long*. Bacon is also a popular public speaker.

Salt has been an essential dining element since the invention of the kitchen table. But today, specialty salts come in a vast variety of forms and flavors. Smokey salts, salts infused with clay or charcoal, herby and spicy salts, salt with extra umami or a hint of sugar are being added to many recipes, to layer more flavor, and not simply to enhance the flavors already there. It's a feast for the tongue, and colorful salts also add visual interest to dishes, and the varying textures add crunch.

But how do you decide which to buy—and how do you get the most out of them once you've brought them back home to your kitchen? *Salt* will show you how to choose and how use them in simple, delicious recipes for every meal of the day. You will learn how to cook, cure, and bake with them. Plus, you'll find a market guide that describes the different types of specialty and infused salts, discover ways to cook with salt blocks, and even how to organize your own salt tasting at home. More than 100 mouthwatering recipes—plus nearly 50 varieties of infused salts—with beautiful, full-color photography will help you transform this classic, humble ingredient into a star seasoning.

A Good Family

A Novel

Erik Fasnacht

“A read-alike for both Jennifer Weiner and Jonathan Franzen for the way it so convincingly melds domestic drama, suburban angst, and beautifully descriptive writing.” —*Booklist*, starred review

Named a Best Book of 2015 by *Chicago Book Review* and a Best Chicagoland Novel by *Gapers Block!*

A rich, ambitious first novel of a Midwestern family buffeted by change, *A Good Family* is perfect for book-group discussions. Hard-charging Chicago sales executive Henry Brunson has long been the center around which his family revolves. But with his career in jeopardy and his youth behind him, Henry turns away from the Brunson home in Downers Grove, Illinois, for the shadowy nightclubs in Chicago's Viagra Triangle. His wife, Julie, struggles to reclaim her life apart from the magnetic man she married. Charlie, the golden-boy first son, returns from service in Afghanistan angry, damaged, and uncertain of his place in the world. And Barkley, the bumbling younger son, interviews for his first teaching job at a forbidding Catholic high school.

When Henry's health abruptly declines, he tries to return to the home and life he dominated, but Julie, Charlie, and Barkley no longer need him. In the end, each one will arrive at a new understanding of what family can—and cannot—be. Unusually assured and perceptive, combining narrative drive with humor, insight, and powerful family dynamics, *A Good Family* is a memorable debut by Erik Fasnacht.

PRAISE

“An intense, compassionate and very funny book. This is a sharply observed, deeply satisfying novel: a joy, a discovery.” —Audrey Niffenegger, author of *The Time Traveler's Wife* and *Her Fearful Symmetry*

“A crowd-pleasing, affecting, and compassionately written novel filled with a memorable cast of characters that readers will cheer for and cry with.” —Nickolas Butler, author of *Shotgun Lovesongs* and *Beneath the Bonfire*

Ivory Vikings: The Mystery of the Most Famous Chessmen in the World and the Woman Who Made Them

Nancy Marie Brown

A richly imagined journey to the Viking world that created the Lewis chessmen: “the most important chess pieces in history.”
—New York Times

In the early 1800s, on a Hebridean beach in Scotland, the sea exposed an ancient treasure cache: 93 chessmen carved from walrus ivory. Norse netsuke, each face individual, each full of quirks, the Lewis Chessmen are probably the most famous chess pieces in the world. Harry played Wizard's Chess with them in *Harry Potter and the Sorcerer's Stone*. Housed at the British Museum, they are among its most visited and beloved objects.

Questions abounded: Who carved them? Where? *Ivory Vikings* explores these mysteries by connecting medieval Icelandic sagas with modern archaeology, art history, forensics, and the history of board games. In the process, *Ivory Vikings* presents a vivid history of the 400 years when the Vikings ruled the North Atlantic, and the sea-road connected countries and islands we think of as far apart and culturally distinct: Norway and Scotland, Ireland and Iceland, and Greenland and North America. The story of the Lewis chessmen explains the economic lure behind the Viking voyages to the west in the 800s and 900s. And finally, it brings from the shadows an extraordinarily talented woman artist of the twelfth century: Margret the Adroit of Iceland.

PRAISE

“Full of exciting detective work, along with absorbing excursions into the history of the Vikings, of chess in the Middle Ages, and of walrus ivory (known as “arctic gold”).” —*The New Yorker*

“A fascinating tale of discovery and mystery.” —*The Minneapolis Star Tribune*

“The absorbing story of long-ago links between the British Isles and Scandinavia that puts the Lewis chessmen into a vivid and much broader cultural context of Viking trade, plunder and sophisticated gift-giving...an engaging, accessible tale.”
 —*The Economist*

“A delight...” —*Booklist*

NANCY MARIE BROWN is the author of highly praised books of nonfiction, including *Song of the Vikings*. She is fluent in Icelandic and spends her summers in Iceland. She has deep ties to the Scandinavian cultural institutions in the U.S. Brown lives in East Burke, VT.

Merchants in the Temple

Inside Pope Francis's Secret Battle Against Corruption in the Vatican

Gianluigi Nuzzi

From a bestselling author with unprecedented access to Pope Francis, an investigative look at the recent financial scandals at the highest levels of the Vatican.

A veritable war is being waged in the Catholic Church: on one side, there is Pope Francis's strong message of one church for rich and poor alike; on the other, there is the old Curia with its endless enemies, and the old and new lobbies struggling to preserve their not-so-Christian privileges.

Some in the old guard will not back down; they are ready to use all means necessary to stay in control and continue the way they conduct their business. They resist reforms sought by Pope Francis and seek to delegitimize their opponents, to isolate those who want to eliminate corruption. It's a war that will determine the future of the Church. And if he loses the battle, Pope Francis could resign, as did his predecessor.

Based on confidential information—including top secret documents from inside the Vatican and actual transcripts of Pope Francis's admonishments to the papal court about the lack of financial oversight and responsibility—*Merchants in the Temple* illustrates all the undercover work conducted by the pope since his election and shows the reader who his real enemies are. It reveals the instruments Francis is using to reform the Vatican and rid it, once and for all, of the overwhelming corruption traditionally encrusted in the Roman Catholic Church.

Merchants in the Temple is a story worthy of a Dan Brown novel with its electrifying details of the trickery and scheming against the papacy—except that it is real.

GIANLUIGI NUZZI is an Italian journalist, nonfiction writer and TV anchorman. He is the author of two bestselling titles, *Vaticano SpA* and *Sua Santità*, which sold more than one million copies in Italy, Germany, France, Spain, the United States, Brazil and the Netherlands. He lives in Milan.

The Making of Home

The 500-Year Story of How Our Houses Became Our Homes

Judith Flanders

“Judith Flanders’s new book isn’t just smart and diverting but also brave... Flanders means to connect the details of domestic life with the way we think and feel about it.” —NYTBR

The idea that “home” is a special place, a separate place, a place where we can be our true selves, is so obvious to us today that we barely pause to think about it. But, as the critically acclaimed *New York Times* bestselling author of *The Invention of Murder* and *The Victorian City* shows in her most ambitious work to date, “home” is a relatively new idea.

In *The Making of Home*, Judith Flanders traces the evolution of the house from the sixteenth to the early twentieth century across northern Europe and America, showing how the homes we know today bear only a faint resemblance to homes though history. What turned a house into a home? Flanders uncovers the fascinating development of ordinary household items—from cutlery, chairs and curtains, to fitted kitchens, plumbing and windows—while also dismantling many domestic myths.

In this prodigiously researched and engagingly written book, Flanders elegantly draws together the threads of religion, history, economics, technology and the arts to show not merely what happened, but why it happened: how we ended up in a world where we can all say, like Dorothy in Oz, “There’s no place like home.”

PRAISE

“The heart of Ms. Flanders’s book traces the physical alteration of houses over the past five centuries... A useful synthesis for those interested in architectural history and material culture” —*The Wall Street Journal*

“When did houses evolve into homes? You’ll find out in Flanders’ lively trek through some 500 years of history.” —*Entertainment Weekly*, “Fall Books Preview, Riveting Nonfiction”

“No one writes about history like Judith Flanders.” —*BookPage*

JUDITH FLANDERS is a *New York Times* bestselling author and one of the foremost social historians of the Victorian era. Judith is a frequent contributor to the *Wall Street Journal*, *Daily Telegraph*, *Guardian*, and *Spectator*. She lives in London.

Relentless Strike

The Secret History of Joint Special Operations Command

Sean Naylor

The bestselling explosive secret history of Joint Special Operations Command—the powerful and secretive military organization responsible for America’s covert war on terror.

A New York Times bestseller

Since the attacks of September 11, one organization has been at the forefront of America’s military response. Its efforts turned the tide against al-Qaida in Iraq, killed Bin Laden and Zarqawi, and captured Saddam Hussein. Its commander can direct cruise missile strikes from nuclear submarines and conduct special operations raids anywhere in the world.

Relentless Strike tells the inside story of Joint Special Operations Command, the secret military organization that during the past decade has revolutionized counterterrorism, seamlessly fusing intelligence and operational skills to conduct famous and infamous missions. Because JSOC includes the military’s most storied special operations units—Delta Force, SEAL Team 6, the 75th Ranger Regiment—as well as America’s most secret aviation and intelligence units, this is their story, too.

For the first time, *Relentless Strike* reveals tension-drenched meetings in war rooms from the Pentagon to Iraq and special operations battles from the cabin of an MH-60 Black Hawk to the driver’s seat of Delta Force’s Pinzgauer. Through exclusive interviews, reporter Sean Naylor uses his unique access to reveal how an organization designed in the 1980s for a very limited mission set transformed itself after 9/11 to become the military’s premier weapon in the war against terrorism and how it continues to evolve today.

PRAISE

“Naylor informs and provokes . . . His interviews with inside sources endow the narrative with a wealth of information, and the book benefits from Mr. Naylor’s familiarity with the subject . . . Naylor succeeds splendidly in showing how and why the Joint Special Operations Command evolved—and why it will remain a valuable weapon.” —*Wall Street Journal*

“*Relentless Strike* [is] the real thing. . . You will be fascinated. . . Naylor has an unusual problem for a writer: He knows too damn much.” —*Foreign Policy*

Award-winning defense journalist SEAN NAYLOR is the only reporter who focused on U.S. special ops forces as an exclusive beat for *Army Times* and he has consistently broken news on JSOC operations since 9/11. He writes for *Foreign Policy* and contributes to the *New York Times*. He has earned the White House Correspondents’ Association’s prestigious Edgar A. Poe Award for his coverage of Operation Anaconda, which led to his *New York Times* bestselling book about the operation, *Not a Good Day to Die*.

Christmas in Paris

A Novel

Anita Hughes

Hughes will fill your heart with the sights, sounds, and flavors of new love, glamorous fashion, and decadent holiday cuisine.

Isabel Lawson is standing on the balcony of her suite at the Hotel Crillon as she gazes at the twinkling lights of the Champs Elysee and wonders if she's made a terrible mistake. She was supposed to be visiting the Christmas tree in the Place de la Concorde, and eating escargots and macaroons with her new husband on their honeymoon. But a week before the wedding, she called it off. Isabel is an ambitious Philadelphia finance woman, and Neil suddenly decided to take over his grandparents' farm. Isabel wasn't ready to trade her briefcase for a pair of rubber boots and a saddle.

When Neil suggested she use their honeymoon tickets for herself, she thought it would give her a chance to clear her head. That is until she locks herself out on the balcony in the middle of winter. Thankfully her neighbor Alec, a French children's illustrator, comes to her rescue. He too is nursing a broken heart at the Crillon for the holidays. With a new friend by her side, Isabel is determined to use her time in the city of lights wisely. After a chance encounter with a fortune teller and a close call with a taxi, she starts to question everything she thought was important.

Christmas in Paris is a moving and heartwarming story about love, trust, and self-discovery. Set during the most magical week of the year, the glorious foods and fashions of the most romantic city in the world are sure to take your breath away.

David Wong

New York Times bestselling author David Wong takes readers to a whole new level with his latest darkly comic sci-fi thriller.

Nightmarish villains with superhuman enhancements.

An all-seeing social network that tracks your every move.

Mysterious, smooth-talking power players who lurk behind the scenes.

A young woman from the trailer park.

And her very smelly cat.

Together, they will decide the future of mankind.

Get ready for a world in which anyone can have the powers of a god or the fame of a pop star, in which human achievement soars to new heights while its depravity plunges to the blackest depths. A world in which at least one cat smells like a seafood shop's dumpster on a hot summer day.

This is the world in which Zoey Ashe finds herself, navigating a futuristic city in which one can find elements of the fantastic, nightmarish and ridiculous on any street corner. Her only trusted advisor is the aforementioned cat, but even in the future, cats cannot give advice. At least not any that you'd want to follow.

Will Zoey figure it all out in time? Or maybe the better question is, will you? After all, the future is coming sooner than you think.

Five Families

The Rise, Decline, and Resurgence of America's Most Powerful Mafia Empires

Selwyn Raab

A 10th-anniversary edition of the *New York Times* bestselling history of the Mafia's infamous Five Families, featuring a new epilogue by the author.

Genovese, Gambino, Bonnano, Colombo, and Lucchese. For decades these Five Families ruled New York and built the American Mafia (or Cosa Nostra) into an underworld empire. Today, the Mafia is an endangered species, battered and beleaguered by aggressive investigators, incompetent leadership, betrayals and generational changes that produced violent and unreliable leaders and recruits. A twenty-year assault against the Five Families in particular blossomed into the most successful law enforcement campaign of the last century.

Five Families is the vivid story of the rise and fall of New York's premier dons from Lucky Luciano to Paul Castellano to John Gotti and more. The book also brings the reader right up to the possible resurgence of the Mafia as the FBI and local law enforcement agencies turn their attention to homeland security and away from organized crime.

Christmas Joy

Nancy Naigle

When a city-savvy executive must spend the holiday season tending a farm, her Christmas wish is transformed by the support of new friends, the comfort of tradition, and the magic of the season.

Joy Holbrook might be all work and no play, but that changes when her Aunt Ruby takes a fall that lands her in a rehabilitation center before the holidays. Joy takes a leave of absence from her job as a market researcher to run the family farm, even though the timing may hinder her chance at garnering the promotion of her dreams.

Ben Andrews isn't your average accountant. He also happens to be the handiest man in Crystal Lake. He's helped his elderly neighbor, Ruby Johnson, decorate for the annual Christmas Home Tour—and win—the last several years. He's not about to let some drop-in granddaughter break their winning streak

Ruby seems overly concerned about Joy being able to handle Molly. Under the impression she's referring Molly the bunny that is one of the menagerie of animals, Joy's not worried at all until the next morning when a little girl named Molly shows up. For the sake of her aunt, Joy is forced to partner with Ben while Ruby is on the mend to help with preparation for the Christmas tour and, in the process, finds her career-focused heart dreaming of a family. Will the magic of Christmas open her heart and realign her priorities?

The Last Midwife

A Novel

Sandra Dallas

From the *New York Times* bestselling author of *Fallen Women* and *Prayers for Sale*, a novel about a midwife who must prove her innocence in a murder case in 19th century Colorado.

It is 1880 and Gracy Brookens is the only midwife in a small Colorado mining town where she has delivered hundreds, maybe thousands, of babies in her lifetime. She is a gifted and important resource for the women of her hardscrabble community, a position earned through wisdom and trust. Most women in Swandyke couldn't even imagine getting through their pregnancy and labor without Gracy by their sides.

But everything changes when a baby is found dead...and the evidence points to Gracy as the killer.

Gracy knows she didn't commit the crime. But her innocence isn't quite that simple, either. She knows things and that's dangerous. Invited into her neighbors' homes during their most intimate times, she can't help what she sees or hears. A woman sometimes says things in the birthing bed, when life and death seem suspended within the same moment. Gracy has always tucked those revelations away, even the confessions that have cast shadows on her heart. With her friends taking sides and a trial looming, Gracy must decide whether it's worth risking everything to prove her innocence. And she knows that her years of discretion may simply demand too high a price now...especially since she's been keeping more than a few dark secrets of her own.

PRAISE

"With plot, personality and prose melded into a superb whole, *The Last Midwife* represents a standout effort in popular fiction, one untethered from dismissive adjectives such as "historical" or "crime" and one that resonates in the present day. As she does in all of her fiction, Dallas casts an unwavering but sympathetic eye on the people of her latest novel. And like Gracy, she gives — and enhances — life." —*Richmond Times-Dispatch*

"*The Last Midwife* evokes a powerful sense of time and place." —*The Denver Post*

SANDRA DALLAS is the author of fourteen novels, including *A Quilt for Christmas*, *Fallen Women*, *True Sisters*, *The Bride's House*, *Whiter Than Snow*, *Prayers for Sale*, *Tallgrass* and *New Mercies*. She is a former Denver bureau chief for *Business Week* magazine and lives in Denver, Colorado.

A Gift from Bob

How a Street Cat Helped One Man Learn the Meaning of Christmas

James Bowen

A charming holiday tale—a new instant classic—from the author of the international bestseller *A Street Cat Named Bob*.

In this poignant new story, James Bowen recalls the last Christmas he was to spend on the streets, busking and selling the *Big Issue* with his cat Bob.

In 2010, the weather was as bleak as his prospects. Christmas had always been the time he dreaded. Now at least he had Bob by his side, but his health was poor, and he had no money for food or warmth. There was no choice but to venture out onto the frozen streets to earn enough to pay for his electricity and—with luck—to afford some small treats for Christmas as well.

What James learned through this toughest of times was to give his new life with Bob—and Christmas—a meaning it had never had before.

PRAISE

Praise for Street Cat Bob and James:

“The book's feline title character has become as famous as John Grogan's dog Marley.” —*The New York Times*

“A huge success, selling more than a million copies worldwide.” —*Today.com*

“[Fans] came from as far as Japan and across Europe to catch a glimpse of this feline literary lothario.” —*USA Today*

“Smartly balanced blend of humor, pathos, and humility...Bowen has crafted a terrific sequel to an amazing and inspiring story that's just beginning.” —*Publishers Weekly*

“A simple, heartwarming story of continued companionship and mutual trust and respect...sure to be another best-seller.” —*Kirkus Reviews*

JAMES BOWEN was a street musician in London who found Bob the Cat in spring 2007, and the pair, now famous around the world, has been inseparable ever since. As their books climbed bestseller lists in many countries, and their fame skyrocketed, Bob began to receive hand-knitted scarves from all over the world. He can do a great high five and remains a modest fellow despite the glory that has been heaped upon him.

The Best Cat Book Ever: Part II

Kate Funk

Way funnier, cleverer, and all-round better than Grumpy Cat... here comes AC, back again in more hilarious costumes!

AC the cat is back! And his owner Kate Funk has come up with some even more hilarious, increasingly ridiculous costumes for him to model, from the “Yes We Can!” lady, to Max from *Where the Wild Things Are*, to Marty McFly. Kate also goes much deeper into hipster-dom—AC is dressed as a whole host of Wes Anderson characters, as well as all twelve zodiac symbols. If the last book was good, this one will *really* appeal to the cat-loving hipsters. (And you know there are tons of them out there!)

There’s nothing better than a good ol’ book of a cat dressed in elaborate costumes. And if you disagree, you can just see yourself out. Cats rule, dogs drool.

KATE FUNK lives and works in Milwaukee, WI, with her kitty sidekick, AC. She earned her BFA in photography at the Milwaukee Institute of Art and Design. She now spends most of her time making cat costumes, dreaming up scenes, and spray painting sets, all while ingesting copious amounts of sugar and watching far too much television. When not posing for pictures, AC spends his days napping, giving the stink eye to anyone who disrupts his naps, and getting tummy rubs from Kate.

The Last Love Song

A Biography of Joan Didion

Tracy Daugherty

The New York Times bestselling biography of Joan Didion.

In *The Last Love Song*, Tracy Daugherty, the critically acclaimed author of *Hiding Man* (a *New Yorker* and *New York Times* Notable book) and *Just One Catch*, delves deep into the life of distinguished American author and journalist Joan Didion in this, the first printed biography published about her life.

Joan Didion lived a life in the public and private eye with her late husband, writer John Gregory Dunne. The two were wildly successful writing partners when they moved to Los Angeles and co-wrote screenplays and adaptations together. Didion is well-known for her literary journalistic style in both fiction and non-fiction. Some of her most-notable work includes *Slouching Towards Bethlehem*, *Run River*, and *The Year of Magical Thinking*, a National Book Award winner and shortlisted for the Pulitzer Prize, it dealt with the grief surrounding Didion after the loss of her husband and daughter. Daugherty takes readers on a journey back through time, following a young Didion in Sacramento through to her adult life as a writer interviewing those who know and knew her personally, while maintaining a respectful distance from the reclusive literary great. Lifelong fans and readers learning about Didion for the first time will be enthralled with this impressive tribute.

PRAISE

“Compelling.” —*Washington Post*

“Thoughtful and ambitious.” —*New York Times*, Michiko Kakutani

“It is rare to find a biographer so temperamentally, intellectually, and even stylistically matched with his subject as Tracy Daugherty.” —Joyce Carol Oates, *New York Review of Books*

“Intelligent and elegant.” —Louis Menand, *The New Yorker*

TRACY DAUGHERTY is the highly-acclaimed author of published novels, short story collections, and a book of personal essays. His biographies of Donald Barthelme, *Hiding Man*, and Joseph Heller, *Just One Catch*, received rave reviews. He has received fellowships from the Guggenheim Foundation and the National Endowment for the Arts. Currently, he is Distinguished Professor of English and Creative Writing at Oregon State University.

A Carlin Home Companion

Growing Up with George

Kelly Carlin

From the daughter of George Carlin, a memoir about the comedy giant and forming a life of one's own in the shadow of greatness.

Truly the voice of a generation, George Carlin gave the world some of the most hysterical and iconic comedy routines of the last fifty years. From the “Seven Dirty Words” to “A Place for My Stuff,” he perfected the art of making audiences double over with laughter *and* wake up to the realities (and insanity) of life in the twentieth century.

Few people glimpsed the inner life of this beloved comedian, but his only child, Kelly, was there for it all. Born at the beginning of his decades-long career in comedy, she witnessed his transformation in the 70s, as he talked back to the establishment. While Kelly watched her father constantly reinvent himself and his comedy, she also had a front row seat to the roller coaster turmoil of her family's inner life; she even talked George down from a really bad acid trip a time or two. But having been the only “adult” in her family prepared her little for the task of her own adulthood. All the while, Kelly sought to define her own voice as she separated from the shadow of her father's genius.

With rich humor and deep insight, Kelly Carlin pulls back the curtain on what it was like to grow up as the daughter of one of the most recognizable comedians of our time, and become a woman in her own right. This vivid, hilarious, heartbreaking story is at once singular and universal—it is a contemplation of what it takes to move beyond the legacy of childhood and forge a life of your own.

PRAISE

“There are a lot of nights I still wish I could sit next to George and talk; this is the next best thing. Wonderful read.” —Jon Stewart

“Completely engaging. The parallels with my own life are uncanny, and I reveled in the solidarity.” —Rosanne Cash

“Honest, biting, savage, funny, sad, dark, and profound.... Hold on; like George Carlin, this book gives you a hell of a ride.” —Lewis Black

KELLY CARLIN was born in Ohio in 1963. She received her Master's Degree from Pacifica Graduate Institute. She presently tours her critically acclaimed solo show, “A Carlin Home Companion,” hosts two radio shows (*The Kelly Carlin Show* on SiriusXM and *Waking from the American Dream* on SModcast Network), and blogs for the Huffington Post. She lives in Los Angeles with her husband, Bob McCall, and their Jack Russell Terrier, Stella.

Tangled Vines

Greed, Murder, Obsession, and an Arsonist in the Vineyards of California

Frances Dinkelspiel

“Clear and absorbing, a reminder that no matter how much beauty and poetry we may find in the glass, for many it’s ultimately all about the money.” — Eric Asimov, *The New York Times*

On October 12, 2005, a fire broke out in a massive old Navy bunker in Vallejo, California that had been converted into a wine warehouse known as Wines Central. Within hours, flames and heat had ravaged the concrete building, destroying more than four and a half million bottles of wine worth \$250 million dollars. It was the costliest destruction of wine in history. That fire was deliberately set by a man named Mark Anderson who was at the end of his economic rope and, after being convicted of arson, is now doing prison time. The history of the wine trade in California is rife with stories of violence, greed, obsession, murder and destruction. Frances Dinkelspiel’s *Tangled Vines* rips the sunny label off the laid-back California wine trade to show the violence present in every glass of Cabernet. Set against the backdrop of the bucolic Napa Valley and points south, *Tangled Vines* explores the history of California world of wine and how passion for the liquid some have called “the elixir of the gods” has driven people to extremes throughout its history. From the nineteenth century murder of Rancho Cucomonga’s John Rains to the California Wine Association monopoly of Percy Morgan that drove down prices in a nationwide “wine war” to the fire in the Wines Central warehouse, Dinkelspiel tells a story of greed and obsession that few people travelling up and down Napa’s Route 29 or the Silverado Trail can even guess at.

PRAISE

“The most engrossing and engaging book about Napa Valley since James Conaway’s two-volume saga, *Napa* and *The Far Side of Eden*.” —*The Washington Post*

“From its explosive prologue to the very last sentence, Frances Dinkelspiel has written an utterly riveting true crime book... I know a spectacular book when I read one.” —*The Los Angeles Book Review*

FRANCES DINKELSPIEL is an award-winning journalist and the author of *Towers of Gold: How One Jewish Immigrant Named Isaias Hellman Created California*. *Towers of Gold* was a San Francisco Chronicle bestseller and named a Best Book of the Year by the Chronicle and the Northern California Independent Booksellers Association. Her work has appeared in *The New York Times*, *People*, *San Francisco Magazine*, *San Jose Mercury News*, and other venues. She lives in Berkeley, California.

The Witch House of Persimmon Point

Suzanne Palmieri

The gothic, haunting saga of the mystical Amore women and how—moved by the dreams of who they wanted to be—they finally find their way.

When a rumor threatens to bring scandal down upon her whole family, Byrd Whalen returns to her family's ancestral home to uncover the truth before anyone else can. But her family's dark history began more than hundred years before, and Byrd gets more than she bargained for.

In 1890, Nan, the Amore family matriarch, was sent away to America with little more than a baby and a rocking chair, quickly finding work on the sprawling estate of the wildly eccentric Green family. This new life is one she wanted: loving and free with a family that understands and shares in her magic. But when tragedy strikes, destroying the mansion and the precious lives inside, Nan is left alone and pregnant with Reginald Green's child. With nothing more than the deed to the property, she builds a house from the rubble and a new, pragmatic life. It would become a haunted life that would lead to other haunted lives. It would become a house both terrible and wonderful. It would become known as "The Witch House."

The Witch House will always be there for Nan, and for the women who share her name, but it is up to Byrd, with the help of Eleanor Amore and her daughter Maj to not only protect their family legacy, but to free those trapped within its walls. Richly nuanced and full of deeply complex characters, Suzanne Palmieri's *The Witch House of Persimmon Point* is her most powerful novel yet.

PRAISE

"Haunting and uplifting... each scene is drenched in atmospheric details, making the eccentric chaos of Bourbon Street and the damp mysteries of the bayou [come] alive. The use of multiple voices will immerse readers in the world of the story and the eerie legacy of one remarkable and powerful family." —*Romantic Times* on *The Witch of Bourbon Street*

"[Palmieri's] strength lies in the fullness of her vision... Fans of Paula Brackston and M. J. Rose will enjoy this story of redemption, self-preservation, and the power of shared history." —*Booklist* on *The Witch of Bourbon Street*

SUZANNE PALMIERI is the author of *The Witch of Little Italy*, *The Witch of Belladonna Bay*, and *The Witch of Bourbon Street*. She also writes as Suzanne Hayes and lives with her family in North Branford, Connecticut.

The Power of Horses to Heal

Tim Hayes; Foreword by Robert Redford

A powerful, emotional exploration of the healing powers of horses and the profound effect they can have on anyone suffering from psychological or physical trauma, by an acclaimed horse whisperer.

Throughout history, people have loved, owned, and ridden horses. They fascinate us, and we are drawn to books like *The Horse Whisperer*, events like *The Kentucky Derby*, and movies like Steven Spielberg's *War Horse*. Owners and non-horse owners alike have also discovered the amazing abilities of horses to help us heal and recover from disabling physical and mental conditions such as autism and multiple sclerosis by participating in Equine Therapy. Men and women afflicted with severe emotional damage are making dramatic recoveries by receiving the simple love, understanding, and acceptance that comes from a horse relationship.

The unique message of *Riding Home* is two-fold. It is the first and only book to explain why horses have this remarkable ability to heal and positively transform emotionally wounded men and women, whether they be troubled teens, prison inmates, or war veterans with post-traumatic stress disorder. On a societal level, it offers a powerful argument for the expansion of equine programs that accomplish what many organizations that utilize traditional methods of psychotherapy and pharmaceuticals have been unable to achieve. To have a relationship with a horse is to discover and know yourself and the world with truth and compassion. Horses help us discover hidden parts of ourselves. They teach us that when we're not getting what we want, we're the ones who need to change.

PRAISE

"Learn how horses can heal people and the power of equine therapy. *Riding Home* is essential reading for horse lovers and everyone who works with people who need healing." —Temple Grandin, author of *Animals in Translation* and *Animals Make us Human*

"Tim Hayes is a great storyteller blessed with passion for his subjects, horse and human. The lessons you'll take away from this beautiful volume of healing and love between man and nature will stay with you for a long time." —Robert Redford, from the foreword

TIM HAYES attended The University of Vermont and holds a B.S. Degree in Psychology. Before his career as a horseman, he worked in film and TV. He began teaching Natural Horsemanship, "Horse Whispering," in Montauk, NY. A nationally recognized horse clinician, he is a visiting instructor for The University of Connecticut and The University of Vermont. He appeared in the award-winning documentary *Natural Horsemanship with Tim Hayes*.

Population Wars

A New Perspective on Competition and Coexistence

Greg Graffin

A fresh look on the biological roots of competition from the author of *Anarchy Evolution* and Cornell lecturer.

From the very beginning, life on Earth has been defined by war. Today those first wars continue to be fought around and inside us, influencing our individual behavior and that of civilization as a whole. War between populations—whether between different species or between rival groups of humans—is seen as an inevitable part of the evolutionary process. The popular concept of survival of the fittest explains and often excuses these actions.

In *Population Wars*, Greg Graffin points to where the mainstream view of evolutionary theory has led us astray. That misunderstanding has allowed us to justify wars on every level, whether against bacterial colonies or human societies, even when other, less violent solutions may be available. Through tales of mass extinctions, developing immune systems, human warfare, the American industrial heartland, and our degrading modern environment, Graffin demonstrates how an oversimplified idea of war, with its victorious winners and vanquished losers, prevents us from responding to the real problems we face. Along the way, Graffin reveals a paradox: when we challenge conventional definitions of war, we are left with a new problem—how to define ourselves.

Population Wars is a paradigm-shifting book about why humans behave the way they do and the ancient history that explains that behavior.

PRAISE

“Graffin does a superb job of explaining and italicizing our interconnections with other life forms.” —*Los Angeles Review of Books*

“*Population Wars* offers a fascinating perspective on the age-old idea of Survival of the Fittest.” —*LitReactor*

“The iconoclastic storytelling scientist challenges conventional thinking about evolution. ... Graffin’s message is challenging, and the professional entertainer shines through.” —*Kirkus Reviews*

“You don’t have to be a Bad Religion fan to read this book, you simply should because Graffin has something to say that’s worth listening to.” —*HiFiNoise*

GREG GRAFFIN is the lead singer and a songwriter in Bad Religion. He obtained his PhD in zoology at Cornell University and a masters in Geology from UCLA. He has lectured at UCLA and Cornell, and with Steve Olson is the coauthor of *Anarchy Evolution*. He travels regularly between the cities he considers home, Ithaca, New York, and Los Angeles, California.

The Art of the Con

The Most Notorious Fakes, Frauds, and Forgeries in the Art World

Anthony M. Amore

The untold stories of some of history's most notorious art cons—and the secret history of fakes, frauds, and forgeries in the art world.

Art scams are today so numerous that the specter of a lawsuit arising from a mistaken attribution has scared a number of experts away from the business of authentication and with good reason. Art scams are increasingly convincing and involve incredible sums of money. The cons perpetrated by unscrupulous art dealers and their accomplices are proportionately elaborate.

The Art of the Con tells the stories of some of history's most notorious yet untold cons. They involve stolen art hidden for decades; elaborate ruses that involve the Nazis and allegedly plundered art; the theft of a conceptual prototype from a well-known artist by his assistant to be used later to create copies; the use of online and television auction sites to scam buyers out of millions; and other confidence scams incredible not only for their boldness but more so because they actually worked. Using interviews and newly released court documents, *The Art of the Con* will also take the reader into the investigations that led to the capture of the con men, who oftentimes return back to the world of crime. For some, it's an irresistible urge because their innocent dupes all share something in common: they want to believe.

PRAISE

"An engrossing read about brazen, artful scams." —*Kirkus Reviews*

"Amore is privy to more information on the subject of forgeries than the average art collector or dealer, and he shares a number of those stories in this engrossing account... a bracing and highly informative assessment of a very real problem, sure to resonate with art fans and curators alike." —*Publisher's Weekly*

"A fascinating account of some of the biggest scams that have taken place in the art world over the last century" —*ArtNet News*

ANTHONY M. AMORE is an expert in security matters and head of security and chief investigator at the Isabella Stewart Gardner Museum in Boston. Petty

The Biography

Warren Zanes

An exhilarating and intimate account of the life of music legend Tom Petty, by an accomplished writer and musician who toured with Petty.

No one other than Warren Zanes, rocker, writer, and friend, could author a book about Tom Petty that is as honest and evocative of Petty's music and the remarkable rock and roll history he and his band helped to write.

Born in Gainesville, Florida, with more than a little hillbilly in his blood, Tom Petty was a Southern shit kicker, a kid without a whole lot of promise. Rock and roll made it otherwise. From meeting Elvis to seeing the Beatles on Ed Sullivan, to producing Del Shannon, backing Bob Dylan, putting together a band with George Harrison, Dylan, Roy Orbison, and Jeff Lynne, making records with Johnny Cash, and sending more than a dozen of his own celebrated recordings high onto the charts, Tom Petty's story has all the drama of a rock and roll epic. Now in his mid-sixties, still making records and still touring, Petty, known for his reclusive style, has shared with Warren Zanes his insights and arguments, his regrets and lasting ambitions, and the details of his life on and off the stage.

This is a book for those who know and love the songs, from "American Girl" and "Refugee" to "Free Fallin'" and "Mary Jane's Last Dance," and for those who want to see the classic rock and roll era embodied in one man's remarkable story. Dark and mysterious, Petty manages to come back again and again, showing us what the music can do and where it can take us.

WARREN ZANES holds a PhD in visual and cultural studies from the University of Rochester. He was a member of the Del Fuegos and continues to record music. His work has appeared in *The Oxford American*, and he has served as a V.P. at the Rock and Roll Hall of Fame and is currently the Executive Director of Steven Van Zandt's Rock and Roll Forever Foundation.

Montana

The Biography of Football's Joe Cool

Keith Dunnavant

A powerful biography following the life of quarterback Joe Montana, NFL icon and three time Superbowl MVP, from acclaimed sports journalist Keith Dunnavant.

As long as football is played, Joe Montana will be synonymous with the heart-pounding rally. With *Montana*, acclaimed author Keith Dunnavant sketches the definitive portrait of a man who repeatedly defied the odds, on and off the field.

While leading the San Francisco 49ers to four Super Bowl championships over a nine-year period, establishing a new standard for passing efficiency, and twice earning the league's Most Valuable Player award, Montana became the signature quarterback of the 1980s and one of the greatest ever to play the game. Overcoming his own limitations, he quickly mastered Bill Walsh's West Coast Offense and, thereby, helped reinvent offensive football.

But it was rarely easy. His life was filled with the sort of tension that made his journey seem routinely dramatic: The father who pushed him. The high school coach who challenged his commitment. The college coach who very nearly squandered him. The back surgery that almost ended his career. The younger athlete who tried to take his job. Rich in anecdotal detail, insight, and context, *Montana* is a powerful story about a man who was defined by his intense competitiveness, and how this intangibly helped him become one of the iconic figures in football history.

PRAISE

"The first serious biography of the quiet legend...well written and researched, this title will be of interest to a wide range of sports fans." —*Library Journal*

"Tastefully written and complimenting the true spirit of Joe Montana. A winner and always a champion." —Former teammate and believer in the magic of Joe Montana, Daniel "Rudy" Ruettiger

"Dunnavant has done it again. I was mesmerized by Montana. I don't know what was more enjoyable---watching Montana play quarterback or reading Dunnavant's stunning account of his life and times. A truly memorable and magnificent book. A riveting read." —Paul Finebaum, ESPN radio host

KEITH DUNNAVANT is the author of four critically acclaimed books. He has been one of the leading college football writers, an award-winning magazine journalist and lives near Atlanta.

PAPERBACK ORIGINAL

Clouds of War

Ben Kane

The master of historical adventure returns in a brilliant novel about the greatest war of the ancient world, as the legions of Rome clash with the greatest general of all time, Hannibal.

In 213 B.C., as the forces of both Rome and Hannibal's army from Carthage are still reeling from the losses at the Battle of Canae, the second Punic War rages on. With more and more of Rome's Italian allies switching allegiance to Carthage, the stakes continue to increase. When the major Sicilian city of Syracuse defects to Hannibal, Rome sends all that it has to retake the city. Now, outside the nearly impregnable city walls, a vast Roman Army besieges the city. Inside the city, tensions and politics are an even greater threat.

Two men—once boyhood friends, through circumstance now find themselves fighting on opposing sides—are about to face each other once again. Caught between them is a woman. All three trapped in one of the most famous and brutal sieges of all time.

Clouds of War is a vivid, exciting, and very human novel about one of the most defining conflicts in history, seen from the very top, where the generals make bold gambits, all the way down to the very bottom, where the people who are caught in the crossfire are trapped.

PRAISE

"Gritty, passionate, and violent...a thrilling page-turner." —Steven Pressfield, author of *Gates of Fire*

"The rising star of historical fiction!" —Wilbur Smith

"Epic... a gripping blend of history, battles, gore, ancient politics, betrayal, consummate and casual cruelty, and sex... a pleasure for those who like history and great adventure." —*Library Journal on The Forgotten Legion*

BEN KANE was born in Kenya and raised there, as well as in Ireland. He studied veterinary medicine at University College Dublin, and after that he traveled the world extensively, indulging his passion for ancient history. He now lives in North Somerset with his wife and family.

Fishbowl

A Novel

Bradley Somer

In this funny and heartwarming novel, the lives of the residents of a high-rise intersect as they each leap out of the familiar and into the unknown.

Ian the goldfish has always longed for adventure. So when the opportunity arises, he escapes from his bowl, clears the railing of the 27th-floor balcony, and finds himself airborne. Plummeting toward the street below, he witnesses the lives of the Seville on Roxy residents.

There's the handsome grad student, his girlfriend, and his mistress; the construction worker who feels trapped by a secret; the building's super who feels invisible and alone; the pregnant woman on bed rest who craves a forbidden ice cream sandwich; the shut-in for whom dirty talk and quiche are a way of life; and home-schooled Herman, a boy who thinks he can travel through time. Though they share time and space, they have something even more important in common: each faces a decision that will alter the course of their lives. Within these walls are stories of love, new life, and death, of facing the ugly truth of who one has been and the beautiful truth of who one can become. Sometimes taking a risk is the only way to move forward with our lives.

In the tradition of Garth Stein's *The Art of Racing in the Rain* and Armistead Maupin's *Tales of the City*, Bradley Somer's *Fishbowl* is at turns funny and heartbreaking.

PRAISE

"Somer has created well-developed characters and effectively transports the reader into their three-dimensional worlds. . . genuinely touching." —Kirkus Reviews

"[A]n entertaining read...[Somer] wrong-foots the reader with cliffhangers that draw his cast into a tightening net of intrigue, revelation, rescue and redemption ..Somer tackles loneliness, life, love and death with wit and sensitivity." —The Globe and Mail

"[T]hese characters are united by a sense of desperation. . . [the] lesson. . . is that people should take flight from the narrow confines of their fears and find adventure in the wider world of others." —The Wall Street Journal

BRADLEY SOMER was born in Sydney, Australia and grew up in Canada and holds degrees in Anthropology and Archaeology. His debut novel, *Imperfections*, published in Canada, won the 2013 CBC Bookie Award for debut of the year. *Fishbowl* was an Indie Next pick and appeared on Parnassus Books' Best Books of 2015 list. He lives in Calgary, Canada.

High Holiday Porn

A Memoir

Eytan Bayme

A hilarious coming of age memoir set in the 80s and 90s about a modern orthodox boy from the Bronx who uses masturbation, porn, and impropriety to help him grow into an awkwardly lovable teen.

Imagine a cross between Chelsea Handler and *The Adventures of Tom Sawyer*... and it's all true. *High Holiday Porn* is the story of an Orthodox boy in the Bronx who discovers masturbation during Passover dinner as a child, gets caught with porn on Yom Kippur, fantasizes about marrying his grade school classmate (if only he could get up the nerve to speak to her), and finally figures out that the way into a girl's pants is through her heart. But maybe the heart is all that ever mattered anyway.

Eytan Bayme's hilariously honest memoir is the true story of how an anxious boy finally stops masturbating in public, gets the girl, grows up, and begrudgingly makes peace with the unfairness of life and love. It's a heartwarming, fantasy-laden, usually embarrassing, sometimes raunchy, and always outrageous look at coming of age. Bayme's stories of young love, fitting in, and social pressure will resonate with anyone who ever felt awkward growing up.

PRAISE

"A sad, funny, painfully honest peek behind the curtain and into the hormonal maelstrom of male adolescence." —Jonathan Tropper, author of *One Last Thing Before I Go* and *This is Where I Leave You*

"Bayme captures boyhood in a way not quite seen since *The Adventures of Tom Sawyer*—in other words, in all its mischievous, mysterious glory. Very few books make me laugh out loud, but *High Holiday Porn* did so on page after page... The formative male is an enigma not easily cracked; Bayme nails it with...an abundance of hilarity and heart." —John Grogan, author of *Marley & Me* and *The Longest Trip Home*

Born in 1980 in New York City, EYTAN BAYME studied at yeshivas in New York and New Jersey until age eighteen. He spent a year in the West Bank before earning a bachelor's degree in English from McGill University. His writing has been featured by College Humor, the Wassaic Art Project, and New York University. He currently lives in London. This is his first book.

Breathe

The Simple, Revolutionary 14-Day Program to Improve Your Mental and Physical Health

Dr. Belisa Vranich

This is THE book on breathing. It will change the way you think about breathing and take you back to the way your body wants to inhale and exhale resulting in mental and physical health benefits.

Insomnia? Gone. Anxiety? Gone. All without medication. Unpleasant side effects from blood pressure pills? Gone. A cheap and effective way to combat cardiovascular disease, immune dysfunction, obesity, and GI disorders? Yes. Sounds too good to be true? *Believe it.*

Contemporary science confirms what generations of healers have observed through centuries of practice: breath awareness can turn on the body's natural abilities to prevent and cure illness. The mental and physical stresses of modern life, such as sexual dysfunction, high blood pressure, digestive woes, and immune dysfunction can all be addressed through conscious control of your breath. In addition, it can increase energy, accelerate healing, improve cognitive skills, and enhance mental balance.

Yet most of us stopped breathing in the anatomically "right" way. Dr. Vranich shows readers how to turn back the tide of stress and illness, and improve the overall quality of their life through a daily breathing workout. In her fascinating, straightforward, jargon-free book, Dr. Vranich combines anatomy and fitness with psychology and mindfulness and gives readers a way of solving health problems at the crux and healing themselves from the inside out. *Breathe* is an easy-to-follow guide to breathing exercises that will increase energy, help lose weight, and make readers feel calmer and happier.

Police State

How America's Cops Get Away with Murder

Gerry Spence

Legal legend Gerry Spence puts America's Most Wanted—its own law enforcement officers—on trial for rampant abuse of power. When the police become the criminals, the people become the enemy.

In his 60-plus years as a trial lawyer, Gerry Spence has never represented a person accused of a crime in which the police hadn't themselves violated the law. Whether by covering up their corrupt dealings, by the falsification or manufacture of evidence, or by the outright murder of civilians, those individuals charged with upholding the law too often break it. The police and prosecutors won't charge or convict themselves, so the crimes of the criminal justice system are swept under the rug. Nothing changes.

Police State narrates the shocking account of the Madrid train bombings: how the FBI accused an innocent man of treasonous acts they knew he hadn't committed. It details the rampant racism within Chicago's police department, which landed a teenager, Dennis Williams, on death row. It unveils the coercive efforts of two cops to extract a false murder confession from frightened, fragile Albert Hancock, along with other appalling evidence from eight of Spence's most famous cases. And it raises the question: when the people we pay to protect us instead persecute us, how can we be safe?

In *Police State*, Spence issues a stinging indictment of the American justice system. Demonstrating that the way we select and train our officers guarantees fatal abuses of justice, he prescribes a challenging cure that stands to restore the promise of liberty and justice for all.

PRAISE

"We at Southern Poverty Law Center always knew the truth about which Spence writes. Too often the poor and middle class are brutalized and killed by the police in this 'land of the free,' and Spence offers solutions America must listen to."

—Morris Dees, President, Southern Poverty Law Center

"Gerry Spence's shocking experiences with rogue, killer police in his own cases prove his point, and he offers insightful new solutions that could assure a better tomorrow in the tragic struggle between law enforcement and the people they are sworn to protect." —Alan K. Simpson, U.S. Senator, Wyoming (1979-1997)

GERRY SPENCE is a legendary trial lawyer who has been practicing law since 1952 and has never lost a criminal case. Spence is known for going after systems of power that victimize innocent Americans. He remains famous for his defense of Karen Silkwood, Randy Weaver, and Imelda Marcos, among many others. He lives in Wyoming—where he founded the Trial Lawyers College—with his wife, Imaging. This is his eighteenth book.

The Company She Kept

A Joe Gunther Novel

Archer Mayor

“Over 26 years and 25 books, Joe Gunther has... grown in stature, and so has the series.” —Publishers Weekly (starred review)

During the height of a particularly brutal Vermont winter, one morning a woman’s body is found hanging high above the interstate. The woman, found with the word “dyke” carved on her chest, is quickly determined to be the victim of a brutal murder. That alone is enough to bring in Joe Gunther and his VBI (Vermont Bureau of Investigation) team. But when the victim is identified not only as a state senator, but as an intimate friend of the governor’s, it unleashes a publicity maelstrom that makes a difficult investigation more challenging. While the anti-lesbian message is an obvious feint meant to mislead investigators, it does reveal that the governor is gay, and forces her to publicly acknowledge that fact.

In the meantime, while the publicity rages on to even greater heights, the police begin to focus intensely on the dead senator’s life. One thing they uncover is that she had a fondness for recreational marijuana. In Vermont, however, neither lesbianism nor marijuana use are the stuff of murder. It’s up to Gunther and his team to cut through this particular stack of weed to find out not just who, but why?

PRAISE

“I once asked my wife who her favorite mystery author was and she said Archer Mayor... I’m not sure our marriage has recovered.” —Craig Johnson

“Archer writes books with strong female characters, plots to keep you up all night, and a good-looking, kind cop who’s single. What’s not to love? And with 25 in this irresistible series, satisfaction guaranteed.” —Lisa Scottoline

“When readers ask me who I read, who I admire, who I try to pattern myself after as a writer, I point to Archer Mayor. His Joe Gunther novels use wrenchingly perfect police procedurals to chronicle contemporary small town life in all its beauty and decay.” —Julia Spencer-Fleming

ARCHER MAYOR, in addition to writing the *New York Times* bestselling Joe Gunther series, is a death investigator for the state medical examiner and has twenty-five years of experience as a firefighter/EMT. He lives near Brattleboro, Vermont.

The 14th Colony

A Novel

Steve Berry

Minotaur's second novel from renowned *New York Times* top 5 bestseller Steve Berry, *The 14th Colony* continues the Cotton Malone series with his next riveting, history-based thriller.

What happens if both the president and vice-president-elect die before taking the oath of office? The answer is far from certain—in fact, what follows would be nothing short of total political chaos.

Shot down over Siberia, ex-Justice Department agent Cotton Malone is forced into a fight for survival against Aleksandr Zorin, a man whose loyalty to the former Soviet Union has festered for decades into an intense hatred of the United States.

Before escaping, Malone learns that Zorin and another ex-KGB officer, this one a sleeper still embedded in the West, are headed overseas to Washington D.C. Inauguration Day—noon on January 20th—is only hours away. A flaw in the Constitution and an even more flawed presidential succession act, have opened the door to disaster and Zorin intends to exploit both weaknesses.

Armed with a weapon leftover from the Cold War, Zorin plans to attack. He's aided by a shocking secret hidden in the archives of America's oldest fraternal organization—the Society of Cincinnati—a group that once lent out its military savvy to presidents.

In a race against the clock that starts in the frozen extremes of Russia and ultimately ends at the White House itself, Malone must not only battle Zorin, he must also confront a crippling fear which now jeopardizes everything. Steve Berry's trademark mix of history and speculation is all here in this provocative new thriller.

PRAISE

“One of Berry’s best books to date.” —Associated Press on *The Patriot Threat*

**“The latest Malone thriller offers the usual ingredients: likable hero, despicable villain, plenty of action, and a story that draws on a historical mystery and conspiracy....A solid entry in an entertaining and wildly successful series.”
—Booklist on *The Patriot Threat***

Wrath of the Furies

A Novel of the Ancient World

Steven Saylor

To rescue an old friend, Gordianus must go behind enemy lines, facing unspeakable danger in the greatest war of the ancient world.

In 88 B.C., it seems as if the entire ancient world is at war. In the west, the Italian states are rebelling against Rome; in the east, Mithridates is marching through and conquering the Roman Asian provinces. Even in the relatively calm Alexandria, a coup has brought a new Pharaoh to power and chaos to the streets. The young Gordianus has been waiting out the chaos in Alexandria with Bethesda when he gets a cryptic message from his former tutor and friend, Antipater. Now in Ephesus, as part of Mithridates' entourage, Antipater seems to think that his life is in imminent danger.

To rescue him, Gordianus concocts a daring, even foolhardy, scheme to go "behind enemy lines" and bring Antipater to safety. But there are powerful and deadly forces at work here, which have their own plans for Gordianus. Not entirely sure whether he's a player or a pawn, Gordianus must unravel the mystery behind the message if he's to save himself and the people he holds most dear.

PRAISE

"Steven Saylor's engrossing series of popular novels center around Gordianus the Finder—a kind of Roman Sherlock Holmes." —*Wall Street Journal*

"Saylor puts such great detail and tumultuous life into his scenes that the sensation of rubbing elbows with the ancients is quite uncanny." —*New York Times Book Review*

"Saylor has acquired the information of a historian but he enjoys the gifts of a born novelist." —*Boston Globe*

STEVEN SAYLOR is the author of acclaimed historical mystery novels featuring Gordianus the Finder, including *Raiders of the Nile*, as well as the internationally bestselling historical novels *Empire* and *Roma*. Bernard Minier

From the internationally-acclaimed author of *The Frozen Dead* comes a chilling murder mystery set in France during the World Cup.

They find the boy by the swimming pool, dolls floating on its surface. Inside the house, his teacher lies dead. But he claims to remember nothing...

June 2010. In the middle of a World Cup match, Martin Servaz receives a call from a long-lost lover. A few miles away in the town of Marsac, Classics professor Claire Diemar has been brutally murdered.

With death and chaos surrounding the small university town in Southern France where he was once a student and where his daughter is now enrolled, Servaz must act quickly.

With the help of detectives Irene Ziegler and Esperandieu, Servaz will have to uncover a world of betrayal and depravity to connect the dots between these gruesome murders that keep re-opening wounds from his past. The Year of Fear

Machine Gun Kelly and the Manhunt That Changed the Nation

Joe Urschel

“Machine Gun” Kelly, a kidnapping, and the cross-country, back-roads chase through Depression-era America that turned Kelly and J. Edgar Hoover into legends.

It’s 1933 and Prohibition has given rise to the American gangster. Bank robberies at gunpoint are commonplace and kidnapping for ransom is the scourge of a lawless nation. With local cops unauthorized to cross state lines in pursuit and no national police force, safety for kidnapers is just a short trip on back roads they know well from their bootlegging days. George “Machine Gun” Kelly and his wife, Kathryn, are two of the most celebrated gangsters of their era. With gin-running operations facing extinction and bank vaults with dwindling stores of cash, Kelly sets his sights on the easy-money racket of kidnapping. His target: rich oilman, Charles Urschel.

Enter J. Edgar Hoover is a desperate Justice Department bureaucrat who badly needs a successful prosecution to impress the new administration and save his job. Hoover’s agents are given the sole authority to chase kidnapers across state lines, and when Kelly bungles the snatch job, Hoover senses his big opportunity. What follows is a thrilling 20,000 mile chase over the back roads of Depression-era America, crossing 16 state lines and generating headlines across America along the way.

The Year of Fear is a thrilling true story of gangsters and lawmen and how an obscure federal bureaucrat used this now legendary kidnapping case to launch the FBI.

PRAISE

“A compelling tale that looks at the turbulent year of 1933, and the narrative reads like the most nail-biting thriller imaginable — yet it’s all true. . . . Urschel does an amazing job chronicling a time in history that was rough for those that lived it while making the events extremely readable. All history textbooks should be this fun and informative. Even experts of the period will find this book rewarding and might learn something new.” —*Washington Post*

“For those interested in the early years of the FBI and gangsters, this is the book to read. Readers will be completely absorbed.” —*Library Journal* (starred review)

JOE URSCHEL is the former Executive Director of the National Law Enforcement Museum in Washington, DC. Urschel is also a former managing editor of *USA TODAY*, where he served as a senior correspondent and columnist and has worked for the *Detroit Free Press* as a reporter, critic, and editor. His journalism honors include awards from the National Association of Newspaper Columnists, the National Association of Sunday and Feature Editors, and an Emmy. He lives in Virginia.

Superfluous Women

A Daisy Dalrymple Mystery

Carola Dunn

A pleasant lunch in the country with old friends takes an unexpected turn when a very old, very dead body shows up.

In England in the late 1920s, The Honourable Daisy Dalrymple Fletcher, on a convalescent trip to the countryside, goes to visit three old school friends in the area. The three, all unmarried, have recently bought a house together. They are a part of the generation of "superfluous women"—brought up expecting marriage and a family, but left without any prospects after more than 700,000 British men were killed in the Great War.

Daisy and her husband Alec—Detective Chief Inspector Alec Fletcher, of Scotland Yard—go for a Sunday lunch with Daisy's friends, where one of the women mentions a wine cellar below their house, which remains curiously locked, no key to be found. Alec offers to pick the lock, but when he opens the door, what greets them is not a cache of wine, but the stench of a long-dead body.

And with that, what was a pleasant Sunday lunch has taken an unexpected turn. Now Daisy's three friends are the most obvious suspects in a murder and her husband Alec is a witness, so he can't officially take over the investigation. So before the local detective, Superintendent Underwood, can officially bring charges against her friends, Daisy is determined to use all her resources (Alec) and skills to solve the mystery behind this perplexing locked-room crime.

A Mystery

Maia Chance

In this Prohibition-era caper, Lola Woodby agrees to recover a stolen film reel for its rightful owner, but before she can retrieve it, the man in possession of the reel is killed.

31-year-old society matron Lola Woodby has survived her loveless marriage with an unholy mixture of highballs, detective novels, and chocolate layer cake, until her husband dies suddenly, leaving her his fortune...or so Lola thought. As it turns out, all she inherits from Alfie is a big pile of debt. Pretty soon, Lola and her stalwart Swedish cook, Berta, are reduced to hiding out in the secret love nest Alfie kept in New York City. But when rent comes due, Lola and Berta have no choice but to accept an offer made by one of Alfie's girls-on-the-side: in exchange for a handsome sum of money, the girl wants Lola to retrieve a mysterious reel of film for her.

It sounds like an easy enough way to earn the rent money. But Lola and Berta realize they're in way over their heads when, before they can retrieve it, the man currently in possession of the film reel is murdered, and the reel disappears. On a quest to retrieve the reel and solve the murder before the killer comes after them next, Lola and Berta find themselves navigating one wacky situation after another in high style and low company.

Charming, witty, often laugh-out-loud funny, Maia Chance's *Come Hell or Highball* introduces a sparkling new voice in crime fiction.

Amory agrees to help lay a trap to catch the culprit at a lavish masked ball hosted by the notorious Viscount Dunmore. But when one of the illustrious party guests is murdered, Amory is pulled back into the world of detection, enlisted by old ally Detective Inspector Jones. As she works through the suspect list, she struggles to fend off the advances of the very persistent viscount even as rumors swirl about Milo and a French film star.

The Midwife and the Assassin

A Midwife Mystery

Sam Thomas

In this thrilling new mystery from the critically acclaimed author of *The Witch Hunter's Tale*, midwife Bridget Hodgson travels to London where she's forced into a new profession—as a spy.

1649. Three years have passed since midwife Bridget Hodgson and her deputy Martha Hawkins fled York for the safety of the English countryside. But when a mysterious letter from London brings them to the capital, they are forced into service under Jonathan Marlowe, Oliver Cromwell's chief spymaster. Reunited with Bridget's nephew Will, the three seek out Parliament's enemies even as the nation awaits the trial of the King on charges of treason.

Marlowe's first mission for Bridget is to spy upon Katherine Chidley, a notorious political radical and—Marlowe fears—a potential rebel against Parliament. The more time Bridget spends with Katherine, however, the closer the two become, and when Katherine's husband Daniel is murdered, Bridget and Martha join in the search for the killer. As the two uncover Daniel's secrets, the list of suspects grows ever longer, until it includes royalists, radicals, and a figure from Bridget's past, who is equal parts mysterious and deadly. When the killer strikes again, Bridget and Martha realize that he is bent on far more than mere murder, but intends to revive the civil wars or destroy England entirely.

Anatomy of Evil

A Barker and Llewelyn Novel

Will Thomas

In London of 1888, Private Enquiry Agent Cyrus Barker takes on his biggest case ever—the attempt to find and stop the killer terrorizing Whitechapel: Jack the Ripper.

Private enquiry agent Cyrus Barker, with the help of his assistant Thomas Llewelyn, has developed a reputation for discreetly solving some of the toughest, most consequential cases in recent history. Now the head of Scotland Yard's Criminal Investigation Department (CID), appears at Barker's office with an offer—help solve a most terrifying series of murders in Whitechapel that are turning the city upside down.

The investigation takes them through a maze of diverse groups in Victorian society, from high to low, visible to secret, each with its own agenda and concerns regarding the increasingly shocking murders. Barker and Llewelyn must hunt down the country's most notorious killer, separating truth from legend, before the killer strikes again. But so far the Whitechapel Killer has managed to elude the finest minds of Scotland Yard, and even Barker's prodigious skills may not be enough to track down a killer in time.

PRAISE

Praise for Fatal Enquiry:

“A classic detective duo... The best fun in this Big Boys' Adventure Book is observing Barker in action.”—Marilyn Stasio, *New York Times Book Review*

“Readers will relish the appealing characters, clever twists, and colorful vision of late 19th-century London.”—*Publishers Weekly*

“Well-crafted and immersive, this a great addition [for] Thomas' fans, as well as those of Alex Grecian and Anne Perry's.”—*Booklist*

WILL THOMAS is the author of the Cyrus Barker and Thomas Llewelyn series, most recently *Fatal Enquiry*, as well as *The Black Hand*, *The Hellfire Conspiracy*, *The Limehouse Text*, *To Kingdom Come*, and the Shamus and Barry award-nominated *Some Danger Involved*. He lives in Oklahoma.

Time of Departure

A Novel

Douglas Schofield

A debut mystery with a surprising twist, featuring a young state prosecutor investigating a series of murders dating back to the 1970s and a mysterious ex-cop who knows way too much about her.

Florida state prosecutor Claire Talbot is as tough as they come, and not everyone loves her for it. Newly promoted Felony Division Chief, Claire has about as many jealous detractors as she does supporters. Some colleagues are openly skeptical about her youth, her abilities, and her gender. When a highway project construction crew unearths two skeletons in a common grave, Claire reopens an investigation looking into a string of abductions that took place before she was born. While researching the file, she meets retired cop Marc Hastings, who once worked on the case. He maneuvers his way into the investigation—and into Claire’s life. Marc has an uncanny familiarity with Claire’s habits, and she begins to realize that not all is as it seems. The detective urges Claire on, convinced that only she can solve the case. Together, they unearth more graves. But then, disaster strikes...and Claire finally discovers what Hastings knew all along. It’s a secret almost too shocking for a sane mind to grasp. The key to the killings may lie deep in Claire’s own past. But what if Claire’s past lies in her future?

Full of spellbinding twists, *Time of Departure* will appeal not only to thriller aficionados, but to readers who appreciate a strong female lead and a compelling love story. A page-turner that will keep readers on the edge of their seats, *Time of Departure* heralds the arrival of an immensely talented new crime novelist.

PRAISE

“If Michael Connelly and Audrey Niffenegger collaborated on a story and then sent it into the past to be edited by Rod Sterling, that novel would be *Time of Departure*. A hard-boiled detective thriller with a dash of fantasy, *Time of Departure* is a clever read. Daring, even. It risks angering readers who thought they knew what they were in for, only to be derailed at the turn. But the brave souls who venture on will not be disappointed.” —James Renner, author of *The Man From Primrose Lane* and *It Came From Ohio*

DOUGLAS SCHOFIELD was raised and educated in British Columbia, where he earned degrees in History and Law. Over the past thirty years, he has worked as a lawyer in Canada, Bermuda and the Cayman Islands. He has prosecuted and defended hundreds of cases of murder, sexual assault and other serious crimes. Schofield and his wife Melody live on Grand Cayman, along with their most excellent and amazing talking cat, Juno.

She has a family of her own now: she and Daniel have a baby son and 12-year-old Bridie is living with them as their ward. As Molly and the children listen to carolers in the street, they hear a lovely voice, the voice of an angel, and see a beggar girl huddled in a doorway, singing "Away in a Manger." Bridie is touched by the girl's ragged clothes and wants to help her out if they can. They give her a quarter, only to watch a bigger boy take it from her. But Molly discovers the boy is the girl's older brother. They've come from England and their mother has disappeared, and they're living with an aunt who mistreats them terribly.

Molly quickly realizes that these children are not the usual city waifs. They are well-spoken and clearly used to better things. So who are they? And what's happened to their mother? As Molly looks for a way to help the children and for the answers to these questions, she becomes drawn into an investigation that will take her up to the highest levels of New York society.
