Revised and updated edition of the perfect one-volume go-to source for science information

Science is vital for every inhabitant of today's world, and being scientifically informed and literate is a crucial part of any child's education. Science can seem daunting -- especially as scientific knowledge advances so quickly -- and this volume is the perfect purchase for any family. It will bear repeated use by all the family from 10+ through the teenage years.

Fully updated for this new 4th edition with the very latest facts and data; clear text and more than 1000 photos and illustrations will inform and amaze.

Dr. Mike Goldsmith studied the philosophy of time and space at Keele University in the UK, where he also obtained his PhD in astrophysics. He was formerly the Head of Acoustics at the UK's National Physical Laboratory and is now an author of non-fiction books for children. In 2016, he was made a Fellow of the British Royal Astronomical Society.

Have fun listening to all your favorite machines on the go!

Amazing Airplanes Sound Book is a fantastic addition to the bestselling *Amazing Machines* range. The perennially popular picture book is now available for the first time in this exciting new format. Young children will love hearing the roar of the plane's engines, the sounds of the airport, the pilot in his cockpit, and much more, discovering new sounds on every spread.

The *Amazing Machines* picture books feature zippy wordplay and zappy art, perfect for entertaining mini motorheads. The much-loved animal characters that feature throughout the series return in this book as they arrive at the airport ready to board their plane.

2017 is the twentieth anniversary of the original *Amazing Machines* picture books, making this the perfect opportunity to engage a whole new generation of young machine-lovers!

Tony Mitton has been reading and writing since he was 9. He began writing specifically for children while still working as a primary school and special needs teacher. He now works full-time as a writer and sometimes performs his poems in schools and libraries. His picture books include *Down by the Cool of the Pool* (with Guy Parker-Rees) and *The Somethingosaur* (with Russell Ayto). He was recently contracted to rewrite the English verse texts for Dick Bruna's *Miffy* series of preschool books.

EXPLORERS SERIES

Explorers nonfiction books are designed for readers in the early elementary grades (ages 7–10), who are beginning to exercise wider reading, research and cross-referencing skills. They can be read from page to page, or the reader can follow special “page links” to access information on related topics. Fabulous artwork scenes are followed up with photographic information spreads, which provide extra detail and background.

Date, prices, titles, and manufacturing specifications for all books announced are subject to change without notice. The listing of a price for any title in this catalog is not intended to control the resale price thereof. Kingfisher is a participant in the Library of Congress Cataloging-in-Publication program. Most of the titles appearing in this catalog will carry CIP data. ISBN indicates the International Standard Book Number.
Covers shown in this catalog may not be final.

Macmillan reserves the right to ship loose copies of titles included in displays and prepacks if the displays and prepacks are not available.

Prices are correct at the time of going to print, but may be subject to change.

Children's Book Council

Kingfisher is a member of the Children's Book Council (CBC), a nonprofit trade organization that encourages the use and enjoyment of books and related literacy materials for young people. Our books from the current and immediately preceding year are available for examination at the CBC Library, 54 West 39th Street, 14th Floor, New York, NY 10018. The library is open to the public from 9:30 a.m. to 4:30 p.m., Monday through Friday
