The Russian

A Novel

Ben Coes

As the brutal Russian mafia evolves into the most powerful and deadly criminal enterprise in the country, the U.S. turns to a new hero, Rob Tacoma, in a new series from *New York Times* bestselling...

After the break-up of the Soviet Union, some of the most hardened and capable criminals came to the United States. Over the past two decades, they have created a vicious and fearless underworld, breathtaking in its violence, disturbing in its efficiency, destructive to society at large. With conventional law enforcement methods unable to stem the tide, the President issues top secret Executive Order 12-4b3 creating a small, deadly team to take on this fight behind the scenes—a kill team.

The head of the CIA's Special Operations Group, Bo Coll, is picked to head this group and he, in turn, asks Rob Tacoma to be his deputy. Rob Tacoma—former Navy SEAL and former CIA agent—has a special reason to accept. Tacoma was raised by his grandparents after his own parents were killed by the Russia mafia. But before Tacoma can even start, Bo Coll is found murdered in his own home, as a warning from the Russian mafia itself. Now Tacoma is in charge of the team and they have their first mission, to achieve the near impossible: to find and neutralize the mob boss behind Bo Coll's death. To do so means taking on practically an army in a battle where there are no rules and no limits.

Branching off from his bestselling Dewey Andreas audiobooks, this is the first in a brand new series from thriller writer Ben Coes.

Montauk

A Novel

Nicola Harrison

This epic and cinematic debut novel captures the glamour and romance of a summer by the sea with the story of a woman torn between the life she chose and the life she desires.

For three months, this humble fishing village will serve as the playground for New York City's wealthy elite. For Beatrice Bordeaux, a college educated farm girl from rural Pennsylvania, her focus is reconnecting with her banker husband Harry. Instead, she'll be spending twelve weeks sequestered with other high society wives at The Montauk Manor—a two-hundred room seaside hotel—while her husband dallies in his “extra-curricular activities.”

As Bea drifts further from the Manhattanites and towards Montauk's natural beauty and community spirit, she finds herself drawn to a man nothing like her husband. Finally able to feel her original self emerging, Bea is alive once again.. But those moments may be fleeting as fate conspires to tear her whole world apart.

From *New York Times* bestselling biographer J. Randy Taraborrelli comes his most astonishing Kennedy audiobook yet.

A unique burden was inherited by the children born to the original Kennedy icons: JFK and Jackie; Bobby and Ethel; Ted and Joan; and the rest. Raised against a backdrop of American history, their mandate was to be of service, just like their ancestors. Based on exclusive first-hand interviews as well as Oral Histories from the JFK Presidential Library and the Ted Kennedy Institute, Taraborrelli takes listeners behind the scenes of a sweeping and epic family drama as these Kennedy heirs succeed and fail in ways both triumphant and heartbreaking.

These are the Kennedy stories you've never heard before, such as:

-John Kennedy Jr.'s tumultuous marriage to Carolyn Bessette, how the family's matriarch, Ethel Kennedy, groomed her to become a Kennedy wife - and why Ethel told Carolyn *not* to get on the plane that took her and John to their death.

-The first-ever full appraisal of Caroline Kennedy's surprising marriage to Ed Schlossberg, her astonishing relationship with her mother-in-law, Mae, her sibling rivalry with her brother, John—and why her ill-fated Senatorial run never stood a chance.

A whole new generation of Kennedys battle the public's preconceived notions—and each other—for power, pride and prestige...all under the iron-fisted guidance of the family's autocratic matriarch, Ethel. Listeners will come to understand that family was not just an important thing to the Kennedys. *It was everything.*

“Riveting...Taraborrelli presents a woman of passion, both sexual and emotional, whose facade somehow always remains in place...the magic of Jackie's aura is imperishable to this day...deliciously readable.” —*New York Times Book Review*

“In this revealing biography, Taraborrelli explores the complicated relationship between Jacqueline Bouvier Kennedy Onassis, her mother Janet Lee Auchincloss, and her sister, Princess Lee Radziwill. Though the two sisters became two of the most idolized women of the 20th century, they struggled with sibling jealousy and constantly sought 'money and power'—which their mother told t...

Emotional Advantage

Embracing All Your Feelings to Create a Life You Love

Randy Taran

An auditory guide to gaining emotional literacy and embracing emotions to become our fully realized selves and live the lives we dream of.

In recent years, there has been an overwhelming interest in the science of happiness and positive psychology, and many audiobooks on the subject. There is a good reason for this—it is a core, universal human drive. And while happiness has opened the door for many to move forward, there is a burgeoning curiosity about the full range of human emotions, all of which factor into the human experience. Happiness is just one part of the picture, one emotion of many, one aspect of personal growth.

In our collective quest to thrive through self-discovery, what has not been amply explored is emotional literacy, engaging the full spectrum of feelings. Neuroscience reveals that to understand and utilize any emotion, we need to “name it to tame it.” It turns out that even negative emotions have something to offer, if we know how to learn from them. A life fully lived has to include an awareness of the whole range of feelings: the ones we welcome, and the ones we would rather avoid.

Emotional Advantage is a practical and inspirational guide to show listeners new perspectives on how fear can move us to courage, how guilt can clarify our values, and how anger can help us create healthy boundaries. Each emotion, feeling, and state has the power to bring us back to our true essence.

Things You Save in a Fire

Katherine Center; read by Therese Plummer

From the *New York Times* bestselling author of *How to Walk Away* comes a stunning new audiobook about family, hope, and learning to love against all odds.

Cassie Hanwell was born for emergencies. As one of the only female firefighters in her Texas firehouse, she's seen her fair share of them, and she's excellent at dealing with other people's tragedies. But when her estranged and ailing mother asks her to uproot her life and move to Boston, it's emergency of a kind Cassie never anticipated.

The tough, old-school Boston firehouse is as different from Cassie's old job as it could possibly be. Hazing, a lack of funding, and poor facilities mean that the firemen aren't exactly thrilled to have a "lady" on the crew, even one as competent and smart as Cassie. Except for the handsome rookie, who doesn't seem to mind having Cassie around. But she can't think about that. Because she doesn't fall in love. And because of the advice her old captain gave her: *don't date firefighters*. Cassie can feel her resolve slipping...but will she jeopardize her place in a career where she's worked so hard to be taken seriously?

Things You Save in a Fire is a heartfelt, affecting audiobook about life, love, and the true meaning of courage.

The Electric Hotel

A Novel

Dominic Smith; read by Edoardo Ballerini

From the *New York Times* bestselling author Dominic Smith, a radiant audiobook tracing the intertwined fates of a silent-film director and his muse

Dominic Smith's *The Electric Hotel* winds through the nascent days of cinema in Paris and Fort Lee, New Jersey—America's first movie town—and on the battlefields of Belgium during World War I. A sweeping work of historical fiction, it shimmers between past and present as it tells the story of the rise and fall of a prodigious film studio and one man's doomed obsession with all that passes in front of the viewfinder.

For nearly half a century, Claude Ballard has been living at the Hollywood Knickerbocker Hotel. A French pioneer of silent films, who started out as a concession agent for the Lumière brothers, the inventors of cinema, Claude now spends his days foraging mushrooms in the hills of Los Angeles and taking photographs of runaways and the striplings along Sunset Boulevard. But when a film-history student comes to interview Claude about *The Electric Hotel*—the lost masterpiece that bankrupted him and ended the career of his muse, Sabine Montrose—the past comes surging back. In his run-down hotel suite, the ravages of the past are waiting to be excavated: celluloid fragments and reels in desperate need of restoration, and Claude's memories of the woman who inspired and beguiled him.

PRAISE

"As fresh and deliciously strange as the first days of film-making it so dazzlingly brings to life, *The Electric Hotel* is utterly absorbing, astonishingly inventive, and richly imagined. Dominic Smith is a wizard." —Andrea Barrett

A Novel

Mary Kay Andrews; read by Kathleen McInerney

A delightful new audiobook by the *New York Times* bestselling author of *The High Tide Club*.

Drue Campbell's life and career have recently been derailed. The only thing she has left is the house her mother left her: a ramshackle beach bungalow with a missing roof in the once-sleepy town of Sunset Beach, which is rapidly becoming a hot spot for the rich and well-heeled, who are none too pleased about the shabby eyesore in their perfect neighborhood.

When Drue's larger-than-life father unexpectedly turns up at her mother's funeral and offers her a job at his law firm, Drue doesn't know whether to be grateful or resentful that he has suddenly reappeared. Mentors

How to Help and Be Helped

Russell Brand; read by the author

Russell Brand explores the idea of mentoring and shares what he's learned from the guidance of his own helpers, heroes and mentors.

Could happiness lie in helping others and being open to accepting help yourself? *Mentors* – the follow up to *Sunday Times* number one bestseller, *Recovery* – describes the benefits of seeking and offering help.

"I have mentors in every area of my life, as a comic, a dad, a recovering drug addict, a spiritual being and as a man who believes that we, as individuals and the great globe itself, are works in progress and that through a chain of mentorship we can improve individually and globally, together . . . One of the unexpected advantages my drug addiction granted is that the process of recovery that I practise includes a mentorship tradition.

"I will encourage you to find mentors of your own and explain how you may better use the ones you already have. Furthermore, I will tell you about my experiences mentoring others and how invaluable that has been on my ongoing journey to self-acceptance and how it has helped me to transform from a bewildered and volatile vagabond to a (mostly) present and (usually) focussed husband and father."—Russell Brand

Mentors: How to Help and Be Helped describes the impact that a series of significant people have had on the author – from the wayward youths he tried to emulate growing up in Essex, through the first ex-junkie sage, to the people he turns to today to help him be a better father. Connections in Death

An Eve Dallas Novel (In Death, Book 48)

J. D. Robb

In this gritty and gripping new audiobook in the #1 New York Times bestselling series, Eve Dallas fights to save the innocent—and serve justice to the guilty—on the streets of New York.

Homicide cop Eve Dallas and her billionaire husband, Roarke, are building a brand-new school and youth shelter. They know that the hard life can lead kids toward dangerous crossroads—and with this new project, they hope to nudge a few more of them onto the right path. For expert help, they hire child psychologist Dr. Rochelle Pickering—whose own brother pulled himself out of a spiral of addiction and crime with Rochelle's support.

Lyle is living with Rochelle while he gets his life together, and he's thrilled to hear about his sister's new job offer. But within hours, triumph is followed by tragedy. Returning from a celebratory dinner with her boyfriend, she finds Lyle dead with a syringe in his lap, and Eve's investigation confirms that this wasn't just another OD. After all his work to get clean, Lyle's been pumped full of poison—and a neighbor with a peephole reports seeing a scruffy, pink-haired girl fleeing the scene.

Now Eve and Roarke must venture into the gang territory where Lyle used to run, and the ugly underground world of tattoo parlors and strip joints where everyone has taken a wrong turn somewhere. They both believe in giving people a second chance. Maybe even a third or fourth. But as far as they're concerned, whoever gave the order on Lyle Pickering's murder has run out of chances...

Perhaps most damaging of all, trapped emotional energies can gather around the heart, cutting off the ability to give and receive love.

The Emotion Code is a powerful and simple way to rid yourself of this unseen baggage. Dr. Nelson's method gives you the tools to identify and release the trapped emotions in your life, eliminating the negative energy, and opening your heart and body to the positive energies of the world. Filled with real-world examples from many years of clinical practice, *The Emotion Code* is a distinct and authoritative work that is destined to become an instant classic on self-healing.

The Whisper Man

Alex North

For listeners who love Stephen King and Karin Slaughter, a terrifying and heartbreaking thriller featuring one of the most memorable villains since *Silence of the Lambs*.

Tom Kennedy and his young son Jake are having a tough time after the sudden death of their wife and mother. A fresh start will help heal. A new beginning, a new house, a new town. Featherbank.

But the town has a dark past. Fifteen years ago a serial killer abducted and murdered five residents. Until Frank Carter was finally caught, he was nicknamed "The Whisper Man," for he would lure his victims out by whispering at their window at night.

Of course, an old crime need not trouble Tom and Jake as they settle into their new home. Except that now a young boy has gone missing under eerily familiar circumstances, reigniting old rumors that The Whisper Man preyed with an accomplice. Detectives Amanda Beck and Pete Willis must find the boy before it's too late, even if that means Pete has to revisit his great foe in prison. The Whisper Man.

And then Jake begins acting strangely. He hears a whispering at his window...

Nottingham

Nathan Makaryk; read by Raphael Corkhill and Marisa Calin

With the scope and depth of Ken Follett and Edward Rutherford, Nathan Makaryk delivers a complex and compelling retelling of the legend of Robin Hood

England, 1191. King Richard is half a world away, fighting for God and his own ambition. Back home, the country languishes, bankrupt and on the verge of anarchy. People with power are running unchecked. People without are growing angry. And in Nottingham, the largest and wealthiest shire in England, a dangerously passive sheriff seems intent on doing nothing.

As the leaves turn gold in the Sherwood Forest, the lives of six people—Arable, a servant girl with a secret, Robin and William, soldiers running from their pasts, Marion, a noblewoman working for change, Guy of Gisbourne, a beleaguered guard captain, and Elena Gamwell, a brash, ambitious thief—become intertwined.

And a strange story begins to spread . . .

Both a gripping historical epic and fascinating deconstruction of the Robin Hood legend, Nathan Makaryk's *Nottingham* mixes history and myth into a complex study of power—one that twists and turns far beyond the traditional tale of Sherwood Forest's iconic thief.

Nathan Makaryk is a theater owner, playwright, director and actor, living in southern California. *Nottingham* is his first novel.

The bestselling author of the Liberation Trilogy delivers the magnificent first audiobook in his new trilogy about the American Revolution.

Rick Atkinson, author of the Pulitzer Prize-winning *An Army at Dawn* and two other superb books about World War II, has long been admired for his deeply researched, stunningly vivid narrative histories. Now he turns his attention to a new war, and in the initial volume of the Revolution Trilogy he recounts the first twenty-one months of America's violent war for independence. From the battles at Lexington and Concord in spring 1775 to those at Trenton and Princeton in winter 1777, American militiamen and then the ragged Continental Army take on the world's most formidable fighting force. It is a gripping saga alive with astonishing characters: Henry Knox, the former bookseller with an uncanny understanding of artillery; Nathanael Greene, the blue-eyed bumpkin who becomes a brilliant battle captain; Benjamin Franklin, the self-made man who proves to be the wiliest of diplomats; George Washington, the commander in chief who learns the difficult art of leadership when the war seems all but lost. The story is also told from the British perspective, making the mortal conflict between the redcoats and the rebels all the more compelling.

Full of riveting details and untold stories, *The British Are Coming* is a tale of heroes and knaves, of sacrifice and blunder, of redemption and profound suffering. Rick Atkinson has given stirring new life to the first act of our country's creation drama.

Rick Atkinson is the bestselling author of the Liberation Trilogy—*An Army at Dawn* (winner of the Pulitzer Prize for history), *The Day of Battle*, and *The Guns at Last Light*—as well as *The Long Gray Line* and other books. His many additional awards include a Pulitzer Prize for journalism, the George Polk Award, and the Pritzker Military Library Literature Award. A former staff writer and senior editor at *The Washington Post*, he lives in Washington, D.C.

Like Lions

A Novel

Brian Panowich; read by Brian Troxell

The powerful follow-up to acclaimed debut *Bull Mountain*.

Brian Panowich's acclaimed debut *Bull Mountain* burst onto the crime fiction scene in 2015, winning awards and accolades from readers and critics alike. Now with *Like Lions*, he cements his place as one of the outstanding new voices in crime fiction.

Clayton Burroughs is a small-town Georgia sheriff, a new father, and, improbably, the heir apparent of Bull Mountain's most notorious criminal family.

As he tries to juggle fatherhood, his job and his recovery from being shot in the confrontation that killed his two brothers last year, he's doing all he can just to survive. Yet after years of carefully toeing the line between his life in law enforcement and his family, he finally has to make a choice.

With the death of a boy from a rival group, Clayton is pulled back into the life he so desperately wants to leave behind. Revenge is a powerful force, and the vacuum left by his brothers' deaths has left them all vulnerable. With his wife and child in danger, and the way of life in Bull Mountain under siege for everyone, Clayton will need to find a way to bury the bloody legacy of his past once and for all.

PRAISE**Praise for *Bull Mountain*:**

In this heartfelt, funny, touching memoir, Tan France, star of Netflix's smash-hit Queer Eye, tells his origin story for the first time. With his trademark wit, humor, and radical compassion, Tan reveals what it was like to grow up gay in a traditional Muslim family, as one of the few people of color in Doncaster, England. He illuminates his winding journey of coming of age, finding his voice (and style!), and how he finally came out to his family at the age of 34, revealing that he was happily married to the love of his life—a Mormon cowboy from Salt Lake City.

In Tan's own words, "The book is meant to spread joy, personal acceptance, and most of all understanding. Each of us is living our own private journey, and the more we know about each other, the healthier and happier the world will be."

The Long Accomplishment

A Memoir of Struggle and Hope in Matrimony

Rick Moody; read by the author

Rick Moody, the award-winning author of *The Ice Storm*, shares the harrowing true story of the first year of his second marriage—an eventful month-by-month account—in *The Long Accomplishment: A Me...*

At this story's start, Moody, a recovering alcoholic and sexual compulsive with a history of depression, is also the divorced father of a beloved little girl and a man in love; his answer to the question "Would you like to be in a committed relationship?" is, fully and for the first time in his life, "Yes."

And so his second marriage begins as he emerges, humbly and with tender hopes, from the wreckage of his past, only to be battered by a stormy sea of external troubles—miscarriages, the deaths of friends, and robberies, just for starters. As Moody has put it, "this is a story in which a lot of bad luck is the daily fare of the protagonists, but in which they are also in love." To Moody's astonishment, matrimony turns out to be the site of strength in hard times, a vessel infinitely tougher and more durable than any boat these two participants would have traveled by alone. Love buoys the couple, lifting them above their hardships, and the listener is buoyed along with them.

PRAISE
[Praise for Rick Moody](#)

"One of the most prodigiously talented writers in America."—*The Wall Street Journal*

"With boldness, humor, generosity of spirit, and a welcome sense of wrath, [Moody] takes the art of the memoir an important step into its future."—Thomas Pynchon

"That rare writer who can make the language do tricks and still suffuse his narrative with soul."—*Esquire*

Rick Moody was born in New York City. He attended Brown and Columbia Universities. He is the author of the award-winning memoir *The Black Veil* and of the novels *Hotels of North America*, *The Four Fingers of Death*, *Purple America*, *The Ice Storm*, *Garden State*, and multiple collections of short fiction. Moody is the recipient of a Guggenheim fellowship, and his work has been anthologized in *Best American Stories*, *Best American Essays*, and the Pushcart Prize anthology. He lives in Rhode Island.

A Nearly Normal Family

A Novel

M. T. Edvardsson; read by Richard Armitage, Georgia Maguire, and Emily Watson

How far would you go to protect those you love? How well do you know your own children? Is it ever justified to kill?

A psychological thriller told in three acts, *A Nearly Normal Family* follows nineteen-year-old Stella, who stands accused of the brutal murder of a much older man. Stella is an ordinary teenager from an upstanding local family. What reason could she have to know a shady businessman, let alone to kill him?

Chronologically told through three perspectives, listeners follow both the story of a crime and the unraveling of a seemingly normal family: the father, a pastor; the daughter, a recent high school graduate; and the mother, a criminal defense attorney. Testing the moral compass of the pastor father and attorney mother, dazzling storyteller Mattias Edvardsson weaves a web in which everyone becomes entangled and nothing is what it seems.

Mattias Edvardsson is a writer and teacher from Trelleborg, Sweden. He is the author of three previous novels and two books for young readers in Sweden. Edvardsson lives with his family in Löddeköpinge, Sweden.

The Daughters of Temperance Hobbs

A Novel

Katherine Howe; read by Barrie Kreinik

New York Times bestselling author Katherine Howe returns to the world of *The Physick Book of Deliverance Dane* with a bewitching story of a New England history professor who must race against time...

Connie Goodwin is an expert on America's fractured past with witchcraft. A young, tenure-track professor in Boston, she's earned career success by studying the history of domestic healing arts—women's home recipes and medicines—and by exposing the cultural fears of women fluent in those skills. But beyond her studies, Connie harbors a secret: She is the direct descendant of a woman tried as a witch in Salem, an ancestor whose abilities were much less earthly and more supernatural than the historical record shows.

When a hint from her mother and clues from her research lead Connie to the startling realization that her beloved fiancé's life is in danger, she must hurry to solve the mystery behind a hundreds'-years-long deadly cycle to save him.

Using flashbacks through American history to gather learnings from supernaturally gifted women, *The Daughters of Temperance Hobbs* affectingly captures not only the special bond that links one particular matriarchal line, but also makes plain the many challenges to women's survival across the decades—and the risks some must take to keep their families alive.

PRAISE

Praise for *The Physick Book of Deliverance Dane*:

"A witch story that will leave you spellbound. . . . Magic." —USA Today

"A captivating thriller of the hidden powers of women throughout the centuries." —Boston Globe

Katherine Howe is the author of *New York Times* bestsellers *The Physick Book of Deliverance Dane* and *The House of Velvet and Glass*, as well as two young adult novels, *Conversion* and *The Appearance of Annie van Sinderen*. She served as editor of *The Penguin Book of Witches* and her fiction has been translated into over twenty languages. Tom Clancy's Op-Center: Sting of the Wasp

Created by Tom Clancy and Steve Pieczenik, Written by Jeff Rovin; read by Jeff Gurner

After an intelligence failure at Op-Center results in a major terrorist attack, director Chase Williams radically transforms the agency into a ground-breaking new mobile strike force.

It's a beautiful summer day in Manhattan as excited tourists board the floating Air and Space Museum on the USS Intrepid. Suddenly, a horrible explosion rips across the flight deck, showering the body parts of innocent men, women, and children everywhere. The perpetrator is none other than Captain Ahmed Salehi, an Iranian mastermind whose last terrorism plot was foiled at the last minute by Op-Center. This time, seeking revenge, he slipped under their radar.

Back in Washington, the White House orders Op-Center disbanded—or so it seems. Unbeknownst to America's enemies, director Chase Williams has been put in charge of a brand-new, top-secret covert attack team known only as BLACK CAT. Its members, each chosen for their unique set of dangerous black-ops skills—martial arts expert Lieutenant Grace Lee, sharpshooter Lance Corporal Jaz Rivette, and JAG attorney Major Hamilton Breen—have been assigned to seek out Salehi and bring him to justice. Whatever it takes.

But Williams and his team soon discover Salehi is part of a new and even more frightening conspiracy, led by a renegade Iranian tycoon determined to become the next Osama bin Laden and establish a new Islamic State that will make ISIS seem like child's play. From the heart of Manhattan, to the swamps of Trinidad, to the sunbaked mud villages of Yemen, this new Op-Center is America's only line of defense against a bloody Middle Eastern tyrant.

PRAISE

Praise for the series:

"A top-notch military thriller, combining politics, suspense, and action." —*Booklist* for *Into the Fire*

"Thriller addicts like me devoured every Tom Clancy's Op-Center tale. The Guest Book

A Novel

Sarah Blake; read by Orlagh Cassidy

From the *New York Times* bestselling author of *The Postmistress* comes a story that is *The Hours* meets *The Forsyte Saga*, about a love affair between the daughter of a great American family and an u...

An audiobook about past mistakes and betrayals that ripple throughout generations, *The Guest Book* examines not just a privileged American family, but a privileged America. It is a literary triumph.

The Guest Book follows three generations of a powerful American family, a family that “used to run the world”.

And when the story begins in 1935, they still do. Kitty and Ogden Milton appear to have everything—perfect children, good looks, a love everyone envies. But after a tragedy befalls them, Ogden tries to bring Kitty back to life by purchasing an island in Maine. That island, and its house, come to define and burnish the Milton family, year after year after year. And it is there that Kitty issues a refusal that will haunt her till the day she dies.

In 1959 a young Jewish man, Len Levy, will get a job in Ogden’s bank and earn the admiration of Ogden and one of his daughters, but the scorn of everyone else. Len’s best friend Reg Pauling has always been the only black man in the room—at Harvard, at work, and finally at the Miltons’ island in Maine.

An island that, at the dawn of the 21st century, this last generation doesn’t have the money to keep. When Kitty’s granddaughter hears that she and her cousins might be forced to sell it, and when her husband brings back disturbing evidence about her grandfather’s past, she realizes she is on the verge of finally understanding the silences that seemed to hover just below the surface of her...

PRAISE

Praise for Sarah Blake’s *The Postmistress*:

“Great books give you a feeling that you miss all day until you finally get to crawl back inside those pages again. *The Postmistress* is one of those rare books. When I wasn’t reading it, I was thinking about it.” —Kathryn Stockett, author of *The Help*

“Some novels we savor for their lapidary prose, others for their flesh and blood characters, and still others for a sweeping narrative arc that leaves us light-headed and changed; Sarah Blake’s masterful *The Postmistress* serves us all this and more.” —Andre Dubus III, author of *House of Sand and Fog*
