## Heartless

Marissa Meyer; Read by Rebecca Soler

**In her first stand-alone novel, *New York Times*-bestselling author Marissa Meyer chills and dazzles us with a prequel to *Alice in Wonderland*-the untold story of the Queen of Hearts!**

Long before she was the terror of Wonderland - the infamous Queen of Hearts - she was just a girl who wanted to fall in love.

Catherine may be one of the most desired girls in Wonderland, and a favorite of the yet-unmarried King of Hearts, but her interests lie elsewhere. A talented baker, all she wants is to open a shop with her best friend and supply the Kingdom of Hearts with delectable pastries and confections. But according to her mother, such a goal is unthinkable for the young woman who could be the next Queen.

At a royal ball where Cath is expected to receive the king's marriage proposal, she meets Jest, the handsome and mysterious court joker. For the first time, she feels the pull of true attraction. At the risk of offending the King and infuriating her parents, she and Jest enter into an intense, secret courtship.

Cath is determined to define her own destiny and fall in love on her terms. But in a land thriving with magic, madness, and monsters, fate has other plans.

Cody and her boyfriend James were two of the lucky babies from the 1% of the U.S. population that were randomly selected to benefit from genetic engineering. Now, she and the rest of The Ones are excelling. They aren't otherworldly, just perfect. The Equality Movement capitalizes on this growing fear and jealousy and gains enough political traction to outlaw their existence. The line between right and wrong blurs in the face of injustice and Cody becomes closer to a group of radical Ones intent on fighting back, while James begins to fear just how far she is willing to go for the cause.

Thought provoking, thrilling, and complex, the first in this explosive new young adult series will appeal to fans of *Divergent* and *The Fifth Wave*.
