If you're from the neighborhood, you surely know ARIOL, the little blue donkey with round glasses. He's fulfilling his greatest dream today: being invited to Petula's, the young cow he's secretly in love with. But the obstacles are mounting! Petula's dad, a fearsome bull from the South, and Petula's big brother, a sixteen-year-old calf raised by his mother, do their best to run interference. Will Ariol make it to Petula's room, at the end of the hallway on the right, to play Thunder Horse and Princess Filly?

EMMANUEL GUIBERT has written many graphic novels for readers young and old, among them the *Sardine in Outer Space* series, *The Professor's Daughter* with Joann Sfar, and *Alan's War: The Memories of G.I. Alan Cope*. Another of Guibert's recent works is *The Photographer*. Showered with awards, it relates a Doctors Without Borders mission in 1980s Afghanistan. Guibert lives in Paris with his wife and daughter.

Originating from Burgundy (as do the best snails), **MARC BOUTAVANT** now lives and works in Paris. His work springs from a wry observation of life and the interaction of his friends and children. Their quirks of personality, mannerisms and reactions to situations are transposed onto his characters.

Praise For...

"Guibert writes about childhood from a child's view so convincingly, so compellingly, that reading these stories as an adult will likely not only remind you of kids you know, but of your own time spent as a kid." — SCHOOL LIBRARY JOURNAL "Good Comics For Kids"

Is Garfield doomed to become a dog?

When Garfield overhears Jon tell Liz "you are what you eat" he panics-- he's just eaten a can of dog food! Now, Garfield must figure out a way to avoid one of his darkest fears... turning into a dog like Odie! Featuring five more stories from The Garfield Show.

JIM DAVIS is the creator of *Garfield*, named by Guinness World Records as "The Most Widely Syndicated Comic Strip in the World." Jim spent started his cartooning career as an assistant to *Tumbleweeds* creator, Tom Ryan. Three ARIOL graphic novels in one boxed set!

Ariol is your average everyday donkey whose in love with a cow, lives in the suburbs with his mom and dad, and has a pig for a best friend. He's just like you and me. This boxed set collects graphic novels #4-6 of the award-winning series from author Emmanuel Guibert.

EMMANUEL GUIBERT has written many graphic novels for readers young and old, among them the *Sardine in Outer Space* series, *The Professor's Daughter* with Joann Sfar, and *Alan's War: The Memories of G.I. Alan Cope*. Another of Guibert's recent works is *The Photographer*. Showered with awards, it relates a Doctors Without Borders mission in 1980s Afghanistan. Guibert lives in Paris with his wife and daughter.

Originating from Burgundy (as do the best snails), **MARC BOUTAVANT** now lives and works in Paris. His work springs from a wry observation of life and the interaction of his friends and children. Their quirks of personality, mannerisms and reactions to situations are transposed onto his characters.

Praise For...

"The books are hilarious and charming (adults will enjoy reading them almost as much as kids). Guibert's work here is delightful." — GRAPHIC NOVEL REPORTER

"Guibert tackles overarching themes such as self-esteem, first crushes, and the importance of friendship with subtlety and humor. Boutavant's brightly colored illustrations portray the diverse cast of animal characters in delightful and accessible ways. Great for reluctant readers and graphic-novel fans in general, this title will be a popular addition." — SCHOOL LIBRARY JOURNAL

"Guibert writes about childhood from a child's view so convincingly, so compellingly, that reading these stories as an adult will likely not only remind you of kids you know, but of your own time spent as a kid." — SCHOOL LIBRARY JOURNAL "Good Comics For Kids"

"These are tales of kids ultimately just playing, from fearful doctor visits to dealing with substitute teachers to setting off on summer vacations, and Guibert does a truly credible job

Four BENNY BREAKIRON books in one boxed set!

Benny Breakiron is an honest, polite little boy with an exceptional quality: he possesses superhuman strength, can leap over huge distances, and can run unbelievably fast! This little kid packs quite a punch, and he devotes his play time to stopping crime and injustice. But that's only half the story; every time he gets a cold he loses his superpowers, and when he has them he's too strong to play with the other kids! Life may not be easy for Benny, but his town sure needs his help. If there's a problem, Benny will put a stop to it once and for all, and hopefully keep the property damage to a minimum!

PIERRE CULLIFORD, born in Belgium in 1928, was the cartoonist known as Peyo. Peyo began his career working with some of Belgium's most talented cartoonists, including his lifelong writing partner Yvan Delporte. In 1958, *The Smurfs* made their first appearance and went on to become the world-famous characters we know and love today.

WILLY MALTAITE, also known as Will, was a French comics creator and artist who created the backgrounds and scenery for *BENNY BREAKIRON*. He is a founding member of the Marcinelle school, and one of the most respected French comics artists of his generation. From 1958-1960, he was the artistic director of *Tintin*. He died in February 2000, having spent over 50 years in comics.

Praise For...

"Page to page, panel to panel, this series is beautifully drawn, riddled with gags and a general sense of fun, suitable to absolutely all ages from kids to grandparents."—
BOOKGASM

"Kids will love this comic series. . . . The [panels] are colorful, full of action, slapstick, and the unexpected. *BENNY BREAKIRON* should be a big hit." — KID LIT REVIEWS

"Likable characters, interesting story, bright and colorful, and a little educational. . . . If you haven't read one before, take look." — IS IT RIGHT FOR KIDS?

"What I like about these books is that the stories are completely new. They aren't rehashed plots from the series that your kids might have already read. As nice hardbacks, and colorful comics, these would make fantastic gifts for 7–11 year olds in your life." — 5 MINUTES FOR BOOKS

"A fun read for both boys and girls. . . . This volume of Geronimo Stilton, and those before it, would be great additions to any first or second grade classroom library." — KID LIT REVIEWS
