The million-copy French series makes its English language debut! Meet two wonderful young girls who happen to be sisters-Marine, and her older sister Wendy. Both are full of personality and a strong sense of independence. So while they may love each other with all their hearts, it's not always easy for the two of them to be together. After all, when kids are still very young, age differences are much more meaningful. While Marine may want to hang out with her older sister, nothing could be more embarrassing for Wendy. See how despite all odds, they still manage to get through each day without killing each other... well, at least so far!

CHRISTOPHE CAZENOVE and **WILLIAM MAURY** are the co-creators of **THE SISTERS**, a "slice of life" series focused on family life inspired by Maury's real-life sisters. Both creators currently reside in their native France.

Classic coming of age story that will appeal to fans of Judy Blume and other family narratives.

On her first day at her new school, Anne is saddled with the nickname *Anne of Green Bagels*, thanks to the health-food sandwich her grandmother has made her for lunch. Can things get any worse? Already her father has left home to try out his newest crackpot invention, the Pedestrian Mobile Home, and her mother has moved them from New Mexico to the cookie-cutter community of Megatown. Then she meets Otto, who shares her interest in music and in her favorite TV show, *The Blimptons*. Together they prepare to enter the school talent show with an original composition - *Wolfman Stomp*. When Anne sees the drawings in a childhood notebook of her father's, she wonders -- could it be that *he* was the real inventor of the *Blimptons*? And can she somehow get him to come home and claim the credit he deserves?

SUSAN SCHADE has written over 40 kids' books, most of them done in collaboration with her husband, **JON BULLER**. Susan does most of the writing, and Jon Buller does most of the illustrating, but they both do a little bit of each. For more details of their lurid and scandal-filled lives and careers, visit their website, www.bullersooz.com.

Grimm's Fairy Tales get the SANJAY AND CRAIG treatment

Mr. Patel is concerned that Sanjay and Craig watch too much television and don't read enough. Somehow he gets them to read Grimm's Fairy Tales and instead of a book report, Sanjay and Craig present the stories to Mr. Patel as seen through their eyes. Tufflips becomes "The Big Bad Wolf," Belle Pepper becomes "Little Miss Hot Wing," the Dicksons become "The Three Rockin' Pigs,"-and that's just the beginning! Who knows where this will all lead and whether or not Sanjay and Craig live happily ever after? Plus many more insane tales about a boy and his snake!

ERIC ESQUIVEL is an author, screenwriter, and journalist whose previous comic book work includes stories for the ADVENTURE TIME, BRAVEST WARRIORS, SONIC THE HEDGEHOG, and WONDERLAND franchises, as well as the original series BLACKEST TERROR, BOO!, CALABRESE, and LOKI: RAGNAROK AND ROLL.

SAM SPINA discovered comic books at the University of South Carolina, where he studied graphic design. With comics, all of his favorite things could be rolled into one, drawing, designing, typography, crafts, jokes, being weird... they were just the perfect fit. They also made him embrace his wobbly line and non-perfect hand drawn lettering, which he loves to bring to his illustrations and designs.

Life can be confusing enough for just about anyone one and Harvey Beaks is no exception. Harvey knows that doing everything "right," isn't always the most fun. Doing things like Fee and Foo may not be "right," but it sure seems to be a lot more fun! While Fee and Foo may go too far at times, pushing Harvey beyond his limits, Harvey knows that he doesn't want it any other way. As scary as it may get hanging out with the two naughty imps, life in the forest would be a whole lot duller without them! See why the LA TIMES called HARVEY BEAKS a series "that's as carefree and sunny as its characters" and "a gateway to raising a wonderfully weird kid".

Classic comics collection featuring the work of fan favorite Owen Fitzgerald

One of the greatest comicbook series ever created for children was DENNIS THE MENACE. But possibly because of the success of the comic strip, television series, and feature films, the DENNIS THE MENACE comicbooks were never taken seriously by comic art critics. But all that changed when a DENNIS THE MENACE story was included in *The Toon Treasury of Classic Children's Comics*, edited by Art Spiegelman and Francoise Mouly. Only the finest kid's comics were included in that critically acclaimed collection, and now Papercutz continues to bring those great DENNIS THE MENACE comics back into print.

This volume features the work of artist **OWEN FITZGERALD** whose work with writer **FRED TOOLE** is considered a high point of the series.
