Never say Neverland! A beautifully illustrated, modern take on J.M. Barrie's story that will have readers asking - Peter Who?

16-year-old Wendy Davies crashes her car into a lake on a late summer night in New England with her two younger brothers in the backseat. When she wakes in the hospital, she is told that her youngest brother, Michael, is dead. Wendy – a once rational teenager – shocks her family by insisting that Michael is alive and in the custody of a mysterious flying boy. Placed in a new school, Wendy negotiates fantasy and reality as students and adults around her resemble characters from Neverland. Given a sketchbook by her therapist, Wendy starts to draw. But is The Wendy Project merely her safe space, or a portal between worlds?

Melissa Jane Osborn is an actor and a writer who graduated from NYU. The Wendy Project is her first comic series.

Veronica Fish is an artist whose work includes Howard the Duck by Marvel and the Archie Comics. She currently lives in Massachusetts.

Smurf vs. Smurf and Smurf Soup get the Anthology treatment!

Smurf vs. Smurf and Smurf Soup get the Anthology treatment! While Papa Smurf works in his laboratory, two Smurfs begin arguing about the proper use of the word "smurf." Smurfs that live in the northern part of the village use it as a verb (as in "bottle smurfer"), while the southerners use it as a noun (as in "smurf opener"). Without Papa Smurf around to calm things down, the argument quickly escalates until the northern and southern smurfs divide themselves along the village lines! Plus, another never-before-seen Johan & Peewit comic, featuring the Smurfs!

PIERRE CULLIFORD, born in Belgium in 1928, was the cartoonist known as Peyo. After leaving school in Brussels, he looked for a job and found two that caught his eye: dental assistant and illustrator. After arriving 15 minutes late for the dental assistant job, he was left with only one option! Peyo quickly found himself working with some of Belgium's most talented cartoonists, including his lifelong writing partner Yvan Delporte. He eventually got the break he deserved when he started working for *Le Journal de Spirou*. Johan and Peewit were among his most popular characters. In 1958, The Smurfs made their first appearance and went on to become the world-famous characters we know and love today.
