## Dragonmark

The next *Dark-Hunter* novel from #1 *New York Times* bestselling author Sherrilyn Kenyon, now in mass market!

Centuries ago, Illarion was betrayed— a dragon made human against his will, then forced to serve humanity as a dragonmount in their army, and to fight for them in barbaric wars, even while he hated everything about them. Enslaved and separated from everyone he knew and from his own dragon brothers, he was forced into exile in a fey realm where he lost the only thing he ever really loved.

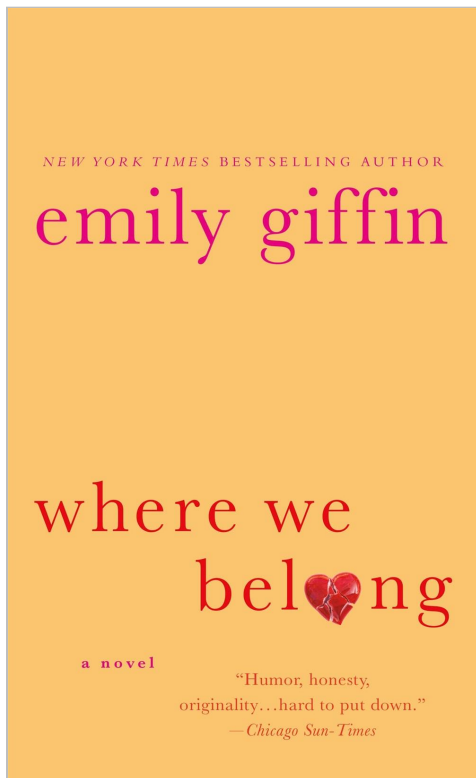

Now he has a chance to regain what's been lost— to have the one thing he covets most. But only if he gives up his brothers and forsakes the oaths he holds most dear. Yet what terrifies him most isn't the cost his happiness might incur, it's the fact that there is just enough human in his dragon's heart that he might actually be willing to pay it and betray everything and everyone— to see the entire world burn...

### Collecting the Dead

**A brilliant debut mystery about an FBI agent and tracker with a special ability on the trail of a vicious serial killer**

Magnus "Steps" Craig is part of the elite three-man Special Tracking Unit of the FBI. Called in on special cases where his skills are particularly needed, he works as a tracker. The media dubs him "The Human Bloodhound," since Steps is renowned for his incredible ability to find and follow trails over any surface better than anyone else. But there's a secret to his success. Steps has a special ability---a kind of synesthesia---where he can see the 'essence' of a person, something he calls 'shine,' on everything they've touched. His ability is known to only a few people---his father, the director of the FBI, and his partner, Special Agent Jimmy Donovan.

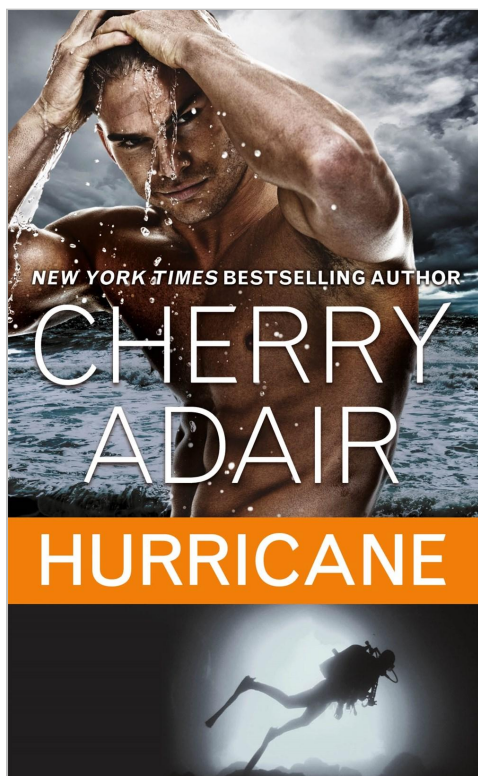

When the remains of a murdered woman are found, Steps recognizes the shine left by the murderer from another crime scene with a physically similar victim. And he uncovers the signature at both scenes---the mark of a sad face. At the same time, another killer, one Steps has dubbed Leonardo and has been trying to track for over ten years, appears again, taunting Steps. But while Steps tries to find a clue that will lead him to Leonardo, the case of the Sad Face Killer heats up. The team uncovers eleven possible victims: missing women who fit the same pattern. Using his skill and the resources of the Bureau, it is a race against time to find the killer before it's too late.

### Somebody's Baby

**The third heartwarming romance in a new small town series releasing back-to-back-to-back from Donna Alward.**

Welcome to Darling, Vermont, an idyllic little town in northern Vermont, where romance isn't just in the air – it's also a booming industry! And while the town might be renowned for romance, there are three who want nothing to do with it at all: the Gallagher brothers.

Veterinarian Rory Gallagher is the youngest of the boys and known as the family playboy and serial dater. When his best friend's little sister shows up at his clinic with a wounded dog, he knows there's no sense wasting his charm on her. Oaklee has always been immune to what his sisters call his "bedroom eyes". Being left at the altar has also made her even more cynical. But as Oaklee cares for the abused animal, she learns patience and love and acceptance...and Rory discovers that she's the one woman who can tame his roving heart. This is a redemption story featuring themes of mistaken impressions and trust.

#### KEY SELLING POINTS:

## I Dared the Duke

**A charming, delightful new Regency series**

### IN THE GAME OF TRUTH OR DARE

Alexander Savage, the Duke of Blackshire, is known throughout the ton for three things: his legendary prowess in bed, the horrific burn scars on his neck, his ornery disposition--and the scars on his neck from an attack long ago. None of which would concern Miss Elizabeth Lacey in the least—if she weren't living under his roof, as his grandmother's companion, Beth is all too concerned with the moody and compelling duke, and when Beth learns he wishes to banish the sweet dowager duchess to the country, she refuses to make things easy for him. If Alex wants Beth's assistance, he's going to have to take her dare—and grant his grandmother three wishes.

### ALWAYS TAKE THE DARE

Alex adores his grandmother, which is precisely why she can't stay in his town house—not until he figures out who's trying to kill him. Two recent attempts on his life have him worried about everyone around him—including the dowager's loyal and lovely companion Beth. But the one-time wallflower isn't as meek as she appears, and the more Alex sees of Beth, the more he desires her. Alex worries that Beth sees nothing but a hopelessly scarred, scoundrel of a rake, but Beth knows that underneath Alex's harsh exterior is a man who could make her succumb to desire, and fall in love...

# A Killing in Amish Country

*New York Times* bestselling authors Gregg Olsen and Rebecca Morris investigate the death of an Amish woman murdered in her own bed.

Thirty-year-old Barbara Weaver was happy to live as the Amish had for centuries, without modern conveniences—but her husband wasn't. Eli Weaver had twice left his family, been shunned, and eventually forgiven by his wife and church. He had given in to the temptation of technology: using a cell phone and the Internet to meet women, calling himself "Amish Stud." But was he also a murderer?

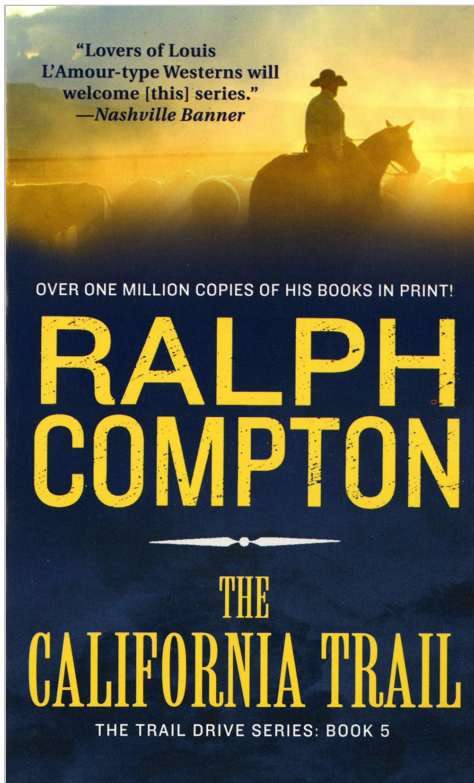

When Barbara was found dead, shot in the chest at close range, detectives pursued one scenario and one suspect, Barb Raber, a Conservative Mennonite and one of Eli's girlfriends. She gave him what he wanted when he wanted: a laptop, rides to his favorite fishing and hunting places—and sex. Most importantly, she gave him the phone he would use to plan a murder.

### KEY SELLING POINTS:

- Gregg Olsen has close ties with the Amish community after researching his earlier book, *Abandoned Prayers*, and those connections make him the best author to tackle this shocking case.
- Gregg Olsen's *Abandoned Prayers*, about another case set in Amish country, has sold over 90,000 copies in paperback since it was published in 2002. His last book, *If I Can't Have You*, spent seven weeks on the Bookscan mass market bestseller list. With this book, returning to Olsen's bestselling subject matter, we hope to do better.
- With books like the *New York Times* bestselling *Picture Perfect: The Jodi Arias Story*, *The Lost Girls*, and Gregg Olsen's own *If I Can't Have You*, we've had strong sales publishing True Crime in hardcover with a mass market paperback the following year.

# The California Trail

**From bestselling author Ralph Compton comes the breathtaking saga of a trail-blazing cattle drive in the heat of the Gold Rush**

Gold fever has hit California, and suddenly the land is full of hungry pioneers. For Texas brothers Gil and Van Austin, it means a chance to sell their well-grazed longhorns after years of hard ranching and a death-defying cattle drive up through Mexico. The only thing that stands between them and California is a scorching desert, swollen rivers, a barrage of Indian attacks, and a passel of outlaws. And while the Texans are ready and willing to take it all on, there's one thing they're not prepared for: the ultimate act of treachery, greed, and back-stabbing deceit...
