**A surprise attack leaves the U.S. in an impossible bind—respond with a weakened military or risk disaster on a global scale.**

With the U.S. Pacific Fleet severely weakened, the Russian President initiates a bold plan to rebuild the old Soviet Union.

In one swift strike, the Russian army moves to reoccupy a large number of the industrialized areas of the former USSR, while blockading much of the world's oil and natural gas supply.

To make matters worse, Russia's Special Forces have wired every major oil and natural gas pipeline with explosives. If the U.S. moves to thwart Russia, they'll destroy them all. With NATO allies unwilling to face the consequences of intervening, the U.S. is risking disaster if it acts. Torn between the unthinkable and the impossible, there is only one possible move—to launch an attack on all fronts, simultaneously.

### KEY SELLING POINTS:

- All of Rick Campbell's books have been compared favorably to *The Hunt for Red October*. Campbell truly is Tom Clancy's successor.
- Campbell was a Commander in the U.S. Navy and served on four nuclear submarines. On his last command, he was one of the two people whose permission was required to launch the nuclear missiles; Campbell knows the intimate details of what it's like to serve on a submarine.
- Reviewers and readers alike rave about Campbell's enthralling and pitch-perfect writing. Sales are rising across the board with the most recent mass market sales double those of the previous.

# Death by Dumpling

**The first in a scrumptious new cozy series set in a noodle shop!**

Lana Lee never thought she'd be stuck working at the family restaurant in her late twenties, but here she is, wiping down tables sticky with the remnants of General Tso's chicken. But after a messy breakup and a dead-end job, she figured working at the Ho-Lee Noodle House wouldn't be too bad, right? The charming shopping plaza, Asia Village, is where Lana spent most of her childhood and although she'd rather avoid it for that specific reason, she agrees to work full-time at the restaurant until a better prospect of employment comes along.

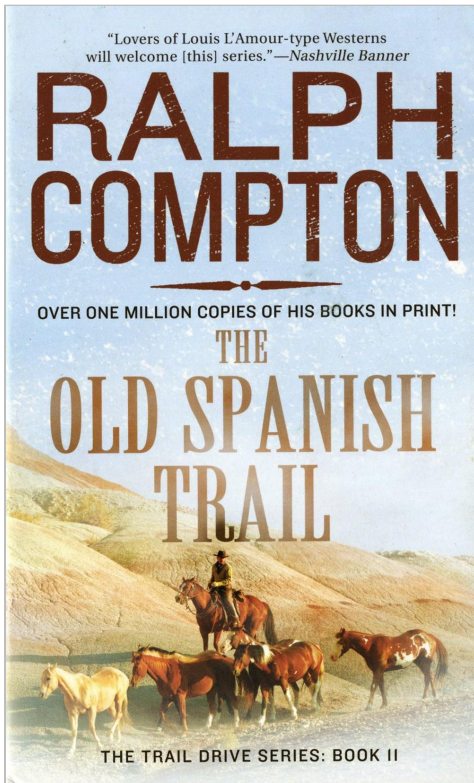

Things seem to be going smoothly enough until one of the property managers of the shopping plaza, Thomas Feng, is found dead in his office. Unfortunately, for Lana and the restaurant's head chef, the death looks like murder, and the murder weapon looks like dumplings from none other than the Ho-Lee Noodle House. While the dumplings look innocent enough, it's what's on the inside that counts, which is pork and shrimp, a deadly combination for Thomas, who everyone knows suffers from a severe shellfish allergy. The police immediately suspect Lana's family, and now, with her parents' restaurant at stake, she sees no other option but to figure out what really happened to Thomas, and why.

### KEY SELLING POINTS:

- First book in a new series! Fans of cozies are going to fall in love with this new series, set in a Chinese restaurant in Cleveland. It's got a winning heroine/sleuth, a bit of possible romance, and a puzzle of a murder to solve; what more could you ask for?

# The Old Spanish Trail

**At last, a reissue of one of the greatest Western series of all time**

Missouri was closed to Texas cattle. Santa Fe was closed by murder. Now, they had one choice: cross desert mountains and hostile Indian land—to a place called California.

For the ranchers riding with Rand Hayes, things had gone from bad to worse. The Santa Fe man who'd contracted five thousand head of cattle was dead—murdered by renegades. Now the Texans had a herd of longhorns and only one choice: cross two mountain ranges and the Mojave Desert to the gold-fevered market at Los Angeles. A trail blazed by ancient Spaniards, this was a route that would lead through a brutal, wondrous land, where a hostile Ute nation was only one danger the cattle drive faced, and California was a shooting war away.

### KEY SELLING POINTS:

- There are over 1 million copies of The Trail Drive series in print.
- Ralph Compton is perfect for readers of Max Brand, Luke Short, and Louis L'Amour.
- *The Old Spanish Trail* brings a violent and magnificent time to life in an extraordinary book based on history-blazing trail drives.
