## SPECTACULAR

**J. D. Robb**

# Dark in Death

**Lieutenant Eve Dallas returns when death imitates art in the new novel by the #1 *New York Times* bestselling master of suspense**

It was a stab in the dark. During a screening of *Psycho* in midtown Manhattan, someone sunk an ice pick into the back of Chanel Rylan's neck, then disappeared quietly into the Times Square crowds. To Chanel's best friend, who'd just slipped out for a moment to take a call, it felt as unreal as the ancient black-and-white movie up on the screen. But Chanel's blood ran red, and her death was anything but fictional.

As Lt. Eve Dallas puzzles over a homicide that seems carefully planned yet oddly personal, she gets a tip from an author of police thrillers who recognizes the crime—from the pages of her own book. A recent strangulation of a sex worker resembles a scene from her writing as well. This killer may be finding inspiration in someone else's imagination, forcing victim after victim to play an unwitting role in a criminal's deranged private drama—and only Eve can put a stop to a creative impulse gone horribly, destructively wrong.

Ella Boudreaux has a lot to prove to her family, friends, and foes—and to herself. So when her marriage ends she decides to invest her energy and money into a place that brings back some of Ella's happiest memories: the Abbott brothers' garage. Maybe, if she puts her mind to it, she can teach skeptical, stubborn Mack Abbott how to make the business a true success. Which would be a lot easier if the hunky mechanic didn't make her motor run quite so fast...and hot.

Mack was furious when his brother, Ford, sold his share of the business. He's in no rush to team up with a wealthy divorcée who shows up to the garage in stilettos—and the longest, sexiest legs he's seen in forever. But Ella's grit and determination won't quit...and soon Mack can see that she's been down a few rough roads herself. Neither Mack nor Ella can deny the fierce attraction that's revving up between them. Could it be that true love has been in the backseat all along...and they've finally found the key?

# The Green River Trail

**At last, a reissue of one of the greatest Western series of all time**

The year was 1853. For handful of cowboys turned California Gold Rushers, it was time to go home. Then Lonnie Kilgore and his fellow Texans met Western legend and former mountain man Jim Bridger, who told them of a lush range waiting to be claimed in northern Utah. Now, the Texans have purchased land on the Green River and come to San Antonio to gather up some longhorns. But with Indian trouble, law trouble, and woman trouble along for the ride, the cowboys are finding out the truth about this paradise: to live on land you bought and paid for, you have to be willing to die.
