The Trident Deception

A modern-day *Hunt for Red October*—an armed nuclear submarine is taken over and must be hunted down before its weapons are launched

The USS Kentucky—a Trident ballistic missile submarine carrying a full complement of 192 nuclear warheads—is about to go on a routine cruise. Not long after it reaches the open sea, however, the Kentucky receives a launch order. After receiving that launch order, it is cut off from all counter-orders and disappears into the Pacific while it makes the eight-day transit to the launch site. What the Kentucky's crew doesn't know is that those launch orders haven't actually come from the U.S. government.

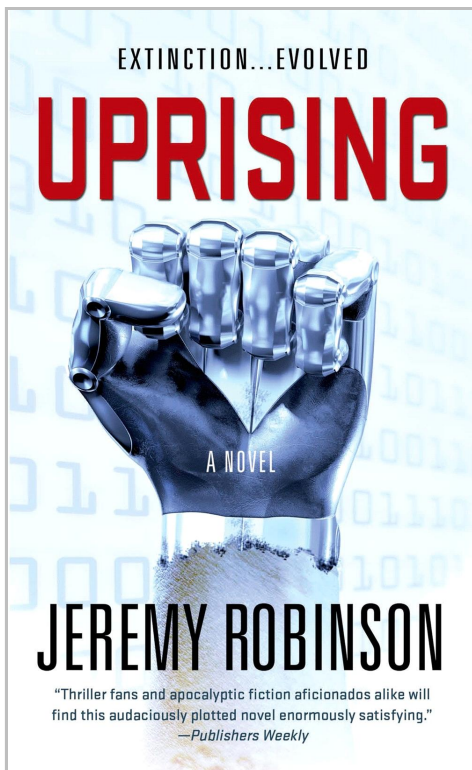

Rogue elements within the Mossad have learned that Iran has developed its first nuclear weapon and, in ten days, will detonate it—and the target is Israel. The suspected weapon complex is too far underground for conventional weapons to harm it, and the only choice is a pre-emptive nuclear strike. With limited time, this rogue group initiates a long-planned operation called the Trident Deception. They'll transmit false orders and use a U.S. nuclear submarine to launch the attack.

With only 8 days before the Kentucky is in launch range and with the submarine cut off from any outside communication, one senior officer, the father of one of the officers aboard the submarine, must assemble and lead a team of attack submarines to find, intercept and neutralize the Kentucky before it can unknowingly unleash a devastating nuclear attack.

KEY SELLING POINTS:

- Rick Campbell was a Commander in the U.S. Navy, and served on four nuclear submarines. On his last command, he was one of the two people whose permission was required to launch the nuclear missiles—Campbell knows the intimate details of what it's really like to serve on a submarine.
- This book returns to the classic submarine novel with a strong thriller plot that will please readers of all ages.

In Carolyn Haines' next mystery, Sarah Booth Delaney's vacation goes awry when she tries to solve a treasure-hunter's murder

Sarah Booth Delaney's fiancé, Graf Milieu, has become depressed while recovering from a severe leg injury, but Sarah Booth knows just how to help him heal. She's arranged a romantic getaway for the two of them at a lovely beach cottage on Dauphin Island off the Gulf Coast. On the first day of their island adventure, they take a historical tour led by Angela Trotter, a young woman well-versed in local lore, including rumors of pirate treasure hidden somewhere on the island. In fact, Angela confides to Sarah Booth and Graf that her father, a sailor and treasure hunter, was murdered just when he thought he was closing in on the treasure. Angela's convinced that the wrong man was imprisoned for her father's murder, and she manages to persuade Sarah Booth to take the case. And Sarah Booth soon realizes that there's much more going on than meets the eye. With untold amounts of treasure offering plenty of motive for murder and a fiancé falling deeper into depression, Sarah Booth's peaceful island vacation is quickly spinning out of control.

Crazy for You

From the *New York Times* bestselling author of **THE STRANGER IN MY BED** comes the true story of a young father murdered in cold blood

On the morning of November 18, 2010, Rusty Sneiderman dropped off his 2-year-old son at Dunwoody Prep nursery just outside of Atlanta. When he returned to his car, a minivan pulled up next to him and the driver opened fire, shooting him four times in the chest before driving away. He died on the scene.

Rusty had been a successful businessman and a pillar of his Jewish community, and his wife, Andrea, was completely shocked by the murder. She couldn't imagine who would want to kill her husband. But when analysis of the gunman's vehicle led back to Andrea's boss, Hemy Neuman, police learned that the two had a relationship that was much more than professional. Andrea and Hemy had been travelling together on business trips complete with lavish dinners for two, wine, and night clubs, all charged to the company credit card. There were emails and text messages all pointing to an affair.

Hemy would eventually admit to the murder, claiming that his obsession with Andrea had made him delusional. But Andrea denied the affair and lied, time and again, on the witness stand, leaving the jury to wonder just how much she was really hiding. . .

KEY SELLING POINTS:

- This story was covered extensively in the media. The trial was covered nationally by ABC, CBS, CNN, and FOX television.
- Fleeman's *The Stranger in My Bed* hit the *New York Times* bestseller list.
