Scarlett Cole

Final Siege

The second heart-pounding Navy SEAL romantic suspense in Scarlett Cole's Love Over Duty series.

Ex-Navy SEAL Malachi 'Mac' MacCarrick killed his best friend, a tragedy everyone else calls an accident or coincidence, and one he never fully recovered from. It fueled his meteoric rise in the toughest military organization on earth and now as a civilian, it's helped him build his special forces firm with his two best friends. But Mac can't outrun his ghost forever, and when his first love -- and his best friend's little sister -- is in danger, he'll have to face the woman he never got over.

Being beaten within an inch of her life on the floor of a cave in the Hindu Kush Mountains didn't kill investigative journalist Delaney 'Lanie' Shapiro. Neither did losing her brother and father within six months of each other, or the fact her mom, still alive, self-medicates with a daily bottle of vodka. She'll even recover from the fact that her cover was now blown, her real identity revealed, and her goal of a career Nellie Bly would be proud of further out of reach. But opening her eyes in the US military hospital in Germany to find the man she once loved holding her hand, the one who decimated her family, might just break her. She doesn't remember being rescued, and doesn't know how recently-retired Mac came to be at her side, but she knows she's in trouble. She can trust Mac with her life, but will she be able to let him back into her heart?

KEY SELLING POINTS:

- Scarlett Cole is a digital break-out star! Her debut book *The Strongest Steel* (7/15) has sold over 45,000 copies and continues to sell week after week. She was a finalist in the Good Reads Choice Awards in 2015 for the most competitive category, Best Debut Author.
- Her digital series was such a success and fans were constantly asking for print copies that we signed up a brand new heart-of-the-market mass market series starting with *Under Fire* (8/1). This is the second book in that series. With a high concept, Alpha Navy SEAL heroes and Scarlett's trademark emotional arcs, *Final Siege* is perfect for the mass market audience.
- We have Scarlett on an aggressive e and p schedule with seven books coming in the next two years.

"Scarlett Cole's characters pull you in from the very first page with real emotion and sizzling chemistry. Don't miss this action packed thrill ride." — Cherry Adair, New York Times bestselling author

Curses, Boiled Again!

The first in a brand-new, 100% satisfying cozy mystery series set at the Lazy Mermaid Lobster Shack in coastal New England!

Allie Larkin has returned to her sleepy hometown of Mystic Bay to heal a broken ankle that has sidelined her from her position as prima ballerina in Boston. Luckily, she's able to land in her Aunt Gully's welcoming arms, and is put to work right away at the Lazy Mermaid Lobster Shack, the family seafood joint right on the bay. Aunt Gully's lobster rolls are some of the best in New England, and she has a chance to prove it at the Lobster Festival hosted by the YUM cooking network. Aunt Gully is excited to compete against some of the most famous seafood chefs in the country, and the celebrity judges have everyone in town abuzz.

But when the judges take their first bite of the famous Godlobster roll from Kahuna's, the rival seafood shack in town, they all immediately fall ill, and one dies on the scene. It's clear that this was no food poisoning, and that foul play is to blame. Allie is determined to get to the bottom of who the real target was, and who could be so diabolical to put four people in grave danger.

The Santa Fe Trail

At last, a reissue of one of the greatest Western series of all time

The only riches Texans had left after the Civil War were five million maverick longhorns and the brains, brawn and boldness to drive them north to where the money was. Now, Ralph Compton brings this violent and magnificent time to life in an extraordinary epic series based on the history-making trail drives.

Gavin McCord and his brawling cowboys came to Missouri with a problem: 3,500 longhorns and not one buyer. That's where Gladstone Pitkin came in. A man with money and a dream of ranching in New Mexico, Pitkin bought McCord's cattle and hired his Texans for a trail drive from Independence to Santa Fe. But with an ill-fated gambler on the drive, the courageous, hardened riders weren't just a thousand brutal miles from Santa Fe—they were heading into a death trap.

KEY SELLING POINTS:

- There are over 1 million copies of the Trail Drive series in print, and fans will be thrilled to see the series re-released and repackaged.
- Ralph Compton is perfect for readers of Max Brand, Luke Short, and Louis L'Amour.
- *The Santa Fe Trail* brings a violent and magnificent time to life in an extraordinary book based on history-blazing trail drives.
- Hot on the heels of our successful 2-in-1 Matt Braun series we are continuing our Ralph Compton Western re-release program.
