### Stephen Coonts

## Saucer: Savage Planet

The final installment in *New York Times* bestseller Stephen Coonts' Saucer Trilogy!

They've been here before. They're here again.

A year after young engineering student Rip Cantrell discovered the first flying saucer buried deep in the sands of the Sahara, another saucer is brought up from the bottom of the Atlantic. The recovery is funded by a pharmaceutical executive who believes that the saucer holds the key to an anti-aging drug formula that space travelers would need to voyage between galaxies. But one of his technicians, Adam Solo, an alien marooned on Earth for a thousand years, steals the saucer, hoping to summon a starship to rescue him. Unfortunately, the stolen saucer has damaged communications gear.

Solo goes to Rip Cantrell and his partner, ex-Air Force test pilot Charlotte "Charley" Pine, and Rip's uncle Egg, for help in summoning a starship. Meanwhile, as a terrified world fearful of space invaders approaches meltdown, big pharma moguls and their thugs are hot on the trail of the foursome.

In a world turned upside down, it may be the arriving aliens who offer limitless possibilities. Rip and Charley face an incredible decision: Do they dare leave the safety of earth to travel into the great wilderness of the universe? Full of UFO's, futuristic technology, edge-of-your-seat flying scenes and unforgettable characters, human and otherwise, *Savage Planet* is classic storytelling at its best . . . and pure, unadulterated fun.

## The Highwayman

The debut novel in a stunningly lush, intensely sexy new Victorian and Scottish-set historical romance series.

### A BEAUTIFUL WIDOW

Farah Leigh MacKenzie has known love and heartbreak. It was a young, passionate, forbidden love that she doesn't believe any man can replace and it ended tragically when her husband was sent to Newgate and died there. Years later, the beautiful young widow works for the Bow Street Runners and it is there that she encounters The Black Heart of Ben More, Dorian Blackwell, one of the wealthiest, most powerful, most dangerously lethal men in London. She is drawn instantly to this man who should make her want to flee. And for Dorian what he wants, he gets and he wants...no *needs* Farah as he has needed no one else.

### KIDNAPPED!

When Dorian kidnaps Farah from her home and whisks her away to his lush sanctuary in wild Highlands of Scotland, Farah believes that her life is over. But in fact Dorian has saved her, for Farah is hiding secrets of her own—secrets that have put her life in danger. But Dorian trades in secrets, especially ones as juicy as hers. He makes a scandalous demand: marry him and he will protect her and he will restore what was stolen from her all those years ago. In return, she will help exact revenge on his enemies. But what Dorian does not expect is to be caught so sweetly and irrevocably by a woman who threatens everything he holds dear.
