

Emma in the Night

Wendy Walker

From the bestselling author of *All Is Not Forgotten* comes a thriller about two missing sisters, a twisted family, and what happens when one girl comes back...

One night three years ago, the Tanner sisters disappeared: fifteen-year-old Cass and seventeen-year-old Emma. Three years later, Cass returns, without her sister Emma. Her story is one of kidnapping and betrayal, of a mysterious island where the two were held. But to forensic psychiatrist Dr. Abby Winter, something doesn't add up. Looking deep within this dysfunctional family Dr. Winter uncovers a life where boundaries were violated and a narcissistic parent held sway. And where one sister's return might just be the beginning of the crime.

The Hidden Light of Northern Fires

A Novel

Daren Wang

"Splendid—a distinctive clear-eyed perspective on a fresh corner of The Civil War." —Charles Frazier, author of *Cold Mountain*.

A novel rooted in the remarkable, but little-known, true history of the only secessionist town north of the Mason Dixon Line.

When escaped slave Joe Bell collapses in her father's barn, Mary Willis must ward off Confederate guerrillas and spies, Joe's vengeful owner, and even her own brother to help the handsome fugitive cross to freedom.

Mary has always been an outcast, an outspoken abolitionist woman in a town of bounty hunters and anti-Union farmers. Helping runaways is the only thing that makes her life in Town Line bearable. As the countryside is riled by the drumbeat of civil war and the promise of an extravagant bounty for the wounded fugitive, Mary finds herself drawn to the stranger in forbidden ways. When rebels cross from nearby Canada intent on killing him, they bring the devastation of the brutal war to the town and the farm, and threaten to destroy all that Mary loves.

Murder at the Brightwell: A Mystery

Secrets in Death

An Eve Dallas Novel (In Death, Book 45)

J. D. Robb

The new novel featuring lieutenant Eve Dallas from the #1 *New York Times* bestselling author.

A new novel in the #1 *New York Times* bestselling series: Lt. Eve Dallas must separate rumors from reality when a woman who traffics in other people's secrets is silenced.

The chic Manhattan nightspot *Du Vin* is not the kind of place Eve Dallas would usually patronize, and it's not the kind of bar where a lot of blood gets spilled. But that's exactly what happens one cold February evening.

The mortally wounded woman is Larinda Mars, a self-described "social information reporter," or as most people would call it, a professional gossip. As it turns out, she was keeping the most shocking stories quiet, for profitable use in her side business as a blackmailer. Setting her sights on rich, prominent marks, she'd find out what they most wanted to keep hidden and then bleed them dry. Now someone's done the same to her, literally—with a knife to the brachial artery.

Eve didn't like Larinda Mars. But she likes murder even less. To find justice for this victim, she'll have to plunge into the dirty little secrets of all the people Larinda Mars victimized herself. But along the way, she may be exposed to some information she really didn't want to know...

The Kardashians

An American Drama

Jerry Oppenheimer

From the *New York Times* bestselling author of *Crazy Rich*, a blockbuster unauthorized biography of one of the most famous and ubiquitous family dynasties in contemporary culture.

Secrets and scandals of the Kardashians, so closely held that not even hard core fans have heard about them, are finally exposed in *New York Times* bestselling author Jerry Oppenheimer's forensic dissection of the infamous reality TV clan. From the curious life of patriarch Robert Kardashian, whose family meatpacking business was tainted by scandal, to “momager” Kris Jenner’s top-secret plan for the future, *The Kardashians* reveals the untold, definitive story based on two years of investigative reporting and scores of candid, on-the-record interviews, ranging from childhood friends to powerful business associates, who break their silence for the first time.

In the decade since the Kardashians first appeared on the scene, millions of speculative words have been written about their drama-filled lives. But most has been tabloid hype and gossip column fantasy. Until now.

Oppenheimer has written revelatory books on such international icons as the Clintons, the Kennedys, the Hiltons and more, and now comes the Kardashians, the true story that will make headlines and shock even the most loyal fans.

PRAISE

“Wealthy as they are, the heirs of the Johnson & Johnson company have seen so many tragedies that one must wonder if there’s been a hex, [*Crazy Rich*] suggests.” —*The Daily Beast*

“A sharp-clawed biography... Oppenheimer presents Ms. Stewart as a tireless, unscrupulous self-promoter who, in creating the corporate omelet that is now Martha Stewart Living Omnimedia, has broken many an egg.” —*The New York Times* on *Just Desserts*

JERRY OPPENHEIMER is the *New York Times* bestselling author of *Crazy Rich: Power, Scandal, and Tragedy Inside the Johnson & Johnson Dynasty*, as well as unauthorized biographies of Hillary and Bill Clinton, Anna Wintour, Rock Hudson, Martha Stewart, Barbara Walters, Ethel Kennedy, Jerry Seinfeld, and the Hilton family. The Vengeance of Mothers

Jim Fergus

The stunning sequel to the awarding winning novel *One Thousand White Women*.

9 March 1876

My name is Meggie Kelly and I take up this pencil with my twin sister, Susie. We have nothing left, less than nothing. The village of our People has been destroyed. Empty of human feeling, half-dead ourselves, all that remains of us intact are hearts turned to stone. We curse the U.S. government, we curse the Army, we curse the savagery of mankind, white and Indian alike. We curse God in his heaven. Do not underestimate the power of a mother's vengeance...

So begins the journal of Margaret Kelly, a woman who participated in the government's "Brides for Indians" program in 1873, a program whose conceit was that the way to peace between the United States and the Cheyenne Nation was for One Thousand White Women to be given as brides in exchange for three hundred horses. Mostly fallen women, the brides themselves thought it was simply a chance at freedom. But many fell in love with the Cheyennes spouses and had children with them...and became Cheyenne themselves.

THE VENGEANCE OF MOTHERS explores what happens to the bonds between wives and husbands, children and mothers, when society sees them as "unspeakable." Jim Fergus brings to light a time and place and fills it with unforgettable characters who live and breathe with a passion we can relate to even today.

PRAISE

"A most impressive novel that melds the physical world to the spiritual. *One Thousand White Women* is engaging, entertaining, well-written, and well-told. It will be widely read for a long time, as will the rest of Jim Fergus's work." —Rick Bass, author of *Where the Sea Used to Be*

"*One Thousand White Women* is more than a chronicle of the Old West. It's a superb tale of sorrow, suspense, exultation, and triumph that leaves the reader waiting to turn the page and wonderfully wrung out at the end." —Winston Groom, author of *Forrest Gump*

JIM FERGUS is an award winning writer whose work has appeared in numerous national magazines and newspapers. He is the author of several fiction and nonfiction books. Jim divides his time between southern Arizona, northern Colorado, and France.

Bored and Brilliant

How Spacing Out Can Unlock Your Most Productive and Creative Self

Manoush Zomorodi

WNYC's "Note to Self" host, Manoush Zomorodi, gives readers permission to unplug from their devices, get bored, and tap into a greater storehouse of creativity.

Has your smart phone become your BFF? Do you feel bored when you're not checking Facebook or Instagram? Do you feel that the constant ping of social networks is sapping your creativity and ability to think? In 2015, *Note To Self* podcast host Manoush Zomorodi led thousands of her listeners with the same problems through a week of experiments designed to help them rethink their technology habits, unplug for part of each week and jumpstart their creativity. *Bored and Brilliant: Rediscovering the Lost Art of Spacing Out* explains the connection between boredom and being unplugged and how that state of mind can ignite original thinking. Through interviews with scientists, famous artists, and regular people, Zomorodi explores why putting greater emphasis on "doing nothing" is vital in an age of constant notifications and digital distractions. She speaks with scientists who have researched the links between boredom and creativity. She spends time with a museum security guard who knows how to turn standing in a sometimes-empty room for eight hours into an exercise in creative thinking. She also explores how we can harness boredom's hidden benefits to become our most productive selves. Throughout the book are a series of challenges that will help readers rethink their relationship to their devices without completely leaving the digital world. *Bored and Brilliant*: It's permission to unplug.

MANOUSH ZOMORODI is the host and managing editor of "Note to Self," "the tech show about being human," from WNYC Studios. Every week on her podcast, Manoush searches for answers to life's digital quandaries through experiments and conversations with listeners and experts. She has won numerous awards for her work. In spare moments, Manoush tweets at @manoushz and takes deep cleansing breaths. She lives in Brooklyn, NY.

The Trust

A Novel

Ronald H. Balson

The newest novel from bestselling author of *Once We Were Brothers* has private investigator Liam Taggart returning to his childhood home for his uncle's funeral, only to discover he was murdered.

When Liam reluctantly returns to Northern Ireland he learns that not only was his uncle shot to death, but he'd anticipated his own murder. In an astonishing last will and testament, Uncle Fergus has left his entire estate to a secret trust, directing that no distributions be made to any person until the killer is found. Did Fergus know, but refuse to name his killer? Was this a crime of revenge, a vendetta left over from Northern Ireland's bloody sectarian war? Or is it possible that the killer is a family member seeking Fergus's estate? Otherwise, why postpone distribution to the heirs? Most menacingly, does the killer now have his sights on other family members?

As his investigation draws Liam further and further into the past he had abandoned, he is forced to reopen doors long ago shut. Now accepting the appointment as sole trustee of the Fergus Taggart Trust, Liam realizes he has stepped into the center of a firestorm.

*A ruthless young assassin continues her journey for revenge in this new epic fantasy from *New York Times* bestselling author Jay Kristoff.*

Assassin Mia Corvere has found her place among the Blades of Our Lady of Blessed Murder, but many in the Red Church ministry think she's far from earned it. Plying her bloody trade in a backwater of the Republic, she's no closer to ending Consul Scaeva and Cardinal Duomo, or avenging her familia. And after a deadly confrontation with an old enemy, Mia begins to suspect the motives of the Red Church itself.

When it's announced that Scaeva and Duomo will be making a rare public appearance at the conclusion of the grand games in Godsgrave, Mia defies the Church and sells herself to a gladiatorial collegium for a chance to finally end them. Upon the sands of the arena, Mia finds new allies, bitter rivals, and more questions about her strange affinity for the shadows. But as conspiracies unfold within the collegium walls, and the body count rises, Mia will be forced to choose between loyalty and revenge, and uncover a secret that could change the very face of her world.

The Exact Nature of Our Wrongs

A Novel

Janet Peery

By a National Book Award finalist for fiction: A warm, dramatic, intimate new novel of a family divided and united by its most vulnerable member.

Janet Peery's first novel, *The River Beyond the World*, was a National Book Award finalist in 1996. Acclaimed for her gorgeous writing and clear-eyed gaze into the hearts of people, Peery now returns with her second novel, *The Exact Nature of Our Wrongs*.

On a summer evening in the blue-collar town of Amicus, Kansas, the Campbell family gathers for a birthday dinner for their ailing patriarch, town judge Abel Campbell, prepared and hosted by their still-hale mother Hattie. But when Billy, the youngest sibling—with a history of addiction, grand ideas, and misdemeanors—passes out in his devil's food cake, the family takes up the unfinished business of Billy's sobriety.

Billy's misadventures have too long consumed their lives, in particular Hattie's, who has enabled his transgressions while trying to save him from Abel's disappointment. As the older children—Doro, Jesse, ClairBell, and Gideon—contend with their own failures, they compete for the approval of the elderly parents they adore, but can't quite forgive.

With knowing humor and sure-handed storytelling, Janet Peery reveals a family at its best and worst, with old wounds and new, its fractures and feuds, and yet its unbreakable bonds.

PRAISE

“A masterpiece. One of the wisest, most nuanced evocations of the hopeless quandary of family relations—the trying to understand, to get along, the failure and the suffering—and yet the grace of it, too.” —Blake Bailey, author of *Cheever: A Life*

JANET PEERY's books include *Alligator Dance* (stories), *What the Thunder Said* (a novella and stories), and her first novel *The River Beyond the World*, which was a finalist for the National Book Award. She has received numerous honors for her fiction including the Rosenthal Award from the American Academy of Arts and Letters, the Whiting Foundation, the Guggenheim Foundation, and the National Endowment for the Arts, among others. She lives in Cape Charles, Virginia.

Execute Authority

A Delta Force Novel

Dalton Fury

The explosive conclusion to the *New York Times* bestselling series.

Kolt “Racer” Raynor and his Delta Force squadron are in Greece, providing VIP security for the newly elected—and deeply controversial—American president on his desperate mission to hold the NATO alliance together. Then, the unimaginable happens. Just as the president is arriving, an assassin’s bullet takes the life of the Greek prime minister. The president is safe, but Raynor recognizes the killer—Rasim Miric—by his grisly signature: a bullet through his target’s left eye.

The hunt for the assassin ends when Miric, to all appearances, blows himself up in an explosion that levels an apartment block, but Raynor refuses to accept that the sniper is really dead. Miric’s grudge is with America, and one American in particular—the Delta Force operator who cost him an eye, Kolt Raynor. Raynor believes that Miric’s killing spree is only just beginning, and his suspicions are proved true when Miric is photographed crossing the border into the United States.

Forbidden by law from operating on American soil, Raynor will have to bend the rules until they break, risking everything in order to run the assassin down before he can strike again.

But what Raynor doesn’t realize is that Rasim Miric is also hunting him.

The Evolved Eater

A Quest to Eat Better, Live Better, and Change The World

Nick Taranto

From the co-founder of Plated, the home delivery food service, an inspirational business title that is a call-to-arms and investigation into the industrial American food complex.

In early 2012, Nick Taranto was twenty-seven years old, recently married, and fresh out of the Marine Corps. He moved back to New York City, started working on Wall Street, and put on twenty pounds in under six months. He was pasty, overweight, and depressed – and he knew there had to be a better way to eat (and live).

The Evolved Eater chronicles his quest to change how we eat, and what this means for the future of food. As the co-founder of Plated, which has delivered tens of millions of meals across the country in its first five years, Taranto cares about the food we eat. Evolved Eaters strive to continually improve and evolve as we grow through life. And eating – and being close to the food you cook and consume – is an inseparable part of this evolution.

Americans throw away over 300 billion pounds of food each year, while millions of children are food insecure or poorly nourished. How did the most food-abundant nation in history get this vital issue so wrong?

Taranto provides eye-opening facts about how we acquire and eat food and easy and practical things that you can do to improve the way you eat (and live) starting today. Eating doesn't need to be complicated or painful or over-thought. We're starting *The Evolved Eater* revolution right here, right now.

NICK TARANTO was born in New York to a Turkish dad and a mom from Minnesota. After earning his MBA at Harvard Business School, Nick commissioned as an infantry officer in the U.S. Marine Corps. Post active duty, Nick spent six months on Wall Street before leaving to found Plated, a technology-driven food company whose mission is to create a world where healthy, affordable, and delicious food is available to everyone. Nick is a husband and father of two young daughters.

The Mafia's President

Nixon and the Mob

Don Fulsom

The first-ever full account of Nixon's extensive ties to the American Mafia, from a veteran White House reporter.

Unbeknownst to most people even now, the election of 1968 placed the patron saint of the Mafia in the White House. In other words, Richard Nixon would go on to not only lead a criminal presidency; he would be totally indebted to our nation's top mobsters.

By 1969, thanks in large part to his long-time campaign manager and political advisor Murray Chotiner, a lawyer who specialized in representing mobsters, Nixon had participated in secret criminal dealings for more than 20 years with sketchy figures such as Mickey Cohen, Mob financial guru Meyer Lansky, Teamsters union chief Jimmy Hoffa, and New Orleans Mafia boss Carlos Marcello. And with Chotiner as one of his key behind-the-scenes advisors in the White House, Nixon's ties to the Mafia didn't end there. *The Mafia's President* reveals a mind-blowing litany of favors Nixon exchanged with these sinister characters over decades, ranging from springing Jimmy Hoffa from prison to banning the federal government from using the terms "Mafia" and "La Cosa Nostra."

Drawing on newly released government tapes, documents, and other fresh information, *The Mafia's President* offers a carefully reported, deeply researched account of Richard Nixon's secret connections to America's top crime lords.

If All the Seas Were Ink

A Memoir

Ilana Kurshan

A stunning, gorgeous memoir.

At the age of 27, alone in Jerusalem in the wake of a painful divorce, Ilana Kurshan joined the world's largest book club, learning *daf yomi*, Hebrew for "daily page" of the Talmud, a book of rabbinic teachings spanning about 600 years and the basis for all codes of Jewish law. A runner, a reader and a romantic, Kurshan adapted to its pace, attuned her ear to its poetry, and discovered her passions in its pages. She brought the Talmud with her wherever she went, studying in airplanes, supermarket lines, and over a plate of pasta at home, careful not to drip tomato sauce upon discussions about the sprinkling of blood on the Temple altar. By the time she completed the Talmud after seven and a half years, Kurshan was remarried with three young children. With each pregnancy, her Talmud sat perched atop her growing belly.

This memoir is a tale of heartache and humor, of love and loss, of marriage and motherhood, and of learning to put one foot in front of the other by turning page after page. Kurshan takes us on a deeply accessible and personal guided tour of the Talmud, shedding new light on its stories and offering insights into its arguments—both for those already familiar with the text and for those who have never encountered it. For people of the book—both Jewish and non-Jewish—*If All the Seas Were Ink* is a celebration of learning—through literature—how to fall in love once again.

PRAISE

"The word scholarship is too tame to do justice to Kurshan's wild passion for the written word. The blend of her loves makes for a rich and fascinating life, which makes for a rich and fascinating book." —Rebecca Newberger Goldstein, author of *Plato at the Googleplex*

"[A] deeply personal and often hilarious story, Kurshan awakens us to our imperfect world's hidden magnificence—and to the power of literature to inspire human resilience." —Dara Horn, author of *The World to Come*

"I loved this book." —Maggie Anton, author of *Rashi's Daughters*

Ilana Kurshan is a graduate of Harvard and Cambridge. She has worked in literary publishing both in New York and in Jerusalem, as a translator and foreign rights agent and as the books editor of *Lilith* magazine. Her writing has appeared in *Tablet*, *Lilith*, *Hadassah*, *The Forward*, *Kveller*, *The World Jewish Digest*, *Nashim*, and *The Jewish Week*. She lives in Jerusalem with her husband and four children.

Dark Winds Rising

A Novel

Mark Noce

Mark Noce returns with his second book about the Braveheart-like Queen Branwen in this epic historical series set in Medieval Wales.

Set in a time and era in which very little reliable written records or archeological remains have survived, Mark Noce bases his novel on primary sources such as St. Gildas (a Welsh cleric of the era), mythology from the Welsh Mabinogion, and Arthurian literature from Malory to T.H. White. Although the characters and some of the place names are fictional, the physical environment, the historical details, and the saga of the Welsh people is real.

Queen Branwen finds her world once again turned upside down as Pictish raiders harry the shores of her kingdom. Rallying her people once more, she must face her most dangerous foe yet, the Queen of the Picts. Ruthless and cunning, the Pictish Queen turns the Welsh against each other in a bloody civil war, and Branwen must attempt to stop her before her country threatens to tear itself apart.

All the while Branwen is heavy with child, and finds her young son's footsteps dogged by a mysterious assassin. Branwen must somehow defeat the Picts and save her people before the Pictish Queen and a mysterious assassin threaten to destroy their lives from the inside out.

Reminiscent of classics like *The Mists of Avalon* and *A Game of Thrones*, and newer popular titles like *Hild*, this continuation of Branwen's story combines elements of mystery and romance with Noce's gift for storytelling.

PRAISE

"A spirited ride through a turbulent slice of Welsh history!" —Paula Brackston, *New York Times* bestselling author of *The Witch's Daughter* on *Between Two Fires*

MARK NOCE writes historical fiction with a passion. Born and raised in the San Francisco Bay Area, he has been an avid traveler and backpacker. He earned his BA and MA from Cal Poly, San Luis Obispo, where he also met his beautiful wife. By day, he works as a Technical Writer, having spent much of his career at places like Google and Facebook. He also writes short fiction online. When not reading or writing, he's probably listening to U2, sailing his dad's boat, or gardening with his family.

How the French Saved America

Soldiers, Sailors, Diplomats, Louis XVI, and the Success of a Revolution

Tom Shachtman

Americans today have a love/hate relationship with France, but in this illuminating new history, Tom Shachtman shows that without France, there might not be a United States of America.

To the rebelling colonies, French assistance made the difference between looming defeat and eventual triumph. Even before the *Declaration of Independence* was issued, King Louis XVI and French foreign minister Vergennes were aiding the rebels. After the *Declaration*, that assistance broadened to include wages for our troops; guns, cannon, and ammunition; engineering expertise that enabled victories and prevented defeats; diplomatic recognition; safe havens for privateers; battlefield leadership by veteran officers; and the army and fleet that made possible the Franco-American victory at Yorktown.

Nearly ten percent of those who fought and died for the American cause were French. Those who fought and survived, in addition to the well-known Lafayette and Rochambeau, include François de Fleury, who won a Congressional Medal for valor, Louis Duportail, who founded the Army Corps of Engineers, and Admiral de Grasse, whose sea victory sealed the fate of Yorktown.

This illuminating narrative history vividly captures the outsize characters of our European brothers, their battlefield and diplomatic bonds and clashes with Americans, and the monumental role they played in America's fight for independence and democracy.

PRAISE

On *Rumspringa* by Tom Shachtman:

**"A wonderfully rich portrait and history of the Amish as a people and a faith."
—*Wall Street Journal***

"Shachtman is like a maestro, masterfully conducting an orchestra of history, anthropology, psychology, sociology, and journalism together in a harmonious and evocative symphony of all things Amish." —*Christian Science Monitor*

TOM SHACHTMAN has written or co-authored more than thirty books, as well as documentaries for ABC, CBS, NBC, PBS, and BBC, and has taught at New York University and lectured at Harvard and Stanford. He is a former chairman of The Writers Room in Manhattan, a trustee of the Connecticut Humanities Council, a founding director of the Upper Housatonic Valley National Heritage Area, and is currently a consultant to the Alfred P. The New Wild West

Black Gold, Fracking, and Life in a North Dakota Boomtown

Blaire Briody

"Insightful, deeply reported, and at times heartbreakingly personal... a must-read." —Seamus McGraw

Williston, North Dakota was a sleepy farm town for generations—until the frackers arrived. The oil companies moved into Williston, overtaking the town and setting off a boom that America hadn't seen since the Gold Rush. Workers from all over the country descended, chasing jobs that promised them six-figure salaries and demanded no prior experience.

But for every person chasing the American dream, there is a darker side—reports of violence and sexual assault skyrocketed, schools overflowed, and housing prices soared. Real estate is such a hot commodity that tent cities popped up, and many workers' only option was to live out of their cars. Farmers whose families had tended the land for generations watched, powerless, as their fields were bulldozed to make way for one oil rig after another.

The New Wild West is the definitive account of what's happening on the ground and what really happens to a community when the energy industry is allowed to set up in a town with little regulation or oversight—and at what cost.

PRAISE

"Blaire Briody tells [this] story with fearlessness and compassion and gets inside the lives of truck drivers, pastors, roughnecks and modern-day American migrants trying to cope with a bonanza and its aftermath. This is first-rate reporting, with a novelist's sensibility." —Tom Zoellner

"With elegance, incisiveness and heart, Blaire Briody weaves snapshot stories of those recession refugees attracted to and affected by the North Dakota oil boom." —Adam Skolnick

BLAIRE BRIODY is a journalist who has written for *The New York Times*, *Popular Science*, *Popular Mechanics*, *Fast Company*, and *Glamour*, among others. She has worked as a senior editor at *The Fiscal Times* and she received the Richard J. Margolis Award in 2014 for social justice reporting. She resides in Sonoma County, California. *The New Wild West* is her first book.

A Taste of Paris

A History of the Parisian Love Affair with Food

David Downie

From the critically acclaimed author of *Paris, Paris* and *A Passion for Paris*, comes a delectable culinary history of the gastronomic capital of the world.

In his trademark witty and informative style, David Downie embarks on a quest to discover “What is it about the history of Paris that has made it a food lover’s paradise?” Long before Marie Antoinette said, “Let them eat cake!” (actually, it was brioche), the Romans of Paris devoured foie gras, and live oysters rushed in from the Atlantic; one Medieval cookbook describes a thirty-two part meal featuring hare stew, eel soup, and honeyed wine; during the last great banquet at Versailles a year before the Revolution the gourmand Louis XVI savored thirty-two main dishes and sixteen desserts; yet, in 1812, Grimod de la Reynière, the father of French gastronomy, regaled guests with fifty-two courses, fifteen wines, three types of coffee, and seventeen liqueurs.

Following the contours of history and the geography of the city, Downie sweeps readers on an insider’s gourmet walking tour of Paris and its environs, revealing the locations of Roman butcher shops, classic Belle Epoque bistros serving diners today and Marie Antoinette’s exquisite vegetable garden that still supplies produce, no longer to the unfortunate queen, but to the legendary Alain Ducasse and his stylish restaurant inside the palace of Versailles. Along the way, readers learn why the rich culinary heritage of France still makes Paris the ultimate arbiter in the world of food.

PRAISE*Praise for A Passion for Paris*

"A top-notch walking tour of Paris... The author's encyclopedic knowledge of the city and its artists grants him a mystical gift of access... Anyone who loves Paris will adore this joyful book." —*Kirkus* (starred review)

"Intrepidly researched, entrancingly descriptive, ruminative, funny, and revealing... Downie presents a gorgeously discursive and affecting homage to Paris' "great Romantics," and to the city itself." —*Booklist* (starred review)

DAVID DOWNIE, a native San Franciscan, lived in New York, Providence, Rome and Milan before moving to Paris in the mid-80s. He divides his time between France and Italy. His travel, food and arts features have appeared in print publications worldwide including *Bon Appétit*, *Gourmet*, *Saveur*, *Epicurious.com*, and *Gault&Millau*, the premier French food guide. He is the author of the several books, including the highly acclaimed *Paris, Paris* and *A Passion for Paris*.

The Death of an Heir

Adolph Coors III and the Murder That Rocked an American Brewing Dynasty

Philip Jett

In the tradition of Arthur T. Vanderbilt III's *Fortune's Children* and Jerry Oppenheimer's *Crazy Rich*, the story of a family dynasty living an American dream that became a nightmare.

In the 1950s and 60s, the Coors family reigned over Golden, Colorado, seemingly invincible. When rumblings about labor unions threatened to destabilize the family's brewery, Adolph Coors, Jr., the septuagenarian president of the company, drew a hard line, refusing to budge. They had worked hard for what they had, and no one had a right to take it from them. What they'd soon realize was that they had more to lose than they could have imagined.

On the morning of Tuesday, February 9, 1960, Adolph "Ad" Coors III, the 44-year-old CEO of the multimillion dollar Colorado beer empire, stepped into his car and headed for the brewery twelve miles away. At a bridge he stopped to help a man in a yellow Mercury sedan. On the back seat lay handcuffs and leg irons. The glove box held a ransom note ready to be mailed. His coat pocket shielded a loaded pistol.

What happened next set off the largest U.S. manhunt since the Lindbergh kidnapping. State and local authorities, along with the FBI personally spearheaded by its director J. Edgar Hoover, burst into action attempting to locate Ad and his kidnapper. The dragnet spanned a continent. All the while, Ad's grief-stricken wife and children waited, tormented by the unrelenting silence. *The Death of an Heir* reveals the true story behind the tragic murder of Colorado's favorite son.

PHILIP JETT is a former corporate attorney, now living in Nashville, Tennessee, who has represented corporations, hospitals, CEOs, celebrities from the music, television, and sports industries, and other noteworthy clients. Since 2007, he has ghost-written for business clients, contributed articles to a Nashville newspaper, and focused on writing narrative nonfiction for publication. He has two sons and volunteers often for children's causes.

The Last Chicago Boss

My Life with the Chicago Outlaws Motorcycle Club

Peter "Big Pete" James with Kerrie Droban

A memoir by the “Godfather” of the Chicago Outlaws, offering an inside look at the club and its history.

A legend in the biker community, Peter “Big Pete” James was the most revered gangster in the Chicagoland Outlaws. He first perfected his skills with the Hells Angels, the Outlaws’ chief rival, before persuading thousands of disgruntled members from splintered Outlaw Clubs to unite. Together, they formed a powerful criminal syndicate involved in extortion, contract murders, drugs and arms trafficking, money laundering and assassinations. Then a shocking medical diagnosis knocked James sideways, forcing him to face a new life on the outside of the organization he built, dodging snitches, federal law enforcement, and contract hits.

In *The Last Chicago Boss*, James provides a startling and unprecedented expose into the inner workings of the Outlaw Nation from the unique perspective of its renowned leader, all brought to life through never-before-revealed interviews, police files, wiretaps, recordings, and trial transcripts.

The Trouble with Twelfth Grave

Darynda Jones

Grim Reaper Charley Davidson is back in the twelfth installment of Darynda Jones' *New York Times* bestselling paranormal series.

Ever since Reyes escaped from a hell dimension in which Charley accidentally trapped him, the son of Satan has been brimstone-bent on destroying the world his heavenly Brother created. His volatile tendencies have put Charley in a bit of a pickle. But that's not the only briny vegetable on her plate. While trying to domesticate the feral being that used to be her husband, she also has to deal with her everyday life of annoying all manner of beings—some corporeal, some not so much—as she struggles to right the wrongs of society. Only this time she's not uncovering a murder. This time she's covering one up.

Add to that her new occupation of keeping a startup PI venture—the indomitable mystery-solving team of Amber Kowalski and Quentin Rutherford—out of trouble and dealing with the Vatican's inquiries into her beloved daughter, and Charley is on the brink of throwing in the towel and becoming a professional shopper. Or possibly a live mannequin. But when someone starts attacking humans who are sensitive to the supernatural world, Charley knows it's time to let loose her razor sharp claws. Then again, her number one suspect is the dark entity she's loved for centuries. So the question becomes, can she tame the unruly beast before it destroys everything she's worked so hard to protect?

The Stolen Marriage

Diane Chamberlain

From perennial bestselling author Diane Chamberlain comes a compelling new novel.

In 1944, twenty-three-year-old Tess DeMello abruptly ends her engagement to the love of her life when she marries a mysterious stranger and moves to Hickory, North Carolina, a small town struggling with racial tension and the hardships imposed by World War II. Tess's new husband, Henry Kraft, is a secretive man who often stays out all night, hides money from his new wife, and shows no interest in making love. Tess quickly realizes she's trapped in a strange and loveless marriage with no way out.

The people of Hickory love and respect Henry and see Tess as an outsider, treating her with suspicion and disdain, especially after one of the town's prominent citizens dies in a terrible accident and Tess is blamed. Tess suspects people are talking about her, plotting behind her back, and following her as she walks around town. What does everyone know about Henry that she does not? Feeling alone and adrift, Tess turns to the one person who seems to understand her, a local medium who gives her hope but seems to know more than he's letting on.

When a sudden polio epidemic strikes the town, the townspeople band together to build a polio hospital. Tess, who has a nursing degree, bucks Henry's wishes and begins to work at the hospital, finding meaning in nursing the young victims. Yet at home, Henry's actions grow more alarming by the day. As Tess works to save the lives of her patients, can she untangle her husband's mysterious behavior a...

My Life in Combat from Marine Scout Sniper to MARSOC

Jason Delgado with Chris Martin

The memoir of Jason Delgado, a US Marine scout sniper and MARSOC's first lead sniper instructor.

The fight for Jason Delgado's life and soul began when he was just a boy. He ultimately escaped the death and drugs of a crime-riddled Bronx by way of the United States Marine Corps. However, after earning his way into the esteemed ranks of the service's famed Scout Snipers, Delgado saw that old struggle reignited when he was dumped into the hell of war in Iraq.

There Delgado proved not only a participant, but a warrior capable of turning the tide in several of the most harrowing and historically important battles of the evolving war. He took all the hard lessons learned in combat and, as MARSOC's original lead sniper instructor, made himself a pivotal figure in revolutionizing the way special operations snipers trained and operated. But even after accomplishing his mission in the military, Delgado still faced that original fight, struggling to understand and accept the man his experiences had transformed him into.

JASON DELGADO is an accomplished sniper, entrepreneur, tattoo artist, and father. He escaped the dangers of life in the streets in the Bronx only to battle for his life in Iraq during two combat tours as a Marine scout sniper. One of the most important snipers and instructors of the modern era, Delgado helped shape the future of sniping for American special operators while serving as MARSOC's first lead sniper instructor. He is currently working for a security services contractor in Afghanistan.

Memories After My Death

The Story of My Father, Joseph "Tommy" Lapid

Yair Lapid

From leading politician and bestselling Hebrew author Yair Lapid comes a mesmerizing portrait of the author's father, one of modern Israel's most dynamic figures.

Memories After My Death is the astonishing true story of Tommy Lapid, a well-loved and controversial Israeli figure who saw the development of the country from all angles over its first sixty years. From seeing his father taken away to a concentration camp to arriving in Tel Aviv at the birth of Israel, Tommy Lapid lived every major incident of Jewish life since the 1930s first-hand.

This sweeping narrative will captivate anyone with an interest in how Israel became what it is today. Tommy Lapid's uniquely unorthodox opinions - he belonged to neither left nor right, was Jewish, but vehemently secular - expose the many contradictions inherent in Israeli life today.

PRAISE

"I was privileged to have known Tommy Lapid. Tommy was a man of spirit and passion." —Reuven Rivlin, Israeli President

"A literary tour-de-force in which the son reassembles the voice, the spirit of the father so absolutely." —*The Jewish Chronicle*

YAIR LAPID is an Israeli politician who founded and serves as the chairman of the Yesh Atid Party. He was Israel's Minister of Finance between 2013 and 2014. Ageless Soul

The Lifelong Journey Toward Meaning and Joy

Thomas Moore

An inspiring, dynamic way to reimagine aging, by the #1 New York Times bestselling author of *Care of the Soul*.

Thomas Moore is the renowned author of *Care of the Soul*, which spent forty-four weeks on the *New York Times* bestseller list and showed how spiritual practice can heal personal and societal problems. In *Ageless Soul*, Moore reveals a fresh, optimistic, and rewarding path toward aging, one that need not be feared, but rather embraced and cherished. In Moore's view, aging is the process by which one becomes a more distinctive, complex, fulfilled, loving, and connected person.

Using examples from his practice as a psychotherapist and teacher who lectures widely on medicine and spirituality, Moore argues for a new vision of aging: as a dramatic series of initiations, rather than a diminishing experience, one that each of us has the tools—experience, maturity, fulfillment—to embrace. Subjects include:

- *Why melancholy is a natural part of aging, and how to accept it, rather than confuse it with depression and resort to medication
- *The vital role of the elder and mentor in the lives of younger people
- *The many paths of spiritual growth and learning that open later in life
- *Sex and sensuality
- *Building new communities and leaving a legacy

Ageless Soul will teach readers how to embrace the richness of experience and how to take life on, embrace invitations to new vitality, and feel fulfilled as they get older. Aging means living into life.

THOMAS MOORE is the *New York Times* bestselling author of *Care of the Soul*, as well as many other books on deepening soul and cultivating mindfulness, three of which have received the Books for a Better Life Award. At turns he has been a monk, a musician, a university professor, and a psychotherapist. Today he lectures widely on holistic medicine and spirituality. He lives in New Hampshire.

BIG BOOK

What the Hell Did I Just Read

A Novel of Cosmic Horror

David Wong

New York Times bestselling author David Wong takes readers to a whole new level with his latest dark comic horror, set in the world of *John Dies at the End* and *This Book is Full of Spiders*.

John Dies at the End's "smart take on fear manages to tap into readers' existential dread on one page, then have them laughing the next" (*Publishers Weekly*) and *This Book is Full of Spiders* was "unlike any other book of the genre" (*Washington Post*). Now, Wong is back with the third installment of this black-humored thriller series.

While investigating a fairly straightforward case of a shapeshifting entity from another dimension snatching local children, the gang realize there might actually be something weird going on. Together they will navigate a hilariously convoluted maze of illusions, lies, and their own incompetence, attempting to uncover a terrible truth they'd be better off not knowing.

Equal parts terrifying and darkly comedic in his writing, David Wong "will be remembered as one of today's great satirists" (*Nerdist*).

PRAISE

Life as a Brain Surgeon

Henry Marsh

A memoir by the author of the *New York Times* bestselling and award-winning memoir *Do No Harm*.

Following the publication of *Do No Harm*, Dr. Henry Marsh retired from his position at a hospital in London. But his career continued, taking him to remote hospitals in places such as Nepal and Pakistan, where he offers his services as surgeon and teacher to those in need. Now, Marsh considers the challenges of working in those difficult conditions, alongside the challenges of putting a career of fifty years behind you and finding further purpose in life and work.

In *Admissions*, Marsh offers a thoughtful, perceptive consideration of medicine and the pursuit of a meaningful life that will appeal to readers of Atul Gawande, Jerome Groopman, and Oliver Sacks.

"Like the work of his fellow physicians Jerome Groopman and Atul Gawande, *Do No Harm* offers insight into the life of doctors and the quandaries they face as we throw our outsize hopes into their fallible hands." —*The Washington Post*

HENRY MARSH studied medicine at the Royal Free Hospital in London, became a Fellow of the Royal College of Surgeons in 1984 and was appointed Consultant Neurosurgeon at Atkinson Morley's/St George's Hospital in London in 1987. How the Right Lost Its Mind

Charles J. Sykes

A book on the implosion of the Republican party and the conservative movement, by a bestselling author and radio host who drew national attention after denouncing Donald Trump

In March 2016, Wisconsin's #1 conservative talk radio host Charles Sykes did the unthinkable: He ferociously challenged Republican presidential front-runner Donald Trump in a live interview. Afterward, Sykes alone among conservative media figures continued to denounce Trump, and extended his attack to include the larger right-wing media and other politicians that enabled his rise.

Now, in *How the Right Lost Its Mind*, Sykes presents an impassioned, regretful, and deeply thoughtful account of how the American conservative movement came to lose its values. How did a movement that was defined by its belief in limited government, individual liberty, free markets, traditional values, and civility find itself embracing bigotry, political intransigence, demagoguery, and falsehood? Mainstream conservatives now find themselves in need of a broad and introspective evaluation of what went wrong—and how to move forward and regain their core principles. *How the Right Lost its Mind* will address:

- *Why are so many voters so credulous and immune to factual information reported by responsible media?
- *Why did conservatives decide to overlook, even embrace, so many of Trump's outrages, gaffes, conspiracy theories, falsehoods, and smears?
- *Can conservatives govern? Or are they content to merely rage?
- *How can the right recover its traditional values and persuade a new generation of their worth?

CHARLES J. SYKES is the author of eight books on current affairs and education including *Fail U.*, *A Nation of Victims*, and *Profscam*. He has written for *The Wall Street Journal* and *Time.com* among others, and in 2016 was featured for his critiques of Donald Trump and conservative media in articles on the front page of *The New York Times*, *The New York Times Magazine*, and *NPR*. A former longtime host of the #1 conservative talk radio show in Wisconsin, he is now a regular contributor to MSNBC.

The Fear and the Freedom

How the Second World War Changed Us

Keith Lowe

Bestselling historian Keith Lowe's *The Fear and the Freedom* looks at the astonishing innovations that sprang from WWII and how they changed the world.

The Fear and the Freedom is Keith Lowe's follow-up to *Savage Continent*. While that book painted a picture of Europe in all its horror as WWII was ending, *The Fear and the Freedom* looks at all that has happened since focusing on all of the changes that were brought about because of WWII, simultaneously one of the most catastrophic and most innovative events in history. It killed millions and eradicated empires, creating the idea of human rights, and giving birth to the UN. It was because of the war that penicillin was first mass-produced, computers were developed, and rockets first sent to the edge of space. The war created new philosophies, new ways of living, new architecture: this was the era of Le Corbusier, Simone de Beauvoir and Chairman Mao. But amidst the waves of revolution and idealism there were also fears of globalisation, a dread of the atom bomb, and an unexpressed longing for a past forever gone. All of these things and more came about as direct consequences of the war and continue to affect the world that we live in today. *The Fear and the Freedom* is the first book to look at all of the changes brought about because of WWII. Based on each from five continents, Keith Lowe's *The Fear and the Freedom* tells the very human story of how the war not only transformed our world but also changed the very way we think about ourselves.

"A superb and immensely important book." —*The Washington Post* on *Savage Continent*

"A breathtaking, numbing account of the physical and moral desolation that plagued Europe in the late 1940s. Authoritative but never dry, stripping away soothing myths of national unity and victimhood, this is a painful but necessary historical task superbly done." —*Kirkus Reviews* on *Savage Continent*

"Lowe's work, thoroughly researched and written with scrupulous objectivity, promises to be the year's best book on European history." —*Financial Times (London)* on *Savage Continent*

Road Dog

Life and Reflections from the Road as a Standup Comic

Dov Davidoff

Stand-up comedian Dov Davidoff's gritty memoir charting a year in the life of a standup, from the road to television and back, interspersed with stories of his upbringing.

Road Dog is comedian, actor, and writer, Dov Davidoff's unflinching memoir told through reflections of twelve months on the road. Davidoff travels across the country from college campuses to local theaters doing stand-up comedy and telling it like it is. He's been known to wax poetic about everything from encounters with large fake breasts, to people who have too many kids, to magnum condoms the size of CD cases. He is hilarious and relatable and will have you laughing at yourself in no time.

But there's more to the road dog life than TV features and sold out comedy shows, there's a dark underbelly and Dov knows it well. His memoir chronicles the highs and often very low lows of performance life with honesty, clarity, and humility. Dov takes readers from his fractured childhood days spent in a New Jersey junkyard with a gruff Jewish father and commune-loving hippie Protestant mother to the intense hyperactive persona that his fans know and expect discussing the relationships, drugs, and demons that he has fought along the way. With an eye for self-reflection, and a penchant for hilarious irony, Dov pulls back the curtain on a life hard-made on the road.

DOV DAVIDOFF is a New Jersey born stand up comic, writer, and actor who was named one of *Variety's Top 10 to Watch*. Davidoff is a regular on college campuses and *Chelsea Lately*, starred in *Invincible* with Mark Wahlberg, and on TV shows including: *The Tonight Show*, *Jimmy Kimmel Live*, *The Late Late Show*, *Last Call with Carson Daly*, and *Chappelle's Show* among others. He is a favorite at the Montreal Just for Laughs Comedy Festival, as well as HBO's The Comedy Festival in Aspen, Colorado.

Christmas

A Biography

Judith Flanders

A critically acclaimed *New York Times* bestselling author explores the Christmas holiday, from the original festival through present day traditions.

Christmas has always been a magical time. Or has it? Thirty years after the first recorded Christmas, the Pope was already warning that too many people were spending the day, not in worship, but in partying and eating to excess. By 1616, the playwright Ben Jonson was nostalgically remembering Christmas in the old days, certain that it had been better then.

Other elements of Christmas are much newer – who would have thought gift-wrap is a novelty of the twentieth century? That the first holiday parade was neither at Macy’s, nor even in the USA?

Some things, however, never change. The first known gag holiday gift book, *The Boghouse Miscellany*, was advertised in the 1760s ‘for gay Gallants, and good companions’, while in 1805, the leaders of the Lewis and Clark expedition exchanged – what else? – presents of underwear and socks.

Christmas is all things to all people: a religious festival, a family celebration, a period of eating and drinking. In *Christmas: A Biography*, bestselling author and acclaimed social historian Judith Flanders casts a sharp eye on myths, legends and history, deftly moving from the origins of the holiday in the Roman empire, through Christmas trees in central Europe, to what might be the first appearance of Santa Claus – in Switzerland – to draw a picture of the season as it has never been seen before.

Praise for *The Making of Home*

“Judith Flanders’s new book isn’t just smart and diverting but it is also brave... Flanders uses books well and pictures intelligently, searching images for hidden meaning... this book has charm and learning.” —*The New York Times Book Review*

“Flanders, a historian best known for her works on Victorian culture, has a knack for finding surprising, alternative perspectives on the familiar. In her new book, she takes an unconventional look at how our modern idea of home came to be.” —*The Washington Post*

JUDITH FLANDERS is a *New York Times* bestselling author and one of the foremost social historians of the Victorian era. She is a frequent contributor to *The Wall Street Journal*, *The Daily Telegraph*, and *The Times Literary Supplement*. She lives in London.

Voice Lessons

A Sisters Story

Cara Mentzel; Foreword by My Big Sister Idina Menzel

Cara Mentzel tells the story of growing up with her mega-star sister Idina Menzel, the voice of Elsa in "Frozen".

Voice Lessons is the story of two sisters. The first is Cara Mentzel, an elementary school teacher who lives in Boulder, Colorado with her husband, her two teenage boys and their dogs. The second is... well... let's hear it from Cara: "My big sister is Tony-Award-Winning, Gravity-Defying, Let-It-Go-Singing Idina Menzel who has received top billing on Broadway marquees, whose face has graced the cover of *Billboard* and *Redbook* magazines, who has performed for Barbra Streisand and President Obama, at the Super Bowl and at the Academy Awards. John Travolta may have called her "Adele Dazeem" but I call her Dee." *Voice Lessons* is Cara's memoir of their growing up on Long Island and moving apart across the country as they became women. It's the story of one woman growing up in the shadow of an older, much-more-talented sister, trying to be like her, fighting with her and, ultimately learning how to live her own life and voice. As they grew and Idina clearly became the star in the family, Cara faded into the background. There were fights. They made up. They both had children. Cara had hard times at the same time Idina made a big splash in *Rent*, soared in *Wicked*, played Lea Michelle's mother on *Glee* and taught millions how to "Let It Go" when she provided the voice of Elsa in Disney's blockbuster film *Frozen*. Their story, told by Cara, will be familiar to every woman with a dazzling big sister -- a real-life Anna and Elsa story and a mus...

CARA MENTZEL holds a Master's in education from the University of Colorado and received a National Board certification in literacy in 2011. She aims to inspire a love of reading and writing in children. Cara thrives in household with the love of her life—who she nearly rejected on match.com—her two teen boys who reprimand her for cursing too much, and two dogs with whom she has much in common, a border collie with OCD and a maltipoo with a weak bladder. She lives in Boulder, Colorado.

HOW TO SHIFT FASTER, RESPOND BETTER,
AND WIN CUSTOMER LOYALTY

RETAIL'S SEISMIC SHIFT

MICHAEL DART
WITH ROBIN LEWIS

Retail's Seismic Shift

How to Shift Faster, Respond Better, and Win Customer Loyalty

Michael Dart with Robin Lewis

Everything in just one click, but who will we buy from next?

Compared to 25 years ago, today's retail experience is a world apart. Almost anything can be ordered, delivered and picked up rapidly, often customized to personal preferences at no extra cost. The smartphone has created a world of limitless consumer expectation and logistical possibility. So how much further can it go? What will the retail experience look like in ten, twenty, or even fifty years—and how should companies, big and small, be preparing?

Amazon may still loom large, say industry experts Robin Lewis and Michael Dart, but now they'll actually be profitable, as mobile shopping becomes the norm. More importantly, the primacy of access over ownership, and experience over material goods, will force retailers to transform their offerings. Demographic trends, like the glut of seniors and the declining marriage rate, and societal trends, like income polarization and continued urbanization, will have surprising effects on which brands and products take center stage. And the double-edged sword of technology will be fully apparent: no more cards or cash, but pervasive fear of fraud and surveillance from the dark Web and the rise of A.I..

In their previous book, *The New Rules of Retail*, Lewis and Dart predicted nearly every defining characteristic of today's marketplace—and the industry snapped it up in two editions. Here, they do the same for the next era, where retailers will have to be ready for anything.

PRAISE

"Our industry needs someone to develop new thoughts and concepts that will be a guide for future successes. (The authors') background, experience, expertise, and interest...make for a thoughtful and useful book." —Burton M. Tansky, President and CEO, The Neiman Marcus Group

"There is not a more crucial time to assess the current retail model and explore creative alternatives in driving the success than there is today...a credible insider in our industry." —Kenneth Cole

Michael Dart is a partner at A.T. Kearney, a management consulting firm specializing in retail, and was named one of the Top 25 Consultants by *Consulting Magazine*. He was educated at Oxford University and later received a full scholarship to Wharton.

Robin Lewis is the CEO of *The Robin Report*, a strategic report for executives in the retail industry. He founded the Goldman Sachs retail consulting subsidiary and has consulted for Bloomingdale's, Liz Claiborne, Estee Lauder, and Ralph Lauren.

In the Still of the Night

The Supernaturals II

David L. Golemon

New York Times bestselling author of The Event Group series returns with a new paranormal supernatural thriller just in time for Halloween.

Set in the world of *The Supernaturals*, one of *Riffle's* Ten Best Haunted House Books of All Time.

Five years ago, the ghost hunting Supernaturals disbanded after being accused of faking their experiences at Summer Place. Now, the eccentric, but brilliant, team of scientists and paranormal experts are being asked to join forces once again— this time to save the President.

Through strenuous investigation and mysterious messages about returning home, the team soon discovers the long lost home of the president: a small town in California called Moreno, a modern ghost town.

When the Supernaturals go to Moreno for answers, they find a presence; something came to Moreno after WWII, something that's still locked in a steel vault in the basement of the town's old movie theater.

To make matters worse, the thing in the basement is starting to pull them into *its* time, Halloween of 1963. With the body count rising, it'll be up to the Supernaturals to find an explanation for what this paranormal being is and how to defeat it.

PRAISE

"I forgot how much I love a good haunting story! Especially one with such a clever twist!" —Geek News Network on *The Supernaturals*

"[A]n explosive combination that features the author's immense imagination. It's difficult to ground such fantastic science and weirdness in reality, but Golemon makes it look effortless." —Associated Press on *Ripper*

"Golemon knows how to make readers turn the pages." —Booklist on *Primeval*

"Fans of Clive Cussler, Verne, X-Files, and military tactical thrillers will find much to enjoy in this increasingly clever series." —Booklist on *Leviathan*

DAVID L. GOLEMON is the author of the Event Group Thrillers. Legend, the second book in the series, was nominated for a RITA award for paranormal fiction. Golemon learned an early love of reading from his father, who told him that the written word, unlike other forms, allows readers to use their own minds, the greatest special effects machines of all—an idea Golemon still believes. Golemon grew up in Chino, California, and now makes his home in New York.

Riding High

How I Kissed SoulCycle Goodbye, Founded Flywheel, and Built the Life I Always Wanted

Ruth Zukerman

From the founder of Flywheel and SoulCycle comes a story of perseverance and success.

“Ruth Zukerman is an inspiration. She somehow had a keen sense that indoor cycling was going to be a huge trend and she wasted no time turning it into a lucrative business. I'm among the legions of Flywheel fans who make Ruth's class part of our regular routine. Her energy, enthusiasm and great playlist keeps us spinning and coming back for more.” —KATIE COURIC

Ruth Zukerman is the Queen of Spinning: she put the Soul in SoulCycle and the Fly in Flywheel.

Recounting the pivotal moments that helped launch Zukerman as the breakout star of the boutique fitness world, *Riding High* is a reminder that the greatest success stories often start in the unlikeliest of places.

Ruth Zukerman used her heartache—at the death of her father, the end of her marriage, and the dissolution of her first business partnership with SoulCycle, as the inspiration to reinvent herself. At 51, she founded a new business, the highly successful Flywheel, and built the life she'd always dreamed of. And she did it all while navigating through single motherhood and a business world that is often unkind to women, especially those who wear their hearts on their sleeves.

Riding High is a prescriptive, warts-and-all journey through Ruth's evolution, offering fresh, unexpected business and life lessons to help readers recognize their own potential and channel their passion into success. Part confidante, part mentor, Ruth pulls no punches and holds nothing back.

Ruth Zukerman is the Co-Founder of SoulCycle and Flywheel. She is currently Flywheel's Creative Director and continues to teach several sold-out classes every week nationwide. She lives in New York with her two daughters.

The Burning Time

Henry VIII, Bloody Mary, and the Protestant Martyrs of London

Virginia Rounding

From critically acclaimed historian Virginia Rounding comes the harrowing story of the Smithfield Martyrs, protestants who were put to death by fire for their faith under Mary I's bloody reign.

Smithfield, settled on the fringes of Roman London, was once a place of revelry. Jesters and crowds flocked for the medieval St Bartholomew's Day celebrations, tournaments were plentiful and it became the location of London's most famous meat market. Yet in Tudor England, Smithfield had another, more sinister use: the public execution of heretics.

The Burning Time is a vivid insight into an era in which what was orthodoxy one year might be dangerous heresy the next. The first martyrs were Catholics, who cleaved to Rome in defiance of Henry VIII's break with the papacy. But with the accession of Henry's daughter Mary - soon to be nicknamed 'Bloody Mary' - the charge of heresy was leveled against devout Protestants, who chose to burn rather than recant.

At the center of Virginia Rounding's vivid account of this extraordinary period are two very different characters. The first is Richard Rich, Thomas Cromwell's protégé, who, almost uniquely, remained in a position of great power, influence and wealth under three Tudor monarchs, and who helped send many devout men and women to their deaths. The second is John Deane, Rector of St Bartholomew's, who was able, somehow, to navigate the treacherous waters of changing dogma and help others to survive.

The Burning Time is their story, but it is also the story of the hundreds of men and women who were put to the fire for their faith.

PRAISE

“This gruesomely entertaining book examines the Tudor zeal for burning people in the name of religion. . . . Burning is, Rounding suggests, a preferred way of dealing with those harboring dangerous religious ideas because it both ‘purifies’ and leaves little or no trace.” —*The Times of London*

“Rounding has brought [*Alix and Nicky*] to life in flesh and blood perhaps better than any previous writer on the subject.” —*The Washington Times*

VIRGINIA ROUNDING is a writer, critic and former RLF Fellow at the Courtauld Institute of Art. Author of biographies of Catherine the Great, Tsar Nicholas II and Empress Alexandra, and of *Grandes Horizontales*, a study of French courtesans, she also contributes to a number of newspapers and magazines, such as the *Daily Telegraph* and the *Financial Times*.

The Ghost

The Secret Life of CIA Spymaster James Jesus Angleton

Jefferson Morley

A revelatory new biography of the sinister, powerful, and paranoid man at the heart of the CIA for more than three tumultuous decades.

CIA spymaster James Jesus Angleton was one of the most powerful unelected officials in the United States government in the mid-20th century, a ghost of American power. From World War II to the Cold War, Angleton operated beyond the view of the public, Congress, and even the president. He unwittingly shared intelligence secrets with Soviet spy Kim Philby, a member of the notorious Cambridge spy ring. He launched mass surveillance by opening the mail of hundreds of thousands of Americans. He abetted a scheme to aid Israel's own nuclear efforts, disregarding U.S. security. He committed perjury and obstructed the JFK assassination investigation. He oversaw a massive spying operation on the antiwar and black nationalist movements and he initiated an obsessive search for communist moles that nearly destroyed the Agency.

In *The Ghost*, investigative reporter Jefferson Morley tells Angleton's dramatic story, from his friendship with the poet Ezra Pound through the underground gay milieu of mid-century Washington to the Kennedy assassination to the Watergate scandal. From the agency's MKULTRA mind-control experiments to the wars of the Mideast, Angleton wielded far more power than anyone knew. Yet during his seemingly lawless reign in the CIA, he also proved himself to be a formidable adversary to our nation's enemies, acquiring a mythic stature within the CIA that continues to this day.

PRAISE

"James Angleton's real life is the most intriguing, moving, and at times shocking spy story in American history. In *The Ghost*, Jeff Morley has captured the man in all his brilliant and sometimes delusional eccentricity. A must-read for anyone who wants to understand just how strange and secretive the CIA was at the height of the Cold War." --David Ignatius, columnist for *The Washington Post* and author of *The Director*

JEFFERSON MORLEY is a journalist and editor who has worked in Washington journalism for over thirty years, fifteen of which were spent as an editor and reporter at *The Washington Post*. The author of *Our Man in Mexico*, a biography of the CIA's Mexico City station chief Winston Scott, Morley has written about intelligence, military, and political subjects for *Salon*, *The Atlantic*, and *The Intercept*, among others. He is the editor of JFK Facts, a blog. He lives in Washington, DC.

The Reporter's Kitchen

Jane Kramer

Culinary essays by *The New Yorker* journalist and accomplished home cook Jane Kramer.

Jane Kramer started cooking when she started writing. Her first dish, a tinned-tuna curry, was assembled on a tiny stove in her graduate student apartment while she pondered her first writing assignment. From there, whether her travels took her to a tent settlement in the Sahara for an afternoon interview with an old Berber woman toiling over goat stew, or to the great London restaurateur and author Yotam Ottolenghi's Notting Hill apartment, where they assembled a buttered phylo-and-cheese tower called a *mutabbaq*, Jane always returned from the field with a new recipe, and usually, a friend.

For the first time, Jane's beloved food pieces from *The New Yorker*, where she has been a staff writer since 1964, are arranged in one place--a collection of definitive chef profiles, personal essays, and gastronomic history that is at once deeply personal and humane. *The Reporter's Kitchen* follows Jane everywhere, and throughout her career--from her summer writing retreat in Umbria, where Jane and her anthropologist husband host memorable expat Thanksgivings--in July--to the Nordic coast, where Jane and acclaimed Danish chef Rene Redzepi, of Noma, forage for edible sea-grass. *The Reporter's Kitchen* is an important record of culture distilled through food around the world. It's welcoming and inevitably surprising.

JANE KRAMER is the longtime European correspondent of *The New Yorker*. She has also written for *The New York Review of Books*, *The New York Times Magazine*, *The New York Times Book Review*, and *Vogue*. Her writing has garnered her a National Book Award, a National Magazine Award, a Front Page Award, and an Emmy Award. In 2006, she was made a *Chevalier de la Legions d'Honneur* in France and, in 2016, she was elected to the American Academy of Arts and Letters. She lives in Europe and New York.

In Shock

My Journey from Death to Recovery and the Redemptive Power of Hope

Rana Awdish

A riveting first-hand account of a physician who's suddenly a dying patient and her revelation of the horribly misguided standard of care in the medical world

Dr. Rana Awdish never imagined that an emergency trip to the hospital would result in hemorrhaging nearly all of her blood volume and losing her unborn first child. But after that first visit, Dr. Awdish spent months fighting for her life, enduring consecutive major surgeries and experiencing multiple overlapping organ failures. At each step of the recovery process, Awdish was faced with something even more unexpected: repeated cavalier behavior from her fellow physicians—indifference following human loss, disregard for anguish and suffering, and an exacting emotional distance.

Hauntingly perceptive and beautifully written, *In Shock* allows the reader to transform alongside Awdish and watch what she discovers in our carefully-cultivated, yet often misguided, standard of care. Awdish comes to understand the fatal flaws in her profession and in her own past actions as a physician while achieving, through unflinching presence, a crystalline vision of a new and better possibility for us all.

As Dr. Awdish finds herself up against the same self-protective partitions she was trained to construct as a medical student and physician, she artfully illuminates the dysfunction of disconnection. Shatteringly personal, and yet wholly universal, she offers a brave road map for anyone navigating illness while presenting physicians with a new paradigm and rationale for embracing the emotional bond between doctor and patient.

DR. RANA AWDISH is the Director of the Pulmonary Hypertension Program at Henry Ford Hospital in Detroit and a Critical Care Physician. She was recently named Medical Director of Care Experience for the (\$6 billion, 24,000 employee) Health System. She was awarded the Speak-Up Hero award in 2014 for her work on improving communication, as well as the Critical Care Teaching Award in 2016. Dr. Awdish is board-certified in Internal Medicine, Pulmonary and Critical Care Medicine.

The Dog Lover Unit

Lessons in Courage from the World's K9 Cops

Rachel Rose

An up-close look at the lives and work of the brave men, women, and dogs who serve and protect citizens in America and around the world.

An acclaimed poet, Rachel Rose never expected to spend her nights careening along the roads in high-speed chases or searching the woods for armed suspects. Yet once she decided to meet the people who devoted their lives to police K9 units, she found herself signing up for the ride-alongs, training runs, and other challenges that the courageous people—and canines—face on a daily basis.

In *The Dog Lover Unit*, Rose introduces readers to police dogs and their handlers in the United States, Canada, Britain, and France (where their group's official name translates as "the dog lover unit"). She's there to catch a criminal with Constable Matt Noel and Blackie; to patrol with Sheriff Gene Davis and Gunner; and to witness the tragic funeral of Constable Dave Ross, where K9 Danny follows the coffin, looking for his master.

With insight, humor, and awe, this book reveals the feats that these human and canine teams accomplish, and the emotional and physical risks that they take for one another, and for us.

RACHEL ROSE has won awards for her poetry, fiction, and non-fiction, including a 2014 and 2016 Pushcart Prize, and was named a Governor's General Award finalist in 2016. She is the Poet Laureate of Vancouver for 2014-2017 and was recently a fellow at The University of Iowa's International Writing Program. She has published work in journals and anthologies in Canada, the U.S., New Zealand and Japan. She lives in Canada.

After the End of the World

Jonathan L. Howard

The second installment in a thrilling supernatural series that brings the H.P. Lovecraft mythos into the twenty-first century, optioned by Warner Bros TV.

The Unfolded World is a bitter and unfriendly place for Daniel Carter and Emily Lovecraft. In this world, the Cold War never happened because the Soviet Union ceased to exist in 1941. In this world the Nazi *Großdeutschland* is the premier superpower, and is not merely tolerated but indulged because, in this world, the Holocaust happened behind the ruins of the Iron Curtain and consumed only Bolsheviks, Communists, and others the West was glad to see gone. In this world, there are monsters, and not all of them are human.

But even in the Unfolded World, there are still bills to pay and jobs to do. Carter finds himself working for the German secret security service to uncover the truth behind a major scientific joint project that is going suspiciously well. The trail takes Lovecraft and him to a distant, abandoned island, and a conspiracy that threatens everything. To fight it, Lovecraft must walk a perilously narrow path between forbidden knowledge and soul-destroying insanity.

Fortunately, she also has a shotgun.

PRAISE

“Howard crafts a creepy mystery in which the mythos of H.P. Lovecraft is more fact than fiction. Carter is an endearing protagonist with a dark sense of humor and distaste for private eye clichés. Emily Lovecraft resents her famous literary roots but becomes a spirited sidekick when her great-great-uncle's creations come to life. Together they make a formidable team and the solid foundation for a new series promised by *Carter & Lovecraft's* twist ending. Supernatural mystery and thrilling horror offer something to love for genre fans of all stripes.” —*Shelf Awareness*

JONATHAN L. HOWARD is a game designer, scriptwriter, and a veteran of the computer-games industry since the early nineties, with titles such as the Broken Sword series to his credit. He is author of the Johannes Cabal series and *Carter & Lovecraft*, as well as the YA novels *Katya's World* and *Katya's War*. He lives in the United Kingdom with his wife and daughter.

No Ego

How Leaders Can Cut the Cost of Workplace Drama, End Entitlement, and Drive Big Results

Cy Wakeman

**New York Times bestselling author and leadership trainer says:
Getting your employees to do their work shouldn't have to be so
much, well, work!**

For years now, leaders in almost every industry have accepted two completely false assumptions--that change is hard, and that engagement drives results. Those beliefs have inspired expensive attempts to shield employees from change, involve them in high-level decision-making, and keep them happy with endless "satisfaction surveys" and workplace perks. But what these engagement programs actually do, Cy Wakeman says, is inflate expectations and sow unhappiness, leaving employees unprepared to adapt to even minor changes necessary to the organization's survival. Rather than driving performance and creating efficiencies, these programs fuel entitlement and drama, costing millions in time and profit.

It is high time to reinvent leadership thinking. Stop worrying about your employees' happiness, and start worrying about their accountability. Cy Wakeman teaches you how to hire "emotionally inexpensive" people, solicit only the opinions you need, and promote self-awareness in your whole team. *No Ego* dispenses with unproven HR maxims, and instead offers a complete plan to turn your office from a den of discontent to a happy, productive place.

CY WAKEMAN is a public speaker and trainer. In 2001, she founded Reality-Based Leadership. She's authored two books: *Reality-Based Leadership: Ditch the Drama, Restore Sanity to the Workplace & Turn Excuses Into Results* (2010), and *New York Times* bestseller *The Reality-Based Rules of the Workplace: Know What Boosts Your Value, Kills Your Chances, and Will Make You Happier* (2013). She lives in Elkhorn, Nebraska.

The Four Horsemen

Gregory Dowling

The second of two historical thrillers set in 18th century Venice, featuring a tour guide who is drafted as part of the Venetian secret service.

Tour guide Alvisè Marangon thinks he knows Venice better than ever, but now finds himself ensnared by mysteries as obscure as the city and in many cases just as old.

Certain that he is finally about to have his guide's license revoked after a tavern brawl, Alvisè is instead dragooned into the service of Missier Grande, who has linked the death of one of his agents to a secret society known as the Four Horsemen. Every attempt that Missier Grande makes to investigate the matter is blocked by forces on high, and enlisting Alvisè is a move of last resort—one last-ditch effort to uncover the crimes of the present in the secrets of the past before the future claims more lives.

Among the dark arcades and fetid canals of 18th century Venice, Alvisè is the one who finds himself led on a tour, at any turn of which could lie a fresh corpse or an ancient conspiracy.

PRAISE

“A special thriller set in the Venetian past, its colors and intrigues so vividly described.” —Francesco da Mosto

Praise for *Ascension*:

“Alvisè is a terrific character, the murder mystery is absorbingly ingenious and... the sights, sounds and smells of [Venice's] streets and canals ooze up from the page.” —*Daily Mail*

“Wonderful ... I loved being transported to my favorite time in my favorite city.” —Andrea di Robilant

“Blends a laconic, amused style informed by American Detective literature with a profound knowledge of Venetian geography and history. Stylish, clever, and gripping.” —*The Times*, Historical Fiction Book of the Month

GREGORY DOWLING grew up in Bristol before studying English at Christ Church, Oxford. He moved to Venice in 1981, where he is Associate Professor of American Literature at Ca' Foscari University of Venice. He has published four novels, co-edited two anthologies of poetry, and written various non-fiction books and academic articles on Italian, British, and American literature.

The Beautiful Ones

A Novel

Silvia Moreno-Garcia

"Truly one of the most beautiful books I've read in a long time. This sweeping tale of love lost and found is told with old-world elegance, grace and just the right touch of magic." —M.J. Rose

Antonina Beaulieu is in the glittering city of Loissail for her first Grand Season, where she will attend balls and mingle among high society in hopes of landing a suitable husband. But Antonina is telekinetic, and strange events in her past have made her the subject of malicious gossip and hardly a sought-after bride. Now, under the tutelage of her cousin's wife, she is finally ready to shed the past and learn the proper ways of society.

But Antonina, who prefers her family's country home to the glamorous ballrooms of the wealthy, finds it increasingly difficult to conform to society's ideals for women, especially when she falls under the spell of the dazzling telekinetic performer Hector Auvray. As their romance blossoms, and he teaches her how to hone and control her telekinetic gift, she can't help but feel a marriage proposal is imminent.

Little does Antonina know that Hector and those closest to her are hiding a devastating secret that will crush her world and force her to confront who she really is and what she's willing to sacrifice.

PRAISE

Praise for *Certain Dark Things*, an NPR Best Book of 2016

"By turns sensual and grim, introspective and disturbing, suspenseful and moving, and all told in the sleek and lyrical prose for which Moreno-Garcia is deservedly acclaimed." —*New York Journal of Books*

"All the characters in this book are as sharply realized as the city in which they live and fight. Smart, tender and insightful." —NPR.org

"The Mexican setting is a huge part of the allure of this new novel from Moreno-Garcia, as are the fascinating varieties of vampires she sets forth." —*Library Journal* (starred review)

SILVIA MORENO-GARCIA is the critically-acclaimed author of the novels *Signal to Noise* - winner of a Copper Cylinder Award, finalist of the British Fantasy, Locus, Sunburst, and Aurora awards - and *Certain Dark Things*, which was selected as one of NPR's best books of 2016. Gold Dust Woman

A Biography of Stevie Nicks

Stephen Davis

A classic rock biography from *the* classic rock biographer—Stephen Davis, author of *Hammer of the Gods*—a serious, vibrant book about the defining face and voice of Fleetwood Mac, Stevie Nicks.

Stevie Nicks is a legend of rock, but her energy and magnetism sparked new interest in this icon. At 68, she's one of the most glamorous creatures rock has known, and the rare woman who's a real rock 'n' roller.

Gold Dust Woman gives "the gold standard of rock biographers" (*The Boston Globe*) his ideal topic: Nicks' work and life are equally sexy and interesting, and Davis delves deeply into each, unearthing fresh details from new, intimate interviews and interpreting them to present a rich new portrait of the star. Just as Nicks (and Lindsay Buckingham) gave Fleetwood Mac the "shot of adrenaline" they needed to become real rock stars—according to Christine McVie—*Gold Dust Woman* is vibrant with stories and with a life lived large and hard:

—How Nicks and Buckingham were asked to join Fleetwood Mac and how they turned the band into stars

—The affairs that informed Nicks' greatest songs

—Her relationships with the Eagles' Don Henley and Joe Walsh, and with Fleetwood himself

—Why Nicks married her best friend's widower

—Her dependency on cocaine, drinking and pot, but how it was a decade-long addiction to Klonopin that almost killed her

—Nicks' successful solo career that has her still performing in venues like Madison Square Garden

—The cult of Nicks and its extension to chart-toppers like Taylor Swift and the Dixie Chicks

STEPHEN DAVIS is America's preeminent rock journalist and biographer, having written numerous bestsellers on rock bands, including the smash hit *Hammer of the Gods*. He also collaborated with legendary musicians Levon Helm and Mick Fleetwood on their autobiographies. He lives in Boston.

The Sniper Mind

Eliminate Fear, Deal with Uncertainty, and Make Better Decisions

David Amerland

***The Sniper Mind* is the first book to examine the learned skills necessary to become a sniper and teach readers how to apply those skills in business and in life.**

Snipers are exceptional. The trained sniper is a complex fusion of hard skills such as weapons knowledge, situational awareness, knowledge of ballistics and physics, and soft skills such as emotional stability, empathy, and a stoic acceptance of the hardships associated with a particular set of circumstances. There are countless instances where a single sniper, embarking on a secret mission, would have to improvise, operate beyond any hope of support, and yet still manage to carry out the mission and get back home unharmed even though the enemy was actively hunting him.

For the first time ever, *The Sniper Mind* reveals the practical steps that allow a sniper's brain to work in this superhuman precise, calculated way. It teaches readers how to understand and apply these steps, whether they are stuck in a cubicle facing mounting piles of work or sitting in a corner office making industry-defining decisions.

Through the explanation of advanced military training techniques and cutting-edge neuroscience, this book provides concrete strategies and real-world skills that can help us be better:

- At our jobs
- In our relationships
- In our executive decision making
- In the paths we choose to take through life

By learning how snipers teach their minds to eliminate fears and deal with uncertainty we can also develop the mental toughness we need to achieve the goals that seem to elude us in business as well as in life.

The Mayflower

The Families, the Voyage, and the Founding of America

Rebecca Fraser

Just in time for Thanksgiving, from renowned historian Rebecca Fraser comes a vivid narrative history of The Mayflower and of the Winslow family, who traveled to America in search of a new world.

Rebecca Fraser's book about the Mayflower sheds new light on a family caught up in all the perils of crossing the ocean and settling in the wilderness. But the story did not end there. All settlers had to become linguists, traders, and explorers, and yet not forget their roots and customs from the old country. With the aid of exciting contemporary documents, Rebecca Fraser brings to life of an ordinary family, the Winslows, made less ordinary by their responses to the challenges of the New World.

The very special relationship between Edward Winslow and Massasoit chief of the Wampanoags is commemorated in the first Thanksgiving. But fifty years later Edward's son Josiah was commander in chief of the New England militias against Massasoit's son in King Philip's War.

Written with the pace of an epic, this is a story that is both national but intimate and human, chronicling as the Winslows made the painful decisions that ensured their survival in America.

PRAISE

“A superb account of the first two generations of the Winslow family of the Mayflower . . . a must read for those interested in the unique beginnings of America.” —Cynthia Hagar Krusell, *Historian and author of The Winslows of Careswell in Marshfield*

“A work of history that gives a sense of who the six wives of Henry VII were without becoming bogged down in details demands great respect... And only someone of her caliber could tell history so well and make it real to readers in Britain, America, and elsewhere.” —*The Times Record on The Story of Britain*

Revolution

The Battle of the Boyne to the Battle of Waterloo

Peter Ackroyd

The fourth volume of Peter Ackroyd's enthralling History of England, beginning in 1688 with a revolution and ending in 1815 with a famous victory.

In *Revolution*, Peter Ackroyd takes readers from William of Orange's accession following the Glorious Revolution to the Regency, when the flamboyant Prince of Wales ruled in the stead of his mad father, George III, and England was—again—at war with France, a war that would end with the defeat of Napoleon at Waterloo.

Late Stuart and Georgian England marked the creation of the great pillars of the English state. The Bank of England was founded, as was the stock exchange; the Church of England was fully established as the guardian of the spiritual life of the nation, and parliament became the sovereign body of the nation with responsibilities and duties far beyond those of the monarch. It was a revolutionary era in English letters, too, a time in which newspapers first flourished and the English novel was born. It was an era in which coffee houses and playhouses boomed, gin flowed freely, and in which shops, as we know them today, began to proliferate in towns and villages. But it was also a time of extraordinary and unprecedented technological innovation, which saw England utterly and irrevocably transformed from a country of blue skies and farmland to one of soot and steel and coal.

PRAISE

UK Praise for *Revolution*

"[T]he author eschews the detached third person preferred by stuffy professionals, favouring instead a more intimate 'you' that brings the reader into the dark alleys of industrial towns." —*The Times*

Praise for Peter Ackroyd

"Marvelously erudite and staggeringly industrious." —*Los Angeles Times*

"For Ackroyd, the past isn't merely past; it's alive." —*The Boston Globe*

"Ackroyd is a medium through which the obscured voices of the past are channeled." —*Newsday*

PETER ACKROYD is an award-winning novelist, as well as a broadcaster, biographer, poet, and historian. He is the author of the acclaimed *Thames: Sacred River*, *London: The Biography*, and the first, second, and third volumes of his history of England, *Foundation*, *Tudors*, and *Rebellion*. He holds a CBE for services to literature and lives in London.

Alone

Lost Overboard in the Indian Ocean

Brett Archibald

For fans of *The Perfect Storm*, the heroic story of the 28 hours the author spent alone and helpless in the Indian Ocean, enduring the elements, creatures of the deep, and his own inner demons.

In April 2013, fifty-year-old Brett Archibald was on board a surf-charter boat, making a night-time crossing of the remote Mentawai Strait off Sumatra, Indonesia. In the middle of a storm, ill with severe food poisoning, he blacked out. When he came to, he found himself in the raging sea, sixty miles from shore. As Brett saw the lights of his boat disappearing into the darkness, it became clear that no one had seen him fall, and that no one would hear his shouts for help. He was alone in the ocean.

It would be eight hours before his friends realized he was missing. At that point a frantic search began for a single man somewhere in thousands of square miles of heaving waves. The rough weather meant that no planes or helicopters could assist in the search. According to the experts, he should have died within ten to fourteen hours.

Instead, Brett battled Portuguese man o' war and jellyfish, sharks, seagulls, and the stormy seas for more than 28 hours. *Alone* is the remarkable tale of his miraculous survival and rescue. It is also the story of what it takes to defy extraordinary odds and the incredible power of the human spirit.

PRAISE

BRETT ARCHIBALD is an international businessman and entrepreneur. Over the course of 35 years he has built an impressive global career, which included directorship positions with a worldwide hospitality and travel corporation in Johannesburg, Sydney, Hong Kong, and London. He is currently the chairman of an events and hospitality company, as well as an inspirational speaker on the national and international circuits. He lives in Cape Town with his wife and their two children.

Twilight of Empire

The Tragedy at Mayerling and the End of the Habsburgs

Greg King and Penny Wilson

From the authors of *The Assassination of the Archduke* comes a book about a shocking murder-suicide that ushered in the end of the Habsburg monarchy that had dominated Europe for centuries.

On a snowy January morning in 1889, a worried servant hacked open a locked door at the remote hunting lodge deep in the Vienna Woods. Inside, he found two bodies sprawled on an ornate bed, blood oozing from their mouths. Crown Prince Rudolf of Austria-Hungary appeared to have shot his seventeen-year-old mistress Baroness Mary Vetsera as she slept, sat with the corpse for hours and, when dawn broke, turned the pistol on himself.

A century has transformed this bloody scene into romantic tragedy: star-crossed lovers who preferred death together than to be parted by a cold, unfeeling Viennese Court. But Mayerling is also the story of family secrets: incestuous relationships and mental instability; blackmail, venereal disease, and political treason; and a disillusioned, morphine-addicted Crown Prince and a naïve schoolgirl caught up in a dangerous and deadly waltz inside a decaying empire. What happened in that locked room remains one of history's most evocative mysteries: What led Rudolf and mistress to this desperate act? Was it really a suicide pact? Or did something far more disturbing take place at that remote hunting lodge and result in murder?

Drawing interviews with members of the Habsburg family and archival sources in Vienna, Greg King and Penny Wilson reconstruct this historical mystery, laying out evidence and information long ignored that conclusively refutes the romantic myth and the conspiracy stories.

PRAISE

"Highly informed, compellingly written . . . there was a great deal more to the story than its heart-wrenching tragedy." —*The Wall Street Journal* on *Lusitania*

"A compelling and readable account of the private life of the imperial family headed for doom." —*Seattle Post-Intelligencer* on *The Assassination of the Archduke*

"An entertaining challenge to a century of misconceptions."—*Kirkus Reviews* on *The Assassination of the Archduke*

GREG KING is the author of eleven internationally published works of history, most recently *The Assassination of the Archduke*. He serves as Editor-in-Chief of the European Royal History Journal, and his work has appeared in *Majesty Magazine*, *Royalty Magazine*, *Royalty Digest*, and *Atlantis Magazine*.

The Telescope in the Ice

Inventing a New Astronomy at the South Pole

Mark Bowen

Cutting edge science—a new form of astronomy and a technological tour de force—carried out under some of the most extreme conditions on the planet by a crew of colorful, visionary scientists

IceCube Observatory, a South Pole instrument making the first actual observations of high-energy neutrinos, has been called the “weirdest” of the seven wonders of modern astronomy by *Scientific American*. In *The Telescope in the Ice*, Mark Bowen tells the amazing story of the people who built the instrument and the science involved.

Located near the U. S. Amundsen-Scott Research Station at the geographic South Pole, IceCube is unlike most telescopes in that it is not designed to detect light. It employs a cubic kilometer of diamond-clear ice, more than a mile beneath the surface, to detect an elementary particle known as the neutrino. In 2010, it detected the first extraterrestrial high-energy neutrinos and thus gave birth to a new field of astronomy.

IceCube is also the largest particle physics detector ever built. Its scientific goals span not only astrophysics and cosmology but also pure particle physics. And since the neutrino is one of the strangest and least understood of the known elementary particles, this is fertile ground. Neutrino physics is perhaps the most active field in particle physics today, and IceCube is at the forefront.

The Telescope in the Ice is, ultimately, a book about people and the thrill of the chase: the struggle to understand the neutrino and the pioneers and inventors of neutrino astronomy.

PRAISE

"Bowen's account of the immense challenges of an unprecedented feat of engineering under extreme conditions is both compelling and inspiring...A fascinating and intimate journey through the history of the science and scientists behind one of the most revolutionary telescopes." —James McClintock, Professor of Polar and Marine Biology, University of Alabama at Birmingham

MARK BOWEN is a writer, physicist. He earned a bachelor's degree and a doctorate in physics at MIT and worked for a decade in the medical industry. Bowen has written for *Climbing*, *Natural History*, *Science*, *Technology Review*, and *AMC Outdoors*. He is considered an adjunct member of AMANDA and IceCube, with full access. He lives in Vermont.

Beasts of Extraordinary Circumstance

Ruth Emmie Lang

Through the story of Weylyn Grey, Lang weaves a mystical tale about life, love, and the ability each of us has to change our own story.

Orphaned, raised by wolves, and the proud owner of a horned pig named Merlin, Weylyn Grey knew he wasn't like other people. But when he single-handedly stopped that tornado on a stormy Christmas day in Oklahoma, he realized just how different he actually was.

As amazing as these powers may appear, they tend to manifest themselves at inopportune times and places, jeopardizing not only his own life, but the life of Mary, the woman he loves.

Beasts of Extraordinary Circumstance tells the story of Weylyn Grey's life from the perspectives of the people who knew him, loved him, and even a few who thought he was just plain weird. Although he doesn't stay in any of their lives for long, he leaves each of them with a story to tell: great storms that evaporate into thin air; fireflies that make phosphorescent honey; a house filled with spider webs and the strange man who inhabits it.

There is one story, however, that Weylyn wishes he could change: his own. But first he has to muster enough courage to knock on Mary's front door.

Ruth Emmie Lang teaches us how to find magic in the ordinary in this magical realism debut.

PRAISE

"*Beasts of Extraordinary Circumstance* bristles with charm and curiosity, and its oddball hero, Weylyn Grey, will make you want to follow him into the forest."

—Winston Groom, *New York Times* bestselling author of *Forrest Gump*

"A wholly original and superbly crafted work of art, *Beasts of Extraordinary Circumstance* is a masterpiece of the imagination." —Lori Nelson Spielman, *New York Times* bestselling author of *The Life List*

Ruth Emmie Lang was born in Glasgow, Scotland and has the red hair to prove it. When she was four years old, she immigrated to Ohio where she has lived for the last 27 years. She has since lost her Scottish accent, but still has the hair. Ruth currently lives in Columbus, Ohio with her husband and dreams of someday owning a little house in the woods where she can write more books. *Beasts of Extraordinary Circumstance* is her first novel.

REGULAR

The Trials of a Scold

The Incredible True Story of Writer Anne Royall

Jeff Biggers

"A fascinating account that reads like a novel" —Ron Rash, author of the 2009 PEN/Faulkner finalist and *New York Times* bestselling author of *Serena* and *Above the Waterfall*.

A well-researched and passionate biography of Anne Royall, one of America's first female muckrakers, who was convicted as a "common scold" in 1829 in one of the most bizarre trials in the nation's history.

Anne Royall was an American original, a stranger to fear, and one of the nation's most daring, impassioned, and indomitable social critics. A servant in the house of the man she would later marry, Royall read constantly and pursued an education that few women at that time had access to. When fifteen years later she was left widowed and destitute after her husband's family declared their marriage invalid, she turned to her writing, and to her political interests. Travelling from Alabama to Washington DC to Pennsylvania, Royall was a fiercely dedicated journalist. Her tenacity earned her the first presidential interview ever granted to a woman, but she acquired enemies for her scathing denouncement of the increasingly blurry lines between church and state. Royall's pioneering role as a chronicler, publisher, muckraker, and social commentator brought to light the timeless issues that still define the great American experience: religion and politics.

PRAISE

"Anne Royall is a marvelous subject, a bold eighteenth-century woman writer with a stinging wit and a contrarian approach. Challenging, intrepid, and unconventional, she played an important part in American cultural history."
—Roxana Robinson, author of four *New York Times* Notable Books of the Year

"The most interesting woman that I had never heard of...The muckraking and myth-making journalist, travel writer, and social critic Anne Royall was called both 'heroine' and 'common scold' in her time; her story holds reverberations and implications for us today." —Lee Smith, author of *Dimstore: A Writer's Life*

JEFF BIGGERS is an American Book Award-winning journalist, cultural historian and playwright. He is the author of several works of memoir and history, including *Reckoning at Eagle Creek*, which was the recipient of the David Brower Award for Environmental Reporting. His award-winning stories have appeared in *The New York Times*, *Washington Post*, *The Atlantic*, and on National Public Radio. Biggers is a regular contributor to *Al Jazeera America*, *Huffington Post*, and *Salon*.

Glass Town

Steven Savile

A brilliantly rendered story about obsession and one man's attempt to unravel the mystery that destroyed his grandfather's life, set against a magical and intricately woven cityscape.

Steven Savile has been an international sensation, selling over half a million copies of his novels worldwide and writing for cult favorite television shows including *Doctor Who*, *Torchwood*, and *Stargate*. Now, he is finally making his US debut with *Glass Town*, a brilliantly composed novel revolving around the magic and mystery lurking in London.

In 1926, two brothers both loved Eleanor Raines, a promising young actress from the East End of London. But, along with Seth Lockwood, she disappeared, never to be seen again. Isaiah, Seth's younger brother, refused to accept that she was just gone.

It has been seventy years since and the brothers are long dead. But now their dark, twisted secret threatens to tear the city apart. Seth made a bargain with Damiola, an illusionist, to make a life size version of his most famous trick and hide away part of London to act as a prison out of sync with our time, where one year passes as one hundred. That illusion is Glass Town. And now its walls are failing.

Reminiscent of Clive Barker's *Weaveworld* and Neil Gaiman's *American Gods*, Savile brings out the magic in the everyday. *Glass Town* is full of gritty urban landscapes, realistic characters, conflict, secrets, betrayals, magic, and mystery.

PRAISE

"Stories of loss and punishment, but even at his darkest Savile has a flair for finding beauty in the macabre, using usually-subtle horror to deliver a succession of poignant insights into love and humanity...striking and moving..." —*The Guardian*

"The mix of history, suspense, and action in *Silver* perfect for those *DaVinci Code* fans looking for another electrifying read combining Biblical history with modern-day Armageddon." —Douglas Preston, *New York Times* Bestselling author of *Impact* and *Blasphemy*

STEVEN SAVILE has written for popular franchises including *Doctor Who*, *Torchwood*, *Stargate*, and *Sherlock Holmes*. He was a finalist in the People's Book Prize in the UK and has won the Lifeboat Foundation's Lifeboat to the Stars Award and the International Association of Media Tie-In Writers Scribe Award. He wrote the storyline for the bestselling computer game *Battlefield 3*, and his novel *Silver* was one of the top thirty bestselling novels of 2011 in the UK.

Hunter Killer

The War with China: The Battle for the Central Pacific

David Poyer

The war with China escalates—the dramatic and all-too-real seventeenth novel in the Dan Lenson naval-thriller series.

World War with China explodes in this seventeenth thriller featuring U.S. Navy hero Dan Lenson—newly promoted to admiral, at least for the duration. In *Hunter Killer*, the United States stands nearly alone in its determination to fight. China's naval and air forces utilize advanced technology and tactical nuclear weapons to devastate America's traditional sea power, while its massive army swiftly forces humiliating treaties on Japan, the Philippines, and other crucial allies.

Commanding a combined US–South Korea force, Lenson wonders if his embattled group can possibly keep sea lanes open in the Central Pacific, to turn the tide and buy time for the Allies to regroup. But when his own flagship comes under ferocious attack, he must leave it to assume command elsewhere—without knowing when he'll be able to return. In the meantime, SEAL operator Teddy Oberg, escaping from a hellish POW camp, heads west through desolate mountains toward what he hopes will be freedom. And in Washington, DC, Dan's wife Blair Titus helps formulate America's military and political response to overwhelming setbacks in the Pacific and at home.

Filled with dramatic battle scenes from massive ship, submarine, and air warfare to desperate hand-to-hand Marine Corps combat, and informed by the author's own background as a Navy captain and defense analyst, *Hunter Killer* is a powerful, all-too-believable novel about how the next world war might unfold.

PRAISE

"[T]he keel of the story—the naval battles with China—are always foremost, and Poyer is among the best authors, present or past, to write these electrifying scenes."
—*Publishers Weekly* (starred review) on *Onslaught*

"David Poyer's page-turning Lenson series, featuring all-too-real scenarios relating to current world affairs, sets the standard for present-day naval fiction."
—*Quarterdeck Magazine* on *Onslaught*

DAVID POYER's sea career included service in the Atlantic, Mediterranean, Arctic, Caribbean, and Pacific. *Hunter Killer* is the seventeenth novel in his widely popular series featuring Captain Dan Lenson. Poyer's work has been required reading in the Literature of the Sea course at the U.S. Naval Academy, along with that of Joseph Conrad and Herman Melville. He lives on the Eastern Shore of Virginia.

Nora Roberts

In her newest work, the stunning beginning to an epic hardcover trilogy, #1 *New York Times* bestselling author Nora Roberts weaves an enthralling saga of suspense, survival, and the journey that w...

The sickness came on suddenly, and spread quickly. The fear spread even faster. Within weeks, everything people counted on began to fail them. The electrical grid sputtered; law and government collapsed—and more than half of the world's population was decimated.

And as the power of science and technology receded, magic rose up in its place. Some of it is good, like the witchcraft worked by Lana Bingham, practicing in the loft apartment she share with her lover, Max. Some of it is unimaginably evil, and it can lurk anywhere, around a corner, in fetid tunnels beneath the river—or in the ones you know and love the most. As word spreads that neither the immune nor the gifted are safe from the authorities who patrol the ravaged streets, Lana and Max make their way out of a wrecked New York City. At the same time, other travelers are heading west too, into a new frontier.

In a world of survivors where every stranger encountered could be either a savage or a savior, none of them knows exactly where they are heading, or why. But a purpose awaits them that will shape their lives and the lives of all those who remain.

The end has come. The beginning comes next.

The Two Most Important Days

How to Find Your Purpose - and Live a Happier, Healthier Life

Sanjiv Chopra and Gina Vild

Through inspirational wisdom, compelling storytelling, and practical advice, this book will help you discover your life's purpose.

What are the two most important days in your life? "The day you are born and the day you find out why," Mark Twain famously wrote.

The search for happiness is hardwired in our DNA. It transcends age, gender, geography, vocation, and personal circumstances. But how do you achieve it?

Dr. Sanjiv Chopra and Gina Vild present a powerful message that shows you how to achieve happiness and harmony no matter what your personal circumstances. As Robert Byrne understood when he wrote "The purpose of life is a life of purpose," the best way to be happy is to live a purpose-driven life. It's a sure path to human flourishing. In fact, you may be surprised to learn that a life lived with purpose can even add years to your life.

Through stories, scientific studies, and captivating exercises, this book will lead to the discovery of your singular life's purpose and that will, in turn, spark sustained happiness, joy, love and bliss.

Do you know your life's purpose? If not, this book will lead you there by illuminating the value of gratitude, forgiveness, meditation, community, music and so much more.

Blood Profits

How American Consumers Unwittingly Fund Terrorists

Vanessa Neumann

The illegal trade of everyday counterfeit products—a \$400 billion a year industry—is what's actually funding terrorist groups around the world

International smuggling has exploded, deepening and accelerating the collaboration of transnational organized crime and terrorist groups. Attacks like the Charlie Hebdo and Bataclan shootings in Paris, the kidnappings and murders by Boko Haram in Nigeria, and the San Bernardino shooting were partially funded by seemingly harmless illegal goods such as cheap cigarettes, smuggled oil, prostitution, fake Viagra, fake designer bags, and even bootleg DVDs.

But how can this be? In *Blood Profits*, Vanessa Neumann, an expert on dismantling illicit trade, explains how purchasing illegal goods translates to supporting organized crime and terrorists. Neumann shows how the effects of the collapsed Iron Curtain, USSR scientists and intelligence agents left without work, regional trade pacts, the dissipation of the East-versus-West mentality, and new-age technology have all led to an intricate network of illegal trade. She leads the reader through a variety of cases, both by geography and by industry (selecting industries where illicit trade is generally poorly understood), before extracting lessons learned into some policy recommendations that we can all embrace.

DR. VANESSA NEUMANN is President of Asymmetrica, a consultancy on strategies for corporate clients and governments to dismantle illicit trade. Dr. Neumann is the OECD's Advisory Group for the Task Force on Countering Illicit Trade, and holds fellowships at Yale University, Columbia University and the Foreign Policy Research Institute. Her company Asymmetrica is a member of the Global Counter Terrorism Research Network (GCTRN) for the United Nations Security Council's Counter-Terrorism Committee ...

Magicians Impossible

A Novel

Brad Abraham

Harry Potter meets James Bond in this story of a twenty-something slacker who discovers that he descended from a line of magical spies and is thrust into the middle of a secret and epic battle.

Twenty-something bartender Jason Bishop's world is shattered when his estranged father commits suicide, but the greater shock comes when he learns his father was a secret agent in the employ of the Invisible Hand; an ancient society of spies wielding magic in a centuries-spanning war. Now the Golden Dawn; the shadowy cabal of witches and warlocks responsible for Daniel Bishop's murder, and the death of Jason's mother years before, have Jason in their sights. His survival will depend on mastering his own dormant magic abilities; provided he makes it through the training.

From New York, to Paris, to world between worlds, Jason's journey through the realm of magic will be fraught with peril. But with enemies and allies on both sides of this war, whom can he trust? The Invisible Hand, who've been more of a family than his own family ever was? The Golden Dawn, who may know the secrets behind his mysterious lineage? For Jason Bishop, only one thing is for certain; the magic he has slowly been mastering is telling him not to trust anybody.

Poison

A Novel

Galt Niederhoffer

***Poison* is a literary psychological thriller about a marriage that follows minor betrayal into a bubbling stew of lies, cruelty, manipulation, and danger.**

Abigail and Benjamin Borden have achieved family nirvana. With three kids between them, a cat and a yard, a home they built and feathered, they seem to have the Modern Family dream. Their family, including Abigail's two children from previous relationships, has recently moved to Seattle—a new start for their new lives. Abigail and Benjamin have stable, successful careers, and they are happy. But trouble begins almost imperceptibly. First with small omissions and white lies that happen daily in any marital bedroom. They seem insignificant, but they are quickly followed by a series of denials and feints that mushroom and then cyclone in menace.

With life-or-death stakes and irreversible consequences, *Poison* is a chilling and irresistible reminder that the closest bond designed to protect and provide for each other and for children can change in a minute.

Pride and Prejudice and Mistletoe

Melissa de la Cruz

From bestselling author MELISSA DE LA CRUZ, comes a dazzling retelling of *Pride and Prejudice* with a Christmas twist.

Darcy Fitzwilliam is 29, beautiful, successful, and brilliant. She dates hedge funders and basketball stars and is never without her three cellphones—one for work, one for play, and one to throw at her assistant (just kidding). Darcy’s never fallen in love, never has time for anyone else’s drama, and never goes home for Christmas if she can help it. But when her mother falls ill, she comes home to Pemberley, Ohio, to spend the season with her dad and little brother.

Her parents throw their annual Christmas bash, where she meets one Luke Bennet, the smart, sardonic slacker son of their neighbor. Luke is 32 and has never left home. He’s a carpenter and makes beautiful furniture, and is content with his simple life. He comes from a family of five brothers, each one less ambitious than the other. When Darcy and Luke fall into bed after too many eggnogs, Darcy thinks it’s just another one night stand. But why can’t she stop thinking of Luke? What is it about him? And can she fall in love, or will her pride and his prejudice against big-city girls stand in their way?

MELISSA DE LA CRUZ's next adult novel will be a sweet, sexy and hilarious gender-swapping, genre-satisfying re-telling of *Pride and Prejudice*, set in contemporary America and featuring one snooty Miss Darcy.

PRAISE

“De la Cruz is a formidable storyteller with a narrative voice strong enough to handle the fruits of her imagination.” —*Publishers Weekly*

Billionaire at the Barricades

The Populists vs. The Establishment from Reagan to Trump

Laura Ingraham

Bestselling author Laura Ingraham tells the story of Donald Trump's surprising ascent to the White House at the head of a much-maligned and misunderstood populist revolt.

In *Billionaire at the Barricades*, Laura Ingraham details how Trump remade the Reagan Revolution in his own image, attracting a new coalition of voters who were angry and disgusted with the corporatist agenda of GOP elites. With an insider's access and knowledge, Ingraham reveals previously unreported details behind Trump's victory and the possible pitfalls that lay ahead for his ambitious populist agenda.

"Unlike so many of my colleagues in the media," said Ingraham, "I instantly understood Trump's appeal and ignored those who repeatedly wrote his political obituary. Most of his critics and naysayers still don't understand the bipartisan appeal of the populist, pro-life, pro-growth, America First agenda on which he ran. In *Billionaire at the Barricades*, I take readers behind the scenes at the defining moments of a populist movement that began decades ago and map out where I think it should (and will) take us, whether fully realized by this Administration—or not."

Laura Ingraham is the author of several *New York Times* bestsellers, including *The Obama Diaries*, *Power to the People*, *Shut Up & Sing*, and *Of Thee I Zing*. She is the editor-in-chief and co-founder of LifeZette, a multi-media website focusing on politics, parenting, pop culture and faith. The Laura Ingraham Show is heard coast-to-coast on 225 radio stations. She is a regular and influential voice on Fox News. A mother of three and a cancer survivor, Ingraham resides in Washington, DC.

One Nation After Trump

A Guide for the Perplexed, the Disillusioned, the Desperate, and the Not-Yet Deported

E. J. Dionne, Jr., Norman J. Ornstein, and Thomas E. Mann

A call to action from three of Washington's premier political scholar-journalists offering the definitive work on the threat to our democracy posed by the Trump presidency and how to counter it.

With Donald Trump's election we find ourselves at an existential moment in our republic's history. His campaign, victory, and first months in office, egregious in previously unimaginable ways, suggest a threat to the well-being of our country and the sustainability of our democracy. In *One Nation After Trump*, journalists and scholars E.J. Dionne, Thomas Mann, and Norman Ornstein describe the dangers of this presidency and lay out a path for restoring America's values and reforming our political system.

Dionne, Mann, and Ornstein, who have studied our government for nearly five decades, point out that Donald Trump did not simply emerge from the swamp—his rise was the culmination of a breakdown in the norms of politics, governing, and the media, rooted in a transformation of the Republican Party that began decades ago. It is part of a global challenge to liberal democracy that friends of republican self-rule must meet with commitment, intelligence, sophistication, and sensitivity. While Trump poses particular dangers because of his personality and disposition, Trumpism—a mixture of authoritarianism, nationalism, racial backlash, and a tendency to delegitimize opposition—is an ideology with deeper roots and greater reach.

With historical context, *One Nation After Trump* provides a roadmap for understanding how Trumpism came to pass in 21st-century America, identifies the sources of systematic decay in our politics, and the actions...

PRAISE

"E.J. Dionne is the latest in a long line of serious American journalists who are also serious thinkers in their own right. It is therefore not surprising that he has written an extraordinary book at an extraordinary time in our history ... A book that not only speaks to where we are at this perilous moment, but of where we need to go. In a word, this book is indispensable." —Robert N. Bellah on *Our Divided Political Heart*

"[Mann and Ornstein] have done the public a great service—and have been much braver than many in the media, the think tanks, or Congress—in using their personal credibility to clearly describe what has happened to American p...

One of Us Will Be Dead by Morning

David Moody

This new series from *Hater* author David Moody is perfect for readers of John Mayberry and Max Brooks.

Fifteen people are trapped on Skek, a barren island in the middle of the North Sea somewhere between the coasts of the UK and Denmark. Over the years this place has served many purposes—a fishing settlement, a military outpost, a scientific base—but one by one its inhabitants have abandoned its inhospitable shores. Today it's home to Hazleton Adventure Experiences, an extreme sports company specializing in corporate team building events.

Life there is fragile and tough. One slip is all it takes. A momentary lapse leads to a tragic accident, but when the body count quickly starts to rise, questions are inevitably asked. Are the deaths coincidental, or something else entirely? Those people you thought you knew well, can you really trust them? Are you standing next to a killer, and will you be their next victim?

A horrific discovery changes everything for everyone. There's no way home now, and a trickle of rumors becomes a tsunami of fear. Is this really the beginning of the end of everything, or a situation constructed by the mass hysteria of a handful of desperate and terrified people?

The lower the population, the higher the stakes.

Kill the rest of them, before one of them kills you.

PRAISE

"A head-spinning thrill ride, a cautionary tale about the most salient emotion of the 21st century... *Hater* will haunt you long after you read the last page..."

—Guillermo del Toro, director, *Pan's Labyrinth*, *Hellboy 1 & 2*

"Powerful and well-written." —S.M. Stirling, author of *Dies the Fire*, *The Scourge of God on Hater*

"Moody has provided us with a brilliant piece of storytelling... read this book now." —*SciFi Now on Hater*

From the UK, DAVID MOODY first self-published *Hater* on the internet in 2006, and, without an agent, succeeded in selling the film rights for the novel to Mark Johnson, (producer, *The Chronicles of Narnia* film series) and Guillermo Del Toro, (director, *Hellboy*, *Pan's Labyrinth*). Now, he's returning to the world of his *Hater* series with *One of Us Will Be Dead by Morning*, the first in an all new dystopian trilogy.

Orders to Kill

The Putin Regime and Political Murder

Amy Knight

An in-depth and no-holds-barred account of the practice of covert murder in Russian politics, beginning in 1998, when Vladimir Putin became head of the FSB, and continuing to the present day.

Russia is no stranger to political murder, from the tsars to the Soviets to the Putin regime, during which many journalists, activists and political opponents have been killed. Kremlin defenders like to say, “There is no proof,” however convenient these deaths have been for Putin, and, unsurprisingly, because he controls all investigations, Putin is never seen holding a smoking gun,. But Amy Knight offers mountains of circumstantial evidence that point to Kremlin involvement.

Called “the West’s foremost scholar” of the KGB by *The New York Times*, Knight traces Putin’s journey from the Federal Security Service (FSB) in the late 1990s to his subsequent rise to absolute power as the Kremlin’s leader today, detailing the many bodies that paved the way. She offers new information about the most famous victims, such as Alexander Litvinenko, the former FSB officer who was poisoned while living in London, and the statesman Boris Nemtsov, who was murdered outside the Kremlin in 2015, and she puts faces on many others who are less well-known in the West or forgotten. She shows that terrorist attacks in Russia, as well as the Boston Marathon bombing in the U.S., are part of the same campaign. And she explores what these murders mean for Putin’s future, for Russia and for the West, where in America Donald Trump has claimed, “Nobody has proven that he's killed anyone....He's always denied it....It has not been proven that he's killed reporter...”

Amy Knight has written five books, more than thirty scholarly articles and contributed numerous pieces on Russian politics and history to the *New York Review of Books* and *The Times Literary Supplement*. Her articles have also been published in *The New York Times*, *The Washington Post* and *The Wilson Quarterly*. She lives in New Jersey.

THE COMPANIES
WINNING THE GLOBAL
E-COMMERCE BOOM

SIX BILLION SHOPPERS

PORTER ERISMAN

Six Billion Shoppers

The Companies Winning the Global E-Commerce Boom

Porter Erisman

From bagels to Bedouins: the fascinating story of e-commerce in emerging economies.

From China to India to Nigeria, e-commerce is entering a golden era in countries that were long left out of the e-commerce gold rush experienced in the West. If the story of the first twenty years of e-commerce's growth was set in developed markets, the story of the next twenty years will be set in emerging ones. The rise of e-commerce in emerging markets is being driven by three major trends: widespread internet adoption, a rising middle class, and, most importantly, innovative new business models that serve the needs of local customers better than the models used by western e-commerce giants.

Six Billion Shoppers takes readers on an exciting and colorful journey around the world to visit the next e-commerce mega markets and explore how a new e-commerce boom is opening opportunities for entrepreneurs and global brands alike. Traveling through Nigeria, China, India, Southeast Asia, and Latin America, Porter Erisman addresses e-commerce across these new markets and what it means for western brands. He argues that e-commerce in developing countries is revolutionary and will play a much larger role in emerging markets than in the West. With e-commerce in emerging markets entering a rapid period of expansion, *Six Billion Shoppers* explains how to seize the massive opportunity created by emerging market consumers and provides practical advice on how to ride this new business trend.

From 2000-2008, PORTER ERISMAN worked as a Vice-President at Alibaba Group, joining the company just as it moved out of founder Jack Ma's apartment. He is the bestselling author of *Alibaba's World: How a Remarkable Chinese Company is Changing the Face of Global Business*. Drive for Five

The Remarkable Run of the 2016 Patriots

Christopher Price

An in-depth look at the New England Patriots improbable and remarkable 2016 season by the award-winning New England sportswriter Christopher Price

**Foreword by Patriots safety Devin McCourty
Afterword by Patriots wide receiver Matthew Slater**

Complete with player interviews, behind-the-scenes stories never told before, and content provided by several Patriots players themselves, *Drive for Five* provides a unique level of insight and access to the story behind the New England Patriots' 2016 season.

Former Patriots linebacker Rosevelt Colvin once compared his old team to a soap opera, and that was never more the case than in 2016. The simple truth is that this was one of the most eventful seasons in an already eventful franchise history.

With the fallout around Deflategate and losing their MVP-caliber quarterback for the first four games of the season, there was a high level of drama all year long around the team, all the way until the most dramatic Super Bowl finish of all time. But honestly, the Deflategate saga and the ensuing fallout were just a small part of it all.

There was the midseason trade of dynamic playmaker Jamie Collins for going off-script, the loss of all-world tight end Rob Gronkowski to another season-ending injury, the witticisms of Martellus Bennett, and the injuries to backup QBs Jimmy Garoppolo and Jacoby Brissett.

But a remarkable run to the title – and the biggest comeback in Super Bowl history – ended up giving an emotional Brady his fifth Super Bowl ring and put the capper on a most memorable season.

PRAISE

"Chris has a keen eye, a deft touch and that reporter's knack to know when to look left when everyone else is looking right. *Drive For Five* is not just a firsthand recap of the New England Patriots' wild and unbelievable season; it's a sluicing and gold panning for what really is the most fascinating team in the NFL today. Bill Belichick might not be the most revealing coach, but Chris has always done a terrific job of tapping into what makes the most brilliant leader in the NFL tick. This is a well-crafted, fascinating look at the most prosperous football ecology in this generation, or perhaps any the NFL has seen." —Eric Edholm, Yahoo Sport...
