Seeker

Veronica Rossi

A new fantasy adventure in the Riders series from the *New York Times* and *USA Today* bestselling author of *Under the Never Sky*

When Daryn claimed she was seeing “visions” during her sophomore year of high school, no one believed the truth. She wasn’t losing her mind, she was gaining the Sight—the ability to see the future. If she just paid attention to the visions, they’d provide her with clues and show her how she could help people. Really help them. Daryn embraced her role as a Seeker. The work she did was important. She saved lives.

Until Sebastian.

Sebastian was her first—and worst—mistake.

Since the moment she inadvertently sealed him in a dark dimension with Samrael—the last surviving demon in the Kindred—guilt has plagued her. Daryn knows Sebastian is alive and waiting for help. It’s up to her to rescue him. But now that she needs the Sight more than ever to guide her, the visions have stopped.

Daryn must rely on her instincts, her intelligence, and on blind faith to lead the riders who are counting on her in search of Sebastian. As they delve into a shadowy realm where nothing is as it seems and where Samrael is steadily amassing power, Daryn faces the ultimate test. Will she have to become evil to destroy evil? The very fate of humankind rests in the answer.

Veronica Rossi

A new fantasy adventure from the *New York Times* and *USA Today* bestselling author of *Under the Never Sky*

For eighteen-year-old Gideon Blake, nothing but death can keep him from achieving his goal of becoming a U.S. Army Ranger. As it turns out, it does.

Recovering from the accident that most definitely killed him, Gideon finds himself with strange new powers and a bizarre cuff he can't remove. His death has brought to life his *real* destiny. He has become War, one of the legendary four horsemen of the apocalypse.

Over the coming weeks, he and the other horsemen--Conquest, Famine, and Death--are brought together by a beautiful but frustratingly secretive girl to help save humanity from an ancient evil on the emergence.

They fail.

Now--bound, bloodied, and drugged--Gideon is interrogated by the authorities about his role in a battle that has become an international incident. If he stands any chance of saving his friends and the girl he's fallen for--not to mention all of humankind--he needs to convince the skeptical government officials the world is in imminent danger.

But will anyone believe him?

Refuge for Masterminds

A Stranje House Novel

Kathleen Baldwin

The third book in a captivating YA alternative history series set in Regency England that *the New York Times Book Review* calls “enticing from the first sentence.”

It's 1814. Napoleon has escaped his imprisonment on Elba. Europe is in shambles. Britain is at war on four fronts. And at Stranje House, a School for Unusual Girls, five young ladies are secretly being trained for a world of spies, diplomacy, and war...

Napoleon's invasion of England is underway and someone at Stranje House is sneaking information to his spies, Lady Daneska and Ghost. Lady Jane Moore is determined to find out who it is. If anyone can discover the traitor, it is Jane—for, according to headmistress Emma Stranje, Lady Jane is a mastermind.

Jane doesn't consider herself a mastermind. It's just that she has a rather excessive bent toward the practical. Also, she tends to grasp the facts of a situation quickly, and by so doing, she's able to devise and implement a sensible course of action. Is Jane enough of a mastermind to save the brash American inventor Alexander Sinclair, her friends at Stranje House, and possibly England itself?

Night Magic

Jenna Black

***Glimmerglass* author Jenna Black returns to her core audience in this spooky yet romantic, dark paranormal horror series**

Jenna Black returns to the quarantined city of Philadelphia, where an unsuspecting seventeen-year-old has unknowingly unleashed a dark power that transforms the city into a monstrous hellscape.

Philadelphia is locked in the grip of an evil magic that transforms its streets into a nightmare landscape the minute the sun sets each night. While most of the city hunkers down and hopes to survive the long winter nights, Becket Walker is roaming the darkened streets having the time of her life.

Once, the guilt of having inadvertently let the night magic into the city—and of having killed her onetime best friend—had threatened to destroy her. But now she’s been Nightstruck, and all her grief and guilt and terror have been swept away—along with her conscience. So what if she’s lost her friends, her family, and her home? And so what if her hot new boyfriend is super-controlling and downright malevolent?

Mesmerized by the power and freedom of not having to care about anyone but herself, Becket is sinking ever deeper into the night magic’s grasp. But those who love her refuse to give up on her—even if she’s given up on them. If they can’t find a way to help Becket break the night magic’s hold, the entire city might soon find itself shrouded in perpetual night. But the last thing Becket wants is to be “rescued” from her brand new life, and she will fight tooth and claw to stay exactly where she is.

Roar

Cora Carmack

***New York Times* bestselling author Cora Carmack's young adult debut: the start of a captivating new YA fantasy/romance series perfect for fans of Kristin Cashore and Victoria Aveyard**

In a land ruled and shaped by violent magical storms, power lies with those who control them.

Aurora Pavan comes from one of the oldest Stormling families in existence. Long ago, the ungifted pledged fealty and service to her family in exchange for safe haven, and a kingdom was carved out from the wildlands and sustained by magic capable of repelling the world's deadliest foes. As the sole heir of Pavan, Aurora's been groomed to be the perfect queen. But she's yet to show any trace of the magic she'll need to protect her people.

To keep her secret and save her crown, Aurora's mother arranges for her to marry a dark and brooding Stormling prince from another kingdom. At first, the prince seems like the perfect solution to all her problems. He'll guarantee her spot as the next queen and be the champion her people need to remain safe. But the more secrets Aurora uncovers about him, the more a future with him frightens her. When she dons a disguise and sneaks out of the palace one night to spy on him, she stumbles upon a black market dealing in the very thing she lacks—storm magic. And the people selling it? They're not Stormlings. They're storm *hunters*.

Legend says that her ancestors first gained their magic by facing a storm and stealing part of its essence. And when a handsome young storm hunter reveals he was born without magic, but possesses it now, Aurora realizes there's a third option for her future besides ruin or marriage. She might not have magic now, but she can steal it if she's brave enough.

Challenge a tempest. Survive it. And you become its master.

Cora Carmack has done a multitude of things in her life—boring jobs (retail), fun jobs (theatre), stressful jobs (teaching), and dream jobs (writing). Raised in a small Texas town, she now lives in New York City and Texas, and spends her time writing, traveling, and marathoning various television shows on Netflix. Her first book, *Losing It*, was a *New York Times* and *USA Today* bestseller, and her subsequent books were also hits.

A. J. Hartley

New York Times bestselling author A. J. Hartley returns to his intriguing, 19th-century South African-inspired fantasy world in another adrenaline-pounding adventure

Once a steeplejack, Anglet Sutonga is used to scaling the heights of Bar-Selehm. Nowadays she assists politician Josiah Willinghouse behind the scenes of Parliament. The latest threat to the city-state: Government plans for a secret weapon are stolen and feared to be sold to the rival nation of Grappoli. The investigation leads right to the doorsteps of Elitus, one of the most exclusive social clubs in the city. In order to catch the thief, Ang must pretend to be a foreign princess and infiltrate Elitus. But Ang is far from royal material, so Willinghouse enlists help from the exacting Madam Nahreem.

Yet Ang has other things on her mind. Refugees are trickling into the city, fleeing Grappoli-fueled conflicts in the north. A demagogue in Parliament is proposing extreme measures to get rid of them, and she soon discovers that one theft could spark a conflagration of conspiracy that threatens the most vulnerable of Bar-Selehm. Unless she can stop it.

Steeplejack

A Novel

A. J. Hartley

Thoughtfully imaginative and action-packed, *Steeplejack*, now in trade paperback, is A. J. Hartley's YA debut set in a 19th-century South African fantasy world

Seventeen-year-old Anglet Sutonga lives repairing the chimneys, towers, and spires of the city of Bar-Selehm. Dramatically different communities live and work alongside each other. The white Feldish command the nation's higher echelons of society. The native Mahweni are divided between city life and the savannah. And then there's Ang, part of the Lani community who immigrated over generations ago as servants and now mostly live in poverty on Bar-Selehm's edges.

When Ang is supposed to meet her new apprentice Berrit, she finds him dead. That same night, the Beacon, an invaluable historical icon, is stolen. The Beacon's theft commands the headlines, yet no one seems to care about Berrit's murder—except for Josiah Willinghouse, an enigmatic young politician. When he offers her a job investigating his death, she plunges headlong into new and unexpected dangers.

Meanwhile, crowds gather in protests over the city's mounting troubles. Rumors surrounding the Beacon's theft grow. More suspicious deaths occur. With no one to help Ang except Josiah's haughty younger sister, a savvy newspaper girl, and a kindhearted herder, Ang must rely on her intellect and strength to resolve the mysterious link between Berrit and the missing Beacon before the city descends into chaos.

"A richly realized world, an intensely likable character, and a mystery to die for." — Cory Doctorow, *New York Times*-bestselling author

Flying

Carrie Jones

New York Times bestselling author Carrie Jones introduces sassy alien-hunting cheerleader Mana in the launch of this action-packed YA SF series

People have always treated seventeen-year-old Mana as someone in need of protection. She's used to being coddled, being an only child, but it's hard to imagine anything could ever happen in her small-town, normal life. As her mother's babying gets more stifling than ever, she's looking forward to cheering at the big game and getting out of the house for a while.

But that night, Mana's life goes haywire.

First, the hot guy she's been crushing on at school randomly flips out and starts spitting acid during the game. Then they get into a knockdown, drag-out fight in the locker room, during which Mana finds herself leaping around like a kangaroo on steroids. As a flyer on the cheerleading squad, she's always been a good jumper, but this is a bit much. By the time she gets home and finds her house trashed and an alien in the garage, Mana starts to wonder if her mother had her reasons for being overprotective.

PRAISE

"A bubbly, affectionate cheerleader must rescue her mother from an out-of-this-world danger... The comic tone does not falter. Funny and fast-moving, with a compelling setup for potential sequels."--Kirkus Reviews

"Jones returns to the YA scene with a humorous sci-fi romp that pits a spunky cheerleader against (what else?) aliens. Jones delivers a campy, action-packed story that balances its many laughs with tenderness, during which Mana comes into her own while trying to rescue her mother and save the world. No biggie.

HIGH-DEMAND BACKSTORY: Something new from best-selling author Jones? This book will fly off the shelf."--Booklist

Paula Stokes

Paula Stokes returns to the world of *Vicarious* in this sequel, a high-action psychological thriller with a protagonist out for vengeance

When Winter Kim finds out that her sister is dead and that she has a brother she never knew about, only two things matter—finding what's left of her family and killing the man who destroyed her life. Her mission leads her from St. Louis to Los Angeles back to South Korea, where she grew up.

Things get increasingly dangerous once Winter arrives in Seoul. Aided by her friends Jesse and Sebastian, Winter attempts to infiltrate an international corporation to get close to her target, a nefarious businessman named Kyung. But keeping her last remaining loved ones out of the line of fire proves difficult, and when all seems to be lost, Winter must face one last devastating decision: is revenge worth sacrificing everything for? Or can she find a spark of hope in the darkness that threatens to engulf her?

Vicarious

A Novel

Paula Stokes

A high-action YA psychological thriller with a twisty plot and a questionably reliable narrator in which nothing is quite as it seems

Winter Kim can't live without her older sister, Rose, who protected her through the harrowing circumstances that began in their youth in Korea, and helped keep her sane as they adjusted to their new lives in the USA. Now Winter and Rose work as recorders—digital stunt women—for Rose's ex-boyfriend, Gideon. Gideon deals in experiences—sight, sound, touch, etc.—by capturing his recorders' sensory neural impulses and selling them as downloads to armchair adrenaline junkies. The more dangerous or sexy the recordings, the higher the price, and Winter, Rose and their colleagues are fearless in pursuit of great footage.

When a neural recording of what appears to be Rose's murder is delivered to Gideon, Winter won't rest until she finds her sister, dead or alive. But when the digital evidence conflicts with the real-world clues, she isn't sure what to believe. If Winter wants to find out what happened to Rose, she'll have to untangle what's real from what only seems real, risking her own life and mind in the process.
