The Deceivers

Kristen Simmons

***Pretty Little Liars* meets *Ocean's 11* in this highly commercial, intrigue-filled contemporary drama**

Welcome to Vale Hall: a school for aspiring con artists.

When Brynn Hilder is recruited to the elite Vale Hall, she can't believe her luck. Vale means a new life, away from her mom's loser boyfriend Pete and her run-down neighborhood.

But Brynn soon learns that she hasn't been recruited because of her straight A's—she's been chosen because up until now, her extracurriculars involved conning rich North Shore kids out of their extravagant allowances in an attempt to save up for college. At Vale Hall, she'll be expected to use her skills for a much bigger purpose: to rid the city of crooked politicians and corrupt officials. The thought of giving entitled jackasses their comeuppance is the maraschino cherry on this too-good-to-be-true sundae.

But that's before Brynn meets her mark—a senator's son. Before she understands that the headmaster of Vale Hall has secrets of his own and will stop at nothing to protect them. Before she realizes how in over her head she is. As the lines of right and wrong blur for Brynn, she must figure out who she can trust before it's too late.

KRISTEN SIMMONS is the author of the Article 5 series, *The Glass Arrow*, *Metaltown*, and *Pacifica*. Aurelia feels the same attraction to Athan, all the while seeking to stop the war threatening to break. As diplomatic ties between their nations manage to just barely hold, the two teens struggle to remain loyal to their families and each other as they learn that war is not as black and white as they’ve been raised to believe.

When Summer Ends

Jessica Pennington

A stunning, romantic YA about new love, old wounds, and unexpected turns of fate

Aiden Emerson is an all-star pitcher and the all-around golden boy of Riverton. Or at least he was, before he quit the team the last day of junior year without any explanation. How could he tell people he's losing his vision at seventeen?

Straight-laced Olivia thought she had life all figured out. But when her dream internship falls apart, her estranged mother comes back into her life, and her long-time boyfriend ghosts her right before summer break, she's starting to think fate has a weird sense of humor.

Each struggling to find a new direction, Aiden and Olivia decide to live summer by chance. Every fleeting adventure and stolen kiss is as fragile as a coin flip in this heartfelt journey to love and self-discovery from the author of *Love Songs & Other Lies*.

She lives in a Michigan beach town, where she owns more YA novels than many teens and spends most of her time on a laptop, rather than a beach.

Love Songs & Other Lies

A Novel

Jessica Pennington

Nashville meets reality TV in this debut YA contemporary romance featuring two exes who reunite on a cross-country battle-of-the-bands tour

It's summer romance and second chances, the songs that stay in your head, and the boy you'll never forget.

Two years after rock-song-worthy heartbreak, Virginia Miller is looking forward to a carefree summer. Her friends just landed a spot on a battling bands reality show, and Vee is joining them for her dream internship on tour. Three months with future rockstars seems like an epic summer plan. Until she learns she'll also be sharing the bus with Cam. Her first love, and her first heartbreak. Now Vee has more than just cameras to dodge, and Cam's determination to win her forgiveness is causing TMZ-worthy problems for both of them. With cameras rolling, she'll have to decide if her favorite breakup anthem deserves a new ending. And if she's brave enough to expose her own secrets to keep Cam's under wraps.

PRAISE

"Reading Cam & Vee's past and present romance reminds me of *This Is Us!* This is going on my keeper shelf so I can reread it often!"—*New York Times* bestselling author Simone Elkeles

"Boys in bands, second chance romance, and pitch-perfect chemistry. *Love Songs & Other Lies* hits all the right notes!"—Gina Ciocca, author of *Last Year's Mistake*

"A music-infused romance about a pair of perfectly imperfect teenagers who will have readers rooting for their happily ever after. Equal parts heartbreaking and hopeful, contemporary young adult fans won't be able to put this debut down!"—Katy Upperman, author of *Kissing Max Holden*

JESSICA PENNINGTON is no stranger to the combination of love and drama. She's a wedding planner, after all. A serial entrepreneur with a BA in public relations, Pennington has a passion for grassroots marketing. She lives in a Michigan beach town suspiciously similar to the one in her novel, where she owns more YA novels than many teens and spends most of her time on a laptop, rather than a beach.
