# David Hagberg

## End Game

**A sweeping international thriller in the *NYT* bestselling Kirk McGarvey series about a mission to take down a serial killer**

The CIA's headquarters should be the safest place on Earth, but a highly professional, violently psychopathic assassin is on the loose. A series of murders extends as far as a prison outside of Athens, Greece.

These gruesome crimes are not performed at random; a code carved into four copper panels of the legendary statue in a courtyard at CIA headquarters predicts the manner of the killings and their terrible necessity. Before the first Iraq war, something horrifying was buried in the foothills above the oil city of Kirkuk. It will not remain hidden forever.

Only Pete Boylan, retired CIA assassin Kirk McGarvey, and the CIA's odd-duck genius, Otto Rencke, can uncover the truth in the four copper panels and find the terrifying device interred in Iraq. This devastating truth could well ignite the entire Middle East into an unstoppable, apocalyptic war. This may be the most dangerous assignment of McGarvey's long and storied career yet.

## C.T. Adams

# The Exile

***The Exile* contains Adams's trademark blend of suspense, humor, and strong, emotional writing, plus romance!**

Brianna Hai runs an occult shop that sells useless trinkets to tourists—and real ritual implements and ingredients to real witches and warlocks. Brianna is half-Fae; she and her human mother fled the Fae world years ago, escaping court intrigues and assassination attempts. Brianna's mother then sealed the border between the worlds—except for a single, secret portal.

An attack made through that portal drags Brianna back to the Fae world and the battle over who will succeed her father, King Liu, on the throne of Faery. Shocked to learn that a new prophecy names her heir, Brianna is pretty sure she doesn't want the job. She'd rather work on her brand-new relationship with a hunky police detective who doesn't believe in magic.

With her enemies girding for war, in Faery and on Earth. Brianna doesn't have much choice--it looks like greatness is being thrust upon her.

A suspenseful contemporary fantasy novel with more than a hint of romance, *The Exile* is the first solo novel by C. T. Adams, co-author of the bestselling Thrall and Sazi series, who is also known as Cat Adams, author of *Blood Singer*.

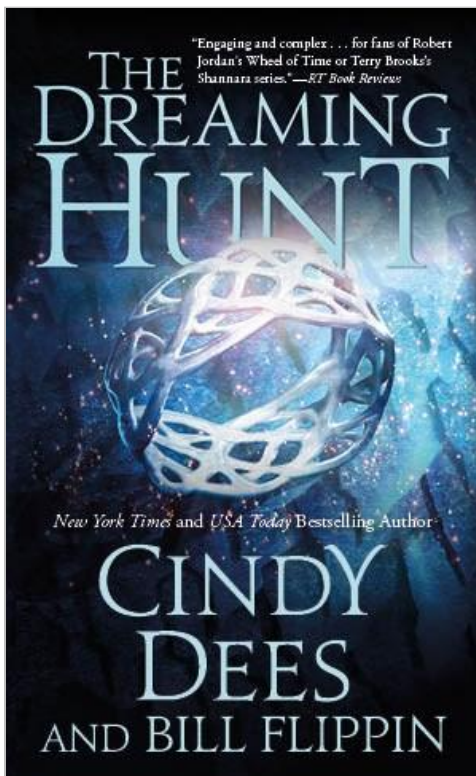

### KEY SELLING POINTS:

- \* *The Exile* contains a stronger romance plot than anything Adams (or Adams and Clamp together) have written in several years, which should make it more appealing to the romance readers who were C. T. Adams and Cathy Clamp's biggest audience
- \* First in a three book series. The second book is being written and will be published late in 2017 or early in 2018, in trade paperback
- \* The author has had some health challenges which have impacted her productivity, but is now recovered, so we should be able to get the rest of this series out closer together

**“Adams’ rich world building focuses on struggles between the past and present, and she breathes some fresh life into the legends of the Fae. Action-packed and teeming with Adams’ trademark suspense and mystery.”**
