Courtney Summers

A gripping novel about the depth of a sister's love; poised to be the next book you won't be able to stop talking about.

A missing girl on a journey of revenge and a Serial—like podcast following the clues she's left behind.

Sadie hasn't had an easy life. Growing up on her own, she's been raising her sister Mattie in an isolated small town, trying her best to provide a normal life and keep their heads above water.

But when Mattie is found dead, Sadie's entire world crumbles. After a somewhat botched police investigation, Sadie is determined to bring her sister's killer to justice and hits the road following a few meager clues to find him.

When West McCray—a radio personality working on a segment about small, forgotten towns in America—overhears Sadie's story at a local gas station, he becomes obsessed with finding the missing girl. He starts his own podcast as he tracks Sadie's journey, trying to figure out what happened, hoping to find her before it's too late.

I Do Not Trust You

A Novel

Laura J. Burns and Melinda Metz

A thrilling teen novel full of dangerous secrets and dark mythology that threaten to destroy everything 18-year-old Memphis holds dear

Memphis "M" Engel is stubborn to a fault, graced with an almost absurd knowledge of long lost languages and cultures, and a heck of an opponent in a fight. In short: she's awesome.

Ashwin "Ash" Sood is a little too posh for M's tastes, a little too good looking, and has way too many secrets. He desperately wants the ancient map M inherited from her archeologist father, believing it will lead him to a relic with the power to destroy the world. M obviously can't trust him.

Equally desperate to find the relic for reasons of her own, M forms an uneasy partnership with Ash. From the catacombs of Paris, to a sacred forest in Norway, to the ruins of a submerged temple in Egypt, together they crisscross the globe in their search. But through it all, M can never be sure: Is she traveling with a friend or enemy?

With Laura J. Burns and Melinda Metz's signature plot twists, and uneasy, ever-changing alliances, *I Do Not Trust You* is a thrilling journey at every turn that asks—what would you do to save the ones you love?

Fangirl

A Novel

Rainbow Rowell

The *New York Times* bestselling novel by Rainbow Rowell, now in trade paperback.

Cath is a Simon Snow fan. Okay, the whole world is a Simon Snow fan, but for Cath, being a fan is her life—and she's really good at it. She and her twin sister, Wren, ensconced themselves in the Simon Snow series when they were just kids; it's what got them through their mother leaving.

Reading. Rereading. Hanging out in Simon Snow forums, writing Simon Snow fan fiction, dressing up like the characters for every movie premiere.

Cath's sister has mostly grown away from fandom, but Cath can't let go. She doesn't want to.

Now that they're going to college, Wren has told Cath she doesn't want to be roommates. Cath is on her own, completely outside of her comfort zone. She's got a surly roommate with a charming, always-around boyfriend, a fiction-writing professor who thinks fan fiction is the end of the civilized world, a handsome classmate who only wants to talk about words . . . And she can't stop worrying about her dad, who's loving and fragile and has never really been alone.

For Cath, the question is: Can she do this? Can she make it without Wren holding her hand? Is she ready to start living her own life? Writing her own stories? Open her heart to someone?

Or will she just go on living inside somebody else's fiction?
