## Wicked Saints

*A Novel*

Emily A. Duncan

**In this stunning Joan of Arc inspired debut, a peasant girl who can speak to the gods must find a way to work with a deadly adversary to turn the tide of the war and assassinate the mad king**

When Nadya prays to the gods, they listen, and magic flows through her veins. For nearly a century the Kalyazi have been locked in a deadly holy war with Tranavian heretics, and her power is the only thing that is a match for the enemy's blood magic. But when the Travavian High Prince, and his army invade the monastery she is hiding in, instead of saving her people, Nadya is forced to flee the only home she's ever known, leaving it in flames behind her, and vengeance in her heart.

As night falls, she chooses to defy her gods and forge a dangerous alliance with a pair of refugees and their Tranavian blood mage leader, a beautiful, broken boy who deserted his homeland after witnessing his blood cult commit unthinkable monstrosities. The plan? Assassinate the king and stop the war.

But when they discover a nefarious conspiracy that goes beyond their two countries, everything Nadya believes is thrown into question, including her budding feelings for her new partner. Someone has been harvesting blood mages for a dark purpose, experimenting with combining Tranavian blood magic with the Kalyazi's divine one. In order to save her people, Nadya must now decide whether to trust the High Prince – her country's enemy – or the beautiful boy with powers that may ignite something far worse than the war they're trying to end.

Christine Riccio

From one of your favorite booktubers, Christine Riccio (Polandbananabooks), comes *Again, But Better*, a story about second chances, discovering yourself, and doing what makes you happy.

Shane signs up for a semester abroad in London. She's going to right all her college mistakes: make friends, pursue boys, and find adventure!

Easier said than done. She is soon faced with the complicated realities of living outside her bubble, and when self-doubt sneaks in, her new life starts to fall apart.

## This Is Not a Love Scene

S. C. Megale

**A funny and irreverent #ownvoices YA Romance about 18 year old Maeve who has muscular dystrophy and who is also an average teen girl trying to figure out high school and first love.**

Lights, camera—all Maeve needs is action. But at eighteen, a rare form of muscular dystrophy usually stands in the way of romance. She's got her friends, her humor, and a passion for filmmaking to keep her focus off consistent rejection...and the hot older guy starring in her senior film project.

Tall, bearded, and always swaying, Cole Stone is everything Maeve can't be. And she likes it. Between takes, their chemistry is shockingly electric.

Suddenly Maeve gets a taste of typical teenage dating life, but girls in wheelchairs don't get the hot guy—right? Cole's attention challenges everything she once believed about her self-image and hopes for love. But figuring this out, both emotionally and physically, won't be easy for either of them. Maeve must choose between what she needs and what she wants, while Cole has a tendency to avoid decisions altogether. And the future might not wait for either.

Funny, emotional, and refreshingly honest, S.C. Megale's *This is Not a Love Scene* is for anyone who can relate to feeling different while navigating the terrifying and thrilling waters of first love.

He knows everything about their lost histories, but when answers aren't given freely, the bonded trio are forced to join a mission. One that will determine the fate of humanity.

Legend says, a baby—the first of her species—has the power to cloak and teleport planets. Tasked with retrieving the infant, Court is afraid the baby is just a myth, and if they fail, they'll never know the truth about their human origins.

As Court and Mykal grow closer, their linked bond becomes harder to hide, and dynamics change when Franny begins to fall for someone new. Vulnerable and with no choice, the hunt for the baby sends the trio on a dangerous path to Saltare-1: a water world where their enemies can't die and survival comes at a high cost.
